S. P. TELLS OF GREAT PROJECTS

Immense Sums Are to Be Spent by the Railroad in Alameda County

Large Portion of $30,000,000 to Be Devoted to Coast Improvements

SAN FRANCISCO, June 6.—With the testimony this morning before the Railroad Commission of several officials of the Southern Pacific Company the details of a mammoth scheme of improvement were revealed. Oakland, Alameda county, San Francisco and the Pacific slope are the favored sections in the expenditure of $30,000,000 on extensions, equipment and new facilities which will make the properties of the company not only more valuable to the corporation, but far more serviceable to the general public.

Paul Shoup and Guy Shoup, the latter appearing as attorney for the railroad, sat at the counsel table before Commissioner E. O. Edgerton and General Manager W. R. Scott and Assistant Auditor Ingram gave testimony.

The detailed scheme of improvement was set forth in nearly 100 typewritten pages and it was shown that $11,356,540 is to be spent in this vicinity. Of this amount the extending and installing of new electric lines in Oakland, Alameda and Berkeley are provided for with $593,010; provision is made for additional machinery at the Oakland shipyards, for the installing of a bulkhead and fill on the Oakland waterfront and for the construction of two ferryboats for San Francisco bay and a new transfer boat at Port Costa, the three vessels to cost $605,000.

DOUBLE-TRACKING PLANS.

Of improvements outside of the state of California the most important are the electrifying of the system in the Willamette valley, in Oregon, which is the suburban system radiating from Portland and for which is provided $2,501,880.

For next year's work in double-tracking the main line between Benicia and Ogden the sum of $2,134,120 is set aside, showing that the corporation intends getting ready for the heavy travel which is expected to come westward at the time of the fair and continue by reason of the Panama canal and the enormous additional population expected to settle here.

For rendering safe the frequently flooded marsh lands between Port Costa and Sacramento and for rehabilitating a line from Springfield Junction to Natron, in Oregon, $91,000 in provided.

NEW SAN FRANCISCO DEPOT.

For the erection of new stations and laying out of grounds at San Francisco, Los Angeles, Davis, Pajaro (Watsonville Junction) and Selma, there is an item of $720,780. The station here will be at Third and Townsend streets. The plans have already been drawn and much talk has been had for some time in regard to it.

The officials who testified at the hearing explained that it was proposed to put up as security for the $30,000,000 a portion of $110,000,000 in bonds now held by the Southern Pacific Company. At the conclusion of the morning hearing the commissioner requested the officers to bring some additional information, which will be furnished late this afternoon. It is not thought likely that the commission will deny the application.

The company's estimate of the total

Aviator is Accused Of Stealing Milk

Farnum Fish Arrested; Must Face Juvenile Court as Result.

LOS ANGELES, June 6.—Farnum Fish, the 17-year-old aviator, whose reputation as a flyer was established internationally when he was only 15 years old, was arrested here today on a charge of having participated with two boy companions in the theft of nine bottles of milk.

Fish, whose probation from the Los Angeles county juvenile court, as having contributed to the delinquency of a girl, was canceled as a result of his arrest today, will face trial in that tribunal on a charge of having violated his probation.

Rivers-Ritchie Match Finally Called Off

Lightweights Can Not Agree Upon Weight for July 4 Combat.

SAN FRANCISCO, June 6.—The match between Lightweight Champion Willie Ritchie and Joe Rivers of Los Angeles, who were to have fought twenty rounds on July 4, was definitely declared off today by the promoter. The men were unable to come to terms on weight. Ritchie would not do better than 134 at 10 o'clock in the morning and Rivers would not concede more than 134 two hours before the bell.

Cracksman Dynamite Safe and Get Loot

Escape With $2000 in Jewelry, but Overlook $3000 in Inner Compartment.

FRESNO, June 6.—Cracksmen early this morning dynamited the vault in the local business offices of Kutner-Goldstein's big department store and escaped with jewelry and silverware, roughly estimated to be worth $2000. An inner safe containing $3000 in gold, was untouched.

Blankets were used to muffle the sound of the explosion. The robbery was discovered when the office was opened at 7:45 o'clock this morning. The police have no clew.

FIGHT FOR PRATHER ESTATE

Legal Battle for Lost Property Begins; Mrs. Edson Adams Special Administrater

Suits to Have Deeds to Property Given Away Set Aside Are Anticipated

The legal battle that has been threatening for some time over the million-dollar Thomas Prather estate was commenced last night in the Probate Court when Edson Adams, the capitalist, secured the appointment of his wife, Elizabeth, as special administratrix of the estate. Thomas Prather had been given a life interest in the vast estate of his wife, Julia, who was a sister of Edson and John Adams. By Mrs. Prather's will the estate upon his death would go to the three daughters of Edson Adams, and while Prather in his will carried out the letter of his wife's will, Edson Adams declares that the larger part of the estate was given away by Prather during his life to relatives of his own family.

Mrs. Adams last evening also was appointed guardian of her three daughters, Elizabeth Adams, age 16, Ella Adams, age 12, and Julia Adams, age 9 years, whom by the terms of the will of Thomas Prather should inherit the entire fortune.

That Prather had, shortly before his death, deeded the greater part of the property bequeathed to him by his wife, who died in 1906, to relatives on his own side of the family, is the contention of Edson F. Adams, executor of the estate. It is said that deeds to ranch property in Siskiyou county, together with valuable improved local real estate, are held by Samuel Prather, brother of Thomas Prather. Mrs. Prather left her entire estate to her husband, with full power to do with it as he saw fit, providing in her will, however, that at his death he should leave it to the children of her brother, Edson F. Adams. Her estate was never settled in court and upon the death of her husband, former executor, Mrs. Adams has now been appointed special executor, with the result that she now has bonds valued at $75,000 and the family home in Alice street in her possession.

SEEKING PROPERTY.

As executor of the estate of Thomas Prather Edson F. Adams is seeking to obtain possession of the property in order to draw up an inventory. It was not until after the death of Prather that Adams discovered that instead of the estate being valued at $1,000,000, the greater portion of it had been deeded away, leaving but a small amount of collateral with considerable obligations.

Although members of the Prather family have not as yet set forth their contention in the matter it is believed that they will make a hard fight to hold the property bequeathed them by the will of Thomas Prather on the

Asks Discharge From Bank Receivership

James P. Edoff Appears in Court at Hearing of Petition.

James P. Edoff, who has been acting as receiver of the defunct California Bank for the last five years, appeared before Superior Judge J. B. Murphy in Department 1, Superior Court, this afternoon, in the hearing of his petition for a discharge from the receivership.

Facts pertaining to his position were set forth in documentary form to the court by Attorneys Charles E. Snook and John W. Stetson. During the receivership Edoff, to a large extent, straightened out the affairs of the institution and effected a great saving to the depositors, by his careful management and handling of the bank's assets.

70 WOUNDED IN STRIKE BATTLE

German Police Fight With Non-Strikers, Who Demand Slayer of Comrade

Ten Policemen and Sixty Civilians Treated by Surgeons After Trouble

STETTIN, Germany, June 6.—A battle between police and strikers in which seventy persons were severely wounded was fought last night in the suburb of Frauendorf as the sequel to the killing of a striker by a non-striker.

The workers in a chicory factory went on strike some time ago. Last night one of the strikers molested a man who had continued at the works and in the fight which ensued the striker was stabbed and killed. The striker's comrades later gathered in a great crowd in front of the factory and demanded that the non-striker be handed over to them. Their request was refused and they threatened to demolish the factory.

The local police were unable to cope with the situation and reinforcements were called for from Stettin. Shortly afterward a body of 300 armed policemen arrived in automobiles and a battle occurred.

POLICE CAUSE SHOOTING.

The police freely used their sabers and revolvers. The strikers replied with pistol shots, but were soon overcome by the disciplined force. They were finally dispersed, leaving many of their number wounded on the ground.

The casualties were in some cases of a severe nature. Ten policemen and about sixty civilians were treated by surgeons during the night.

The Former Undertaker Who Plunged Over Cliff Recovers From Injuries.

BERKELEY, June 6.—Ernest W. Modeen, the Oakland undertaker, who last Saturday plunged off an embankment on the Tunnel road in his automobile, in what, it is believed, was an attempt to commit suicide, left the Roosevelt Hospital shortly afternoon today. He left no word as to the next place he would stop. It is believed that he is going to be taken to the home of his fiancee, Miss Emilie Houga in Alameda.

Modeen has been at the Roosevelt hospital since the time of the accident and has shown steady improvement.

ST. LOUIS, June 6.—A special to the Post-Dispatch says the Pemiscot County Bank at Caruthersville, Mo., has closed its doors and no wis in the hands of the State bank commissioner, as the result of the discovery of an alleged shortage, which, according to John H. Cunningham, president, is at least $200,000 and may reach $250,000.

ESOLA CASE TO JURY TONIGHT

Attorney Barrett and Assistant Prosecutor Make Final Arguments

Counsel for Defense Denounces Witnesses Brought From San Quentin

SAN FRANCISCO, June 6.—Before tonight the case of Frank Esola, former detective on the bunco detail, accused of grand larceny, and of hobnobbing with a gang of confidence operators, will be in the hands of the jury. Whether or not Esola, together with Mike Gallo, Maurice DeMartini, Frank Du Bois, and dozens of other confessed criminals, preyed upon the citizens of San Francisco and the state of California for his own gain, and took his share of a sack which contained in all about $3,000, is to be determined by twelve carefully selected jurors.

The fiery and eloquent closing argument of Attorney John J. Barrett, which was continued at 10:30 this morning, was concluded shortly before noon and Assistant District Attorney James Brennan began a denunciatory address calling upon the twelve men to convict the defendant and forever put an end to grafting in the San Francisco police department. Brennan's argument lasted about two hours and the instructions of Judge Dunne are expected to last at least an additional hour. The defense furnished the court with nearly 100 pages of instructions while the prosecution was content with a few more than a score. But the jurist intimated that he would cut them short. The courtroom of department 6 was crowded. The Italian quarter had the largest representation.

SCORES WITNESSES.

Barrett, in his arguments, confined himself to the declaration that Esola had not been connected with the theft of $900 from Charles Folda, December 1, 1912, the crime upon which he is being tried. He attacked the witnesses of the prosecution calling them "jail birds" and "convicts" and men not to be believed.

"Are these, our accusers," he demanded. "Are these the men dripping with the blood of Mrs. Pinelli and other victims and suffusing this courtroom with the odor of San Quentin; are these the men, I say, who force Frank Esola, with sixteen years of creditable service in the police department of San Francisco, to maintain his good name? Suppose, gentlemen of the jury, that these men trooped into your place of business tomorrow, to tell you that your son was a felon, would you stop to argue, would you stop to weigh their statements, would you wait to sift out, or to dovetail their accusations or would you turn them out as unfit to be heard? What you do by your son you are sworn to do by that son (pointing to Esola).

SAYS CHARACTER COUNTS.

"At a recent notable investigation in Washington, J. Pierpont Morgan, one of the greatest financiers that ever lived, said among many other things, that character and not collateral are what counts. He said that it was not infrequent in the world of business that a man would come into a bank without a dollar and be given a million on the strength of his character, and that, too, it is not uncommon for a man with millions of security that could not get a dollar. Gentlemen, reflect. It is the rule of finance, the rule of business, and the

Grasshopper Horde Invades Home; Eats Lace Curtains

CHICO, Cal., June 6.—Deputy Constable O. H. Alwardt, who visited the F. M. Eaton home on the Richardson Springs plains yesterday, in search of a man who has been missing for days, is authority for the statement that grasshoppers devoured great portions of a pair of lace curtains in the Eaton home. The window had been left open during the absence of the family. Alwardt states and a horde of hoppers had descended, fairly covering the side of the house, some finding their way through the window to the curtains which they ruined. The plains near the Eaton home seem the center of the hopper pest in this section.

Clerk Kills Ticket Agent And Wounds His Assistant

PITTSBURG, Pa., June 6.—James McNair, ticket agent for the Pennsylvania railroad at the union station, was shot and killed at noon today and his chief clerk, Ralph Paully, was fatally shot by D. C. Sage, a clerk, who had failed to be protected in recent staff changes in the ticket department.

Tango by the Water Not for Mothers' Girl in Philadelphia

MISS HAZEL LAUGENOUR.

POLICE STOP HER RAGTIME SHIVERS

Order the Oakland Mermaid to Do Less Dancing; More Diving

PHILADELPHIA, June 6.—A tango by the water won't do for mother's daughter, at least not while she wears a swimming costume, in the eyes of the police of this city, whose business it is to judge any performances of such nature. That is why Miss Hazel Bess Laugenour, the Oakland girl, who swam the Golden Gate in 1911, and who has been appearing here in vaudeville, has ceased her graceful little movement with a meaning of its own before taking the plunge into the cold and wet.

"Take more to the water and less to the dance" the police implored, and Miss Laugenour promised she'd think about it. It happened this way: Miss Laugenour, who is better known to vaudeville goers by the pet name of Hazel Bess, has been doing an elaborated edition of the stunts which were first introduced into water theatricals by Annette Kellerman. These included a few steps of a dance as the svelte young Californian paused by the edge of the pool before diving into the extract of hydrant. Police Lieutenant Mills of the reserves happened into the theater to see what would occur when Hazel Bess, clad in what she wears—and what there is of it is quite unwrinkled—disported in the briny. When he saw the syncopated shiver and Gaby glide approach to the concentrated dampness he uttered a loud shreik and staggered where he stood. Followed a swift rush up the aisle, the accusation by the lieutenant that Hazel Bess' dancing was rather—well, rather a little, you know—in short, it would not do for Philadelphia, where his job is to see that everything is just so and no more.

Miss Laugenour indignantly denied that her dancing was even a little more than, even a little more—but nevertheless, the shocking shiver will no longer cause those little thrills up and down the spines of the front-row eggheads. Mother's daughter in the water will go quickly as she oughter, and there'll be no ragtime shiver that will cause the heart to quiver as she steps into the river—lacaday!

TELEGRAPH POLES ARE SNAPPED

Shasta Limited Stalled, Barns Unroofed and Orchards Uprooted

Real Twister, With Funnel Shape, Mows Down Poles for Mile and a Half

REDDING, Cal., June 6.—An intense but purely local tornado snapped off a mile and a half of telegraph poles three miles south of here last night, uprooted fruit trees, scattered hay cocks, sucked out window panes and unroofed many lightly-built barns and sheds.

The usual funnel-shaped cloud by which tornadoes are made visible was seen, but in this case was cream colored, not black, and in appearing wore the appearance of a dust storm. Such clouds of flying sand and even sizeable gravel followed the funnel that the northbound Shasta Limited which was struck by the tail of the storm had to slow down, because the engineer's cab was filled with dust and he could not see ahead.

A heavy downpour of rain succeeded the wind, yet at Redding itself there was not a drop of rain and scarcely a gust of wind. Telephone and telegraph poles line both sides of the railway track. Those on one side were mowed down and those on the other side untouched.

WAS TRUE "TWISTER."

SAN FRANCISCO, June 6.—"If the storm south of Redding last night was a true tornado," said Professor Alexander McAdie, when he was acquainted with the details, "it is the first one I have ever heard of in California.

"All storms are rotary in character and the difference between the dust whirl and the tornado as it is known in the Middle West is merely one of degree. All the so-called California tornadoes I have heretofore investigated, and they have been legion, have been shown to be merely sharp thunderstorms or dust whirls. In this case, though, that detail of the telegraph poles snapped off on one side of the railway track and untouched on the other has the sharply localized character of the true 'twister.'"

rule of right that when men like these come forward upon any proposition, they do not get a hearing. I am not asking you to acquit Esola because Gallo and De Martini are bad men. I am asking you to accept nothing that depends on the whole or in part upon Gallo. I am asking you only to accept what comes from a disinterested and absolutely reliable witness. Don't tell us that this is Denegri, the business man. Fickert says: 'How about Denegri, the business man?' If what Denegri says is between, the agent, the banker, of the bunco man. How can they make him out an honest man? He says he took money from Gallo to give to Esola. He went, he says, to Esola to get better terms for the bunco men. Have we any witness here with a fact bearing on the Folda case, that is not reeking with the filth of San Quentin trailed through this courtroom? If so, the district attorney has a right to make his claim. He says are honest men. They say they saw Esola at 544 Broadway. Where is a policeman to go if not where criminals are?

JUDGES DID WORSE THAN ESOLA.

"They call attention to the character of the place, 544 Broadway. Do you remember Sanguinetti's before the fire where the lawyers, doctors and judges congregated? You had to enter into the spirit of the place. I have seen judges do worse than Esola is accused of doing. They say Esola slapped Gallo on the head. That is a lie. It smells of San Quentin. Those men are coming over here, leaving behind their stripes to try to add one more victim to all the rest. The great Pinkerton detective agency made its reputation by mingling with criminals and having a stool pigeon among them. It is the highest and best and only effective way of capturing them. Supposing Esola had not gone to 544 Broadway. Can you imagine what my eloquent and vehement friend, Mr. Brennan would say in his closing argument: '544 Broadway was the rendezvous of the bunco men, and Esola did not go there.' What would we have been able to say to that charge?"

'EMPLOYES' AID' PICNIC PLANNED

Organization Elects Officers and Arranges for Sunday Outing.

The Employes' Mutual Aid Society of the Jackson Furniture company held a meeting at the store and elected the following officers for the ensuing year: President, D. W. Ramsell; vice-president, H. Reynolds; treasurer, Mr. Thompson; secretary, Miss Bieleck.

At the close of the meeting an entertainment committee was appointed to arrange for the yearly picnic to take place next Sunday at Lake Chabot. About 75 of the employes have signified their intention of attending. The entire party will be taken in the Jackson automobiles and auto trucks with plenty of lunch for all.

This order has been in existence for five years and is in a prosperous condition, showing a substantial balance in the treasury fully able to meet all benefits given to members in distress. Practically every employe belongs of his own free will realizing the necessity of such an association.

GOODBYE LUNCHEON FOR DEPARTING BOOSTERS

TRAVELERS ARE GIVEN TOASTS

Members of Party to Leave Tomorrow at Farewell Spread.

LESLIE RICE, Captain of Marching Squad.

A symphony in blue and white was today's luncheon at the Hotel Oakland at which the two-score members of the marching squad of Oakland Club delegates to the Portland rose festival bade a temporary farewell to their home city, from which they will depart for the north tomorrow morning.

The men made a fine appearance in their marching suits, and surely never perfectly tailored jackets and trousers of lustrous white serge, white straw hats, white kid belts, white linen canvas shoes and summery looking shirts of snowy, spotless lawn contrasted harmoniously with the cravats, hatbands and socks of turquoise blue silk, united to complete a costume as unique as it was tasteful and appropriate. The Oakland marching men will certainly loom up largely in the great Portland parade.

DRINK TOASTS.

the guests to the good things set before them, and many were the toasts drunk to the health and safety of the prospective voyagers. A well selected musical program by a fine orchestra added to the pleasure of the hour. The drill—or might it be called dress-rehearsal?—of the marching squad in the entrance courtyard of the hotel was witnessed by a crowd of sympatizers, who cheered their friends in the ranks and made free comments on the fine feathers first displayed in the noonday light.

The Commercial Club has ordered 100,000 whirlers in addition to the large number already called for, and they will be sown broadcast all along the route of the northern trip. The design represents the city of Oakland as the hub of an automobile wheel, the spokes of which bear the names of all the principal Pacific Coast cities. On the reverse are copious statistics, demonstrating the natural wealth and industrial and commercial resources of the east bay shore communities.

SHOWS PARADE.

An interesting and most delicate piece of luggage to be carried north by the excursionists is a moving picture film prepared at the expense of the club and representing the recent Knights Templar parade in the streets of Oakland and the "lot party," in the act of clearing and reclaiming one of the city's few vacant downtown lots.

Mayors of cities and heads of commercial bodies in the north are telegraphing invitations without number to the Oakland Commercial Club asking its delegates and other Oakland visitors to pass an hour or so, if no longer time, at their home places, and assuring them of boundless hospitality and a cordial welcome.

INVITATIONS MANY.

Among the messages received early this morning were the following:

Eugene, Oregon, June 5, 1913.

Please wire our expense, time arrival here, also approximate number ladies and men on train. We are looking forward with pleasure to your visit. Our only regret is your stay will be so short; we are glad you are coming. Will do our best to make your visit pleasant.

WANTED IN VANCOUVER.

Vancouver, June 5, 1913.

On behalf of the Board of Trade of Vancouver I extend you a hearty invitation to visit our city on your itinerary of the North.

(Signed) W. A. BLAIR,
Secretary Board of Trade.

The Public School Boys' Band of 25 pieces made a fine showing at the midday drill of the marching squad in their natty uniforms, and called forth much favorable comment for their admirable rendering of the march music and other numbers on a delightful impromptu concert program. Leslie Rice is captain of the Royal Oaks marching squad.

The balustrade of the observation car on the "Royal Oaks" special train is to be concealed by a handsome drapery of ultramarine blue broadcloth bearing the inscription "Oakland Commercial Club Visiting Portland Rose Festival," embroidered upon it in artistic letters of ivory white silk.

Chico Preparing Big Welcome for Oaks

CHICO, June 6. — Merchants and commercial men are making elaborate preparations for the entertainment of the Oakland boosters and business men who will stop off here for a few hours tomorrow afternoon on their way to the Portland rose carnival.

The local merchants have secured the names and businesses of the visitors and they will be paired off with representatives of similar lines.

A hundred automobiles have been secured and the guests will be taken over the suburbs and through the famous Bidwell park. If there is time an impromptu banquet will be arranged.

The women of the city are preparing bouquets of carnations and roses to present to the Oaklanders.

Oakland Tribune to Issue Miniature Daily

A miniature edition of THE OAKLAND TRIBUNE will be issued daily on the special train of the Royal Oaks on their trip to Portland. The little paper is to be issued on a mimeograph, the headlines and such being first printed on the sheets. It will contain news of the trip, instructions for different activities, and from among the members of the party. Besides news of the trip it will also endeavor to give the important news of Oakland.

A "josh column" and cartoons by Frank Agar will be features of the paper. H. L. Dungan, as managing editor, will direct the booster staff, and supervise the printing of the journal. The staff will include K. A. Millican, society editor; L. Richardson, poet laureat; Kid Aber, sporting editor; M. M. Barnet, police and general crime reporter; water front editor, Leslie F. Rice; special writer, George T. Crompton and John Wilbur, superintendent of mechanical department.

Frank H. Agar will head the art department, and Fred F. Reed the advertising department. A number of "josh ads" will be published daily.

A miniature city government will be organized aboard the train. The officers have not yet been chosen, with the exception of a preliminary committee to plan the feature, which, it is expected, will create considerable fun on board the train. Kenneth A. Millican and Louis Aber have been delegated to plat the government, and have also been named as the vice commission, to see that no ragging takes place in the dancing car.

This car will be one of the big features of the trip. Seats have been removed from one of the cars, which will be used as a dance hall by the Royal Oaks ane their friends. The band, which accompanies the trip, will furnish music for these affairs.

capital requirements for 1913 is $48,000,000. Of this amount eighteen millions is to be provided out of a surplus and $30,000,000 from the proposed issue of notes.

Paul Shoup, president of the Pacific Electric, the Southern Pacific interurban system radiating from Los Angeles, in presenting the statement, told the commissioners the Southern Pacific had seen no need of segregating expenditures because of any underlying ownerships.

This statement was taken to mean that the company will go ahead with its contemplated improvements on the Central Pacific, which it holds by lease, without fear of loss by any plan of dissolution to be effected between the Union Pacific and the Southern Pacific. The commissioners made no comment.

IMPROVEMENTS AT CHICO.

CHICO, June 6.—W. A. Whitney, division superintendent of the Southern Pacific Company; W. H. Kirkbride, division engineer, and other officers of the company arrived in Chico yesterday, armed with blueprints showing a new system of sidetracks and yards and other improvements that indicate that the company will spend many thousands of dollars in work here during the coming summer. The officials were last night in conference with the city trustees, discussing plans that will be mutually agreeable.

SPERRY DIVORCE CASE AWAITS ITS PLAINTIFF

SAN FRANCISCO, June 6. — It is a question with their counsel whether Mrs. Horace B. Sperry will begin divorce action against her husband or whether he will be allowed to get the divorce. Sperry is the son of Mrs. Austin Sperry of 2100 Pacific avenue, and his wife was Katherine Mitchler of Oakland. The couple separated four months ago on their return from Honolulu. Mrs. Sperry resides with her mother, Mrs. D. E. Martin, 1515 Harrison street, Oakland, and is ten years her husband's junior.

FIGHT ON FOR PRATHER ESTATE

Probate Court Names Mrs. Edson Adams Special Administrator.

(Continued From Page 1.)

grounds that his wife's will left the property with him to handle as he chose during his lifetime.

Following a consultation with his attorneys, Charles E. Snook and Sam Bell McKee yesterday afternoon, Edson F. Adams, accompanied by his wife and three daughters, appeared at the courthouse shortly before 5 o'clock. Papers in the case were made out and filed and after a hearing which lasted until 6 o'clock, Superior Judge Ogden granted special letters of administration to Mrs. Adams in the estate of her sister-in-law.

WANT ESTATE CONSERVED.

"It is for the purpose of conserving this estate against outside interests that we ask for this appointment," said Attorney Snook. "Attempts were made before the death of Prather to transfer portions of the estate."

As administratrix, Mrs. Adams furnished a bond for $151,500 and as guardian for her three daughters she furnished an additional bond of $90,000.

Through his attorneys Adams will likely attempt to prove that Prather held but a life interest and that the estate should revert to his daughters.

The proceedings last evening were carried out with a dispatch which indicated that the parties to the action are preparing for a hard fight in the courts.

WILL IS FILED.

Julia P. A. Prather died April 11, 1906, and on the following June 28, the will was filed for probate. The document was brief and in the handwriting of the testatrix. It was dated September 26, 1904, and was in full as follows:

"I, Julia P. A. Prather, hereby make my last will. I give all the property of which I die possessed to my husband, Thomas Prather, and appoint him my executor to serve without bonds. I give him power to sell any or all of my real estate and personal property without an order from the court. Upon the death of my husband, the said Thomas Prather, one-half of the unexpended portion of my estate bequeathed to my husband to be given to my niece, Julia Adams, daughter of my brother, Edson F. Adams, the other one-half to be given to the surviving daughters of my brother, Edson F. Adams in equal shares. I revoke all or any wills heretofore made by me. I declare this will is entirely written and dated and signed by my hand.

(Signed) "JULIA P. A. PRATHER."

In the brief will of Thomas Prather, he carried out the instructions of his wife, providing that the property of which he died possessed should go to the Adams children. He nominated Edson F. Adams executor and for the last two months Adams has been endeavoring to compile an inventory. His search resulted in the discovery of transfers made by Prather before his death in which his own relatives benefited.

That the next step in the matter will be a suit filed by Mrs. Adams as guardian of her three children to have set aside these deeds is the probable result of the proceedings yesterday. The case will then hinge upon a decision of the courts as to the purport of the will of Julia P. A. Prather and to just what constituted the "unexpended portion" of her estate.

STATESMEN ENJOY SPELLING MATCH

Representative Frank Wills of Ohio Wins Event at Washington.

WASHINGTON, June 6.—An old-fashioned spelling match between press representatives and statesmen was won at the National Press Club by Representative Frank Willis of Ohio after fifteen Washington correspondents had been "spelled down." President Wilson and Secretary Bryan joined in the merriment.

"Alien" was the first word shot at Congressman Kahn. He spelled this, also "Ineligible." "Epicene" got him. Secretary of Agriculture Huston was "pronouncer."

Willis and Poindexter finally remained. "Hydrocephalous" was given. Poindexter fell.

The occasion was the annual ladies' night of the Press club.

JEWELERS BUNCOED.

SAN FRANCISCO, June 6.—Albert street, was victimized by a clever pair who entered his place yesterday afternoon. The couple asked to look at a wedding ring and after they had left Samuels missed a lady's opal ring containing sixteen diamonds.

WIFE OF AUTO VICTIM SEEKS DAMAGES IN COURT

SAN FRANCISCO, June 6.—Maurice Rosenthal, Joseph Rosenthal and Louis H. Mayer are defendants in an action for damages being tried today by Superior Judge Sturtdevant. The complainant is Mrs. A. Bayer, wife of Anthony Bayer who was killed about a year ago at Sutter and Pierce streets, in an automobile accident. A son, Thomas Bayer, formerly in the U. S. navy, and author of the "The American Battleship and the Life in the Navy," is looking out for his mother's interests.

ALLEGES ABANDONMENT IN SUIT FOR DIVORCE

Aurora H. Craig has filed suit for divorce against Ralph G. Craig alleging that he disregarded his marriage vows to the extent that he abandoned her and their 4-year-old daughter a year ago. The couple were married in Los Angeles in June, 1907.

Emily E. Esterberg also wants a divorce from Gustave E. Esterberg, claiming that he has failed to provide the necessities of life for her during the last year. They were married in San Rafael in April, 1909.

RESIGNATION OF PASTOR DEMANDED

Dr. Kelly Called From Girl's Home at Midnight by Deacons.

SAN JOSE, June 6.—Dr. Claude Kelly pastor of the First Baptist church of this city, who has been the center of scandal for several weeks, has been ordered to resign. It is understood his resignation will be read at the services next Sunday morning by C. W. Brinstead of Berkeley, secretary of the State Board of Baptist Missions.

The most recent developments in the Kelly scandal link his name with a young member of his congregation. Concerning this gossip he has nothing to say. The girl and her mother both admit that Dr. Kelly has been a frequent visitor at their home, from which he was called by the deacons at 12 o'clock at night to offer an explanation of his personal conduct.

The subsequent meeting lasted until 3 o'clock yesterday morning. Dr. Kelly's resignation was peremptorily demanded.

The deacons who attended the meeting took an oath of secrecy concerning all that transpired at the conference.

The scaldanl has threatened to split the largest Baptist congregation in California.

JOHNSON APPOINTS COMMISSION MEMBERS

SACRAMENTO, June 6.—Governor Johnson yesterday afternoon completed the Gettysburg celebration commission by naming Dr. W. W. Russell of Marysville, former past commander of the G. A. R. for the Department of California and Nevada, and S. G. Beach of Placerville. Dr. Russell and Beach will serve with George W. Ficks of Sacramento. The commission will direct the $15,000 appropriation of the state.

FAMILY POISONED.

CHICO, June 6.—Every member of the family of Charles Cooke is seriously ill from ptomaine poisoning and the mother and one child may not recover as a result of eating freely yesterday of canned salmon.

Special Chair for the Former Excutive W. H. Taft

NEW HAVEN, Conn., June 6.—Former President Taft, appointed recently as Kent professor of law at Yale, has received further distinction by the Yale Baseball Association's action in awarding to him a special baseball chair. It is in the grandstand, directly back of the home plate.

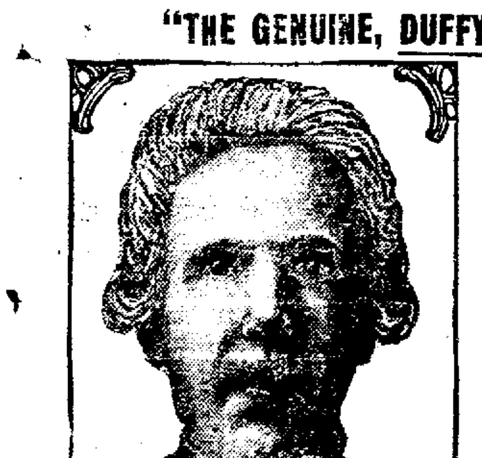
It was found that none of the ordinary seats were of proportions ample for the distinguished new member of Yale's faculty. The baseball authorities thereupon tore out part of the first row of the big stand and made one large seat where two were before. A reinforced wire screen was put up in front to turn aside foul tips. Professor Taft has accepted his new chair and expects to occupy it when Yale plays Harvard in the commencement game.

EDITOR A. SCOTT SENT TO PRISON

Found Guilty of Inciting Hostility Against Government in Weekly Issue.

PATERSON, N. J., June 6. — Alexander Scott, editor of the Weekly Issue, a paper that has been supporting the cause of the silk mill strikers, was sentenced today to serve an indeterminate prison term of not less than a year nor more than 15 years and to pay a fine of $250 for "inciting hostility against the government." Scott announced that he would appeal and arrangements were made for his release on bail.

Sentencing of the 38 men and women convicted yesterday of unlawful assemblage was deferred today. It is probable that they will not be sentenced until toward the end of the present term of court.



"Refused Substitute"

"THE GENUINE, DUFFY'S, A BLESSING"

Miss Margaret Stroud, 67 years old.

Miss M. Stroud, 67 years old, refused to be fooled by substitutor. She knew the value of Duffy's from personal experience as well as having it highly recommended by her family physician.

"A short time ago I went into a store and asked for Duffy's Pure Malt Whiskey. The clerk did his utmost to sell me another malt whiskey which he represented was better or at least 'just as good' as Duffy's. I became very angry for I knew his reason of trying to sell me a substitute for an article that was so well known and popular, and used and recommended by physicians and hospitals all over the world.

"This store is one like some others that sell a well advertised and popular article at cost, and sometimes less than cost, using it as a bait. Then they try to sell the customer their own unknown article at the same price as the well advertised article. But on their substitute they are making an extra profit, and often when it is an article of food or drink, this extra profit is made at the expense of the customer's health.

"I am now over 67 years old and for many years I have used

Duffy's Pure Malt Whiskey

I was advised by my family doctor to take it three times a day before meals as I had a hacking cough. After ten days I noticed that my appetite increased wonderfully and it also helped my digestion, and I have not been troubled with a cough or indigestion since.

"My doctor says Duffy's Pure Malt Whiskey is a pure, unadulterated and excellent remedy. He says that taken as a medicine and as directed by a physician it is a blessing to mankind." Margaret Stroud, 1942 E. Allegheny Avenue, Philadelphia, Pa.

Be sure to get DUFFY'S—It's Reliable.

Write our doctors for advice. They will give it absolutely free and in confidence. You will also receive a valuable medical booklet. Sold in SEALED BOTTLES ONLY by most druggists, grocers and dealers, at $1.00 a bottle."

STEAMER BEARS U. S. REFUGEES

200 Americans on Red Cross Steamer Due at Vera Cruz Today.

WASHINGTON, June 6. — The steamer Mexicano, chartered by the American Red Cross, is due at Vera Cruz, Mexico, today, and will leave for Galveston in a day or two with about 200 American refugees. These Americans were made destitute by enforced idleness due to the suspension of business by the disorder in Mexico.

100 REBELS KILLED.

LAREDO, Tex., June 6.—According to a courier who arrived here from Monterey, one hundred rebels and twenty federals were killed in a battle between the army of General Tellez and revolutionists under Jesus Carranza at Candela, Mexico, Tuesday. A large number on both sides were wounded.

According to the courier the revolutionists were routed and fled in disorder pursued by government troops. Candela is about 15 miles northwest of Monterey in the state of Coahuila and near Monclova, said to be a rebel stronghold.

The forces of General Tellez, said to number about 2000 men, are engaged in repairing the line of the National railway from Monterey to Baredos, disposing of revolutionary bands as they proceed. A number of these troops are Indians from southern Mexico.

The courier reported General Tellez within 50 miles of the border yesterday. Four frame buildings at Colombia, Mexico, owned by Sheriff Sanchez, of Webb county, Texas, were burned yesterday by rebels.

CRUISER ARRIVES.

SAN DIEGO, June 6.—En route to Guaymas, Mexico, on a rush trip to relieve the cruiser California on patrol duty, the cruiser Pittsburg arrived here from Bremerton yesterday, and after taking on supplies sailed for the Mexican port. Captain W. Gillmer, recently transferred from the cruiser Colorado is in command.

Admiral Walter C. Cowles, in charge of the Pacific fleet, will transfer his flag from the California to the Pittsburg when it arrives at Guaymas. The California will come here for target practice in ten days.

FUNERAL HELD FOR LODGE MAN

Pioneer Odd Fellow Is Laid to Rest With Impressive Ritual.

With the impressive Odd Fellows ritual, the body of W. T. Noyes, one of the pioneers of East Oakland, who died this week at Highland, San Bernardino county, was laid in its final resting place at Mountain iew cemetery —today. The ceremonies were under the auspices of Orion Lodge No. 189 to which, for years, the deceased had belonged.

Noyes was formerly a merchant in Oakland. He left this city for the south, where he made his home, some 32 years ago, however retaining his membership in the Oakland lodge, which he visited occasionally. He was at the time he left Oakland one of the leading men in the city's fraternal life.

Noyes, who is survived by a widow, son, and daughter, died following a stroke of paralysis, superinduced by age. He was, in Oakland, a member of the firm of Noyes and Walker. The remains were buried in the Odd Fellows plot in the cemetery.

Several years ago the pioneer lodgeman was presented with a gold badge by members of the Oakland branch of the order. This was done on the occasion of a visit to Oakland by the pioneer.

SNEAK THEFTS REPORTED.

SAN FRANCISCO, June 6.—While Miss Kate Kiefe, of 3323 Twenty-third street, was absent from her home for an hour this morning, a sneak thief stole valuables to the amount of $95. Alfred Laedrick, of 120 Pierce street, reports the burglary of his apartments and the theft of jewelry and coin to the amount of $110.

NEW CLAIMANT SEEKS ESTATE

Distribution Proceedings of W. Church Fortune Stopped Pending Arrival.

With the discovery of a new claimant to the estate of William Church who died here in 1907, Superior Judge Ogden has stopped proceedings in the distributing pending the arrival of witnesses from Australia. Harry Church, a wai[illegible] a hotel at Stoke-on-Trent, Eng[illegible] claim to the estate purporting [illegible] son of Stephen Church, a brot[illegible] deceased.

Stephen Church of Melbourne, Australia, claims to be a son of William Church's sister and through his attorney, G. K. Ford, he caused the matter to be delayed until the arrival of his witnesses.

In respect to the claims of Harry Church, Attorney Ford told the court that they could not be valid for the reason that "Stephen Church had died 16 years before the young man was born," according to information he had received from England.

William Church wandered about the world finally settling in Oakland. He was married and divorced. Upon his death he left no will and the estate was taken in charge by the public administrator. Search for heirs failed to bring results and when the estate was about to be turned over to the state, Attorney Darwin De Golia presented the claims of Harry Church of England. Later investigation brought out the discovery of Stephen Church in Australia and now the two will have to settle their contentions in court.

GREEN CATERPILLAR PLAGUE DENUDING OAKS

SAN JOSE, June 6.—Millions of small, green caterpillars, from the eggs of the oak moth are denuding the live oaks in this section. Normally another brood will appear near August and many property owners who have oaks on their grounds are vigorously spraying them with arsenic of lead.

In Alum Rock Park the park commissioners have a number of men sweeping up and burning the worms and cocoons and spraying the oaks with arsenic.

The purpose of the organization is to bring the young people together and to revive the old Irish folk dances.

DENIES DISPARAGING SEA-WORTHINESS OF KARLUK

VANCOUVER, B. C., June 6.—Captain Robert Bartlett, sailing master of the Stefansson Arctic expedition boat Karluk indignantly denied today statements attributed to him some days ago as to the seaworthiness of the Karluk. He declared he had not expressed himself in any way as to the suitability of the "old whaler" for the work before her. "Of course she cannot be compared to the Roosevelt or the Fram," he said, "but she is a good staunch craft."

DEALERS ASK REOPENING OF TOBACCO TRUST SUIT

NEW YORK, June 6.—Sixteen hundred independent tobacco dealers in New York and New Jersey have requested Attorney General McReynolds to re-open the dissolution suit against the American Tobacco Company, according to announcement today by Henry H. Hunter, their counsel. Mr. Hunter added that the local independents had the support and co-operation of independent organizations in Boston, Cleveland, Chicago, Minneapolis, Salt Lake City, Butte, San Francisco, Los Angeles and New Orleans.

FIND DRIFTING TRAILER OF POLICE DEPARTMENT

SAN FRANCISCO, June 6—Near the Yerba Buena island shore this morning a small trailer was seen floating in the bay and rescued and towed to the landing In it was discovered a life preserver marked "Police department " An immediate communication was sent to the Harbor police but the local patrol boat has not lost a preserver nor a trailer Captain Bernard McManus is convinced that the relic has floated a considerable distance to reach this port. It may have come from Seattle or Portland and perhaps even from Hongkong.

SECOND INDIAN MUTINY PLOT IS UNCOVERED

CALCUTTA, June 6—A society organized for the purpose of waging war on British rule in India has been discovered with widespread ramifications. Acting on information laid before him, which resulted in the search of the house of his son by the deputy magistrate of Midnapur, Bengal, the police arrested 44 Bengalis of good families on the charge of conspiring to carry out a wholesale massacre.

Documents which were found in the house contained proposals for corrupting the Sepoys in the military centers, plans for wholesale massacres, instead of isolated murder as at present, and also a list of the names of the members of the society

The police searched other houses and found an abundance of evidence to show the widespread nature of the plot

SAN LEANDRO COURT OF HONOR ENTERTAINS

SAN LEANDRO June 6—Court of Honor No 784 entertained sixty-three visitors from the San Francisco lodge last night. A musical program was provided and the guests were treated to a cherry feast Mrs E C Hambly and Miss George had charge of the affair which was greatly enjoyed by the company.

TAXPAYERS' COLUMN

All Communications to the Editor of THE TRIBUNE must bear the signature and address of the writer.

EDITOR TRIBUNE I read in THE TRIBUNE an interesting dispatch from New York concerning Mayor Gaynor's denunciation of the "end-seat hogs" in street cars asking the aldermen to provide a remedy by law.

A similar ordinance in San Francisco and Oakland might have a beneficial effect on the hogs that stop in the passageway of the ferry boats as soon as they get their carcuses aboard, with utter disregard of those following them Some do it from an absence of all sense of fair play or any desire to give the other fellow an equal show, but watching this class for a while one is forced to believe that some do it with the object of jostling the women as they force their way along A suspension of the criminal code in regard to assault and battery might help, or putting a guard on the upper deck with an 18-gauge shot gun loaded with rock salt might scatter them some

EDITOR TRIBUNE I am in receipt of a number of frantic letters from the Anti-Japanese League protesting because I happen to have a Japanese laundryman, urging me to heed the cry of the white man's distress I don't know whether this league is financed by the white man's laundry or not, but for a certainty the Japanese boy does good work, always bringing back the same pieces he took away, instead a [illegible]

The league says the whites cannot compete because of the low Oriental standard of living I do not wish to appear unsympathetic of the cry of distress and so would offer the suggestion that instead of spending the money advocating a boycott, the league should urge a uniform minimum wage scale requiring employers of Oriental labor to pay not less than a fixed minimum scale, based upon the requirements of standard white labor and the ability of industry to pay Society is not concerned with how the laborer spends his wages, the complaint is that orientals, because of their lower standards of living are enabled to underbid the white competition If industries are required to pay Japanese and Chinese the same as whites it seems to me it would dispose of the question of the relative standards of living Under this system the most efficient service would be retained, regardless of nationality and white people could not complain if they lacked in efficiency in comparison with others It would seem that the superior western standard so boastfully upheld would always make the white worker to acquire greater efficiency, eliminating inferior competition or else compel the oriental to westernize his standard thereby overcoming the whole objection to the oriental population.

Yours very truly,

EDITOR TRIBUNE Mr Morrell's story told in behalf of Jacob Oppenheimer gives one of many miracles that God has proven to man, that he is ever ready to receive any message that comes with a whole soul and truth Yes as I read it I filled up Every bit of my true self spoke to me and told me of the masses of people that would reach out to help him, why because he has proven to man the powerful animal side and how his soul is not lost in the fog, and praying to be released and oh I know that every reader of THE TRIBUNE Thursday evening must have studied the article In would be a crime to take a life the great example to humanity Mr Morrell has proved a great guardian angel of Jacob Oppenheimer His mission has been a great one, to think of what a blessing has been bestowed upon him so even behind the great and dark walls of San Quentin how much light can enter In life as we live we are all born but not dead yet. Do not judge Listen and think—a short prayer will help us—God bless Mr Morrell—and his messenger—

ITCHING ON HANDS, ARMS AND LEGS

Whole Body on Fire. Little White Blisters. Scratched and Formed Sore. Cuticura Soap and Ointment Cured in Less Than 10 Days.

1706 O'Farrell St., San Francisco, Cal.—"The itching I had started with an itching on my hands, arms and legs. In fact it seems my whole body was on fire. It began between my fingers with little white blisters which I scratched and they formed into a very few sores which itched terribly. I used to get relief by squeezing the little pimples out whenever they itched, and for the time being it gave me comfort, then they would start itching again. I kept on squeezing, which of course took the scab off each time, and then the sores got bigger and bigger till I had no rest at all. My body was like a spotted leopard covered with sores of all sizes. I was covered with small sores as big as one's little finger nail. I had them on the top of my head and they itched so as to keep me from putting a comb on it. All I used was a soft brush. Water used to make it burn and it didn't feel very pleasant to use it. Doing my regular work bothered me, as I have to use my hands constantly. I had to leave my work twice a week on account of it.

"I tried all patent and advertised remedies which did me no good. I don't know what a good night's sleep was for over four months until I took to the Cuticura Soap and Ointment. In less than ten days I was cured and have been in good health since." (Signed) L. Grossman, May 14, 1912.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." [illegible] Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

NAVAL DOCK PLANS DISCUSSED AT CAPITAL

WASHINGTON, June 6—Representative Kahn and Edgar Painter yesterday conferred with Rear-Admiral Sanford, chief of the navy bureau of yards and docks, on a plan for San Francisco to get a navy yard dock in place of the one that collapsed at Pearl Harbor recently

While Admiral Sanford cannot express an official opinion on the plan, it may be stated that he strongly favors San Francisco as the location for a new dock.

Secretary Daniels today said he intends to thoroughly investigate the desirability of building a dry dock at San Francisco, when he visits the Pacific Coast in July. He will be in San Francisco about July 20, he said When he gets there he wants the commercial organizations to have all data about the harbor ready for him

We have been able to please large numbers of people and have attracted trade from considerable distance. The constant increase of business has forced an increase of stock. At the present time we have thousands of dollars worth of surplus stock that must be sold before we commence to remodel our Ninth street store for our extensive Juvenile Department.

CHARTER FUND GROWS FAVORABLY

Many Solicitations May Cause Time of Campaign to Be Prolonged.

Returns received by the Tax Association from various parts of the county during the past two or three days are very favorable and make a very good showing regarding the sale of the one dollar charter fund certificates during the campaign for the raising of the $50,000 charter investigation fund which has been in progress throughout the county since May 26. It was originally planned to close the campaign tomorrow night, but many solicitations have been made for its extension, which will in all probability be done

WINS PRIZE FOR BEST COMPOSITION

K. M. Henry Awarded Money by Alameda County Fair Association.

Kenneth M Henry, eighteen years old and a student of the Union high school, Livermore, was awarded the first prize of $5 for the best composition, by the Alameda County Fair Association, through its committee on competitive compositions.

The subject of the prize winning composition, "Why Manufacturers of farm machinery and other articles should exhibit at county fairs." Extracts from the paper are as follows:

"The County Fair, although not so common as in former years, is a most excellent place to advertise Here the city man and the country man meet. The stockbuyer comes to see what the country man is producing The farmer comes to see what new implements are being

of curiosity or looking for some new business venture. To sum it up in a few words, all classes of people are found at a County Fair

"Here is the chance for the manufacturer The farmer, providing of course he is progressive, is looking for a machine that will lessen his expenses and thus increase his profit. Perhaps he is in need of a new machine or has heard of some new appliance But a man likes to more than hear of an article before he purchases a piece of machinery. Then, isn't this the manufacturer's chance? Here on one side is the farmer anxious to buy a new machine and yet afraid to buy until he has seen. Here it is before his eyes and an able man to demonstrate its good points as well.

SEEING IS BELIEVING.

This all comes to one head. The county or district fair is the best place to advertise because it brings the article before all classes of people and consequently before the right class. They can actually see what they are being told about a machine and with many of our people, "seeing is believing."

In series "B" a prize will be awarded by the Alameda County Fair Association, for the best article on each of the following subjects

1. Why the dairy interest in the Fourth Agricultural District can be improved by holding milking contests and other demonstrating at the District Fair.
2. The fruit, wine and walnut industries of the Fourth Agricultural District.
3. The advantages of manual training in public schools and why a demonstration should be made at the fair
4. Domestic Science in the public schools and why demonstrations should be made at the fair.

The best composition will be awarded $5.00, the next best $2.50, third best $1.00, fourth best 50 cents

COMPETITION RULES.

Compositions are not to be less than 500, or more than 1000 words in length and the competition is open to all the school children in Alameda Contra Costa, Santa Clara and San Mateo counties. Only one side of the paper must be written on, each page should be numbered. Accompanying the composition, but on a separate sheet of paper, the name, age and address of the writer, and the name and location of the school which he or she is attending must be plainly written.

Rules as published heretofore will apply to all compositions written on the above subjects All compositions must be mailed to E E Hall, president of the Alameda County Fair Association, Pleasanton, not later than June 28, to be published during the month of July

"NAKED TRUTH" MEMORIAL IS FINALLY ACCEPTED

ST. LOUIS, June 6—The "naked truth," the design of Professor Wilhelm Wandschneider of Berlin, Germany, was finally and decisively accepted last night by the board of directors of Prestorios-Schurz-Daenzer Memorial association as the design for the monument to be erected to the three well known German-American editors.

The design was originally accepted by the committee but refused by the board of directors after Adolph Busch, the heaviest contributor to the $30,000 fund, objected to the design

COIN COUNTERFEITER GIVEN FIVE YEARS

SAN FRANCISCO, June 6 — H. L. Sorenson, who pleaded guilty to having counterfeit coin in his possession, was sentenced by United States Judge Morrow to five years in San Quentin penitentiary today and to pay a fine of $1000. Sorenson was caught with a plaster of paris moulds for 50-cent pieces in his rendezvous in this city He had previously served two terms in state penitentiaries, which accounted for the severity of his sentence.

BURGLARS GET CASH.

SAN FRANCISCO, June 6.—With a jimmy successfully used on the front door, burglars broke into the saloon of J. Vallero, 101 Front street, this morning, and took $18.60 from the cash register.

PATROL SERVICE NOT SUSPICIOUS

Superintendent Defends Character of Employes Placed in Piedmont.

C. E. Hitchcock, superintendent of the Hitchcock Patrol and Signal Service, has addressed the following circular letter to the people of Piedmont.

"To the Residents of Piedmont: I beg to inform you that the patrolmen employed by me for service in your city are not "suspicious characters" as has been intimated by certain very interested parties. They are American citizens and tax payers, and have been highly recommended to me by many prominent citizens They are sober, honest and industrious, and are uniformed with olive drab uniform and cap and are under bonds. They have full power to arrest inside your city and in any part of the county. They enjoy the respect of all residents on the beats which they have patroled. Many of my friends in the city of Piedmont have asked me to place a man in your city to watch their homes, as we are doing elsewhere, and after due consideration I put on two men, and I am establishing complete telephonne, signal and automobile service to give those who desire it, the best possible protection. We wish to have the respect of those who do not wish to engage our services, as they must admit that everyone has the right to work so long as he does not infringe on the rights of others and must further admit that those who desire our services have the right to engage them in this free country After twenty years as a special officer in Oakland, I know what is expected of me

"As regards interfering with your several police officers, we wish to work in harmony with them as we have done elsewhere with the common object in view of suppressing crime. We should be welcomed instead of unfairly criticized.

"I beg to state that in all cities and towns of any consequence in the United States and other countries, there are special patrolmen paid by residents, and they have made more than their share of important arrests. Many of these special patrolmen inhabit "silent cities" as testimony of the fact that they gave up all the had to protect the lives and property of their subscribers.

"Yours very respectfully,
"C E. HITCHCOCK."

FLIES CARRY GERMS OF DISEASE FROM FOWLS

ST LOUIS, June 6—A warning against the fly as the most common cause of infantile paralysis was given by Dr E W Saunders of St. Louis in an address before the Missouri Medical Association today. Doctor Saunders traced a connection between infantile paralysis and the raising of poultry. He gave that as an explanation why the disease is more prevalent in country and suburban districts than in the crowded part of a city.

While experiments were not complete, he said, yet he was confident that complete tests would demonstrate a connection between "limber neck" in fowls and infantile paralysis in children.

His theory is that flies carry the germs of infantile paralysis from the dead fowls to food The contaminated food then is eated by children and infantile paralysis results.

Doctor Saunders condemned the legal protection of the buzzards, which, he said, transmits infectious diseases to live stock.

PIEDMONT TRUSTEES DISCUSS LIGHTING PLAN

PIEDMONT, June 6.—The Piedmont Board of Trustees met yesterday evening in the town hall. Chairman Hugh Craig spoke of the benefits which could be derived from installing an independent lighting system throughout Piedmont. It is believed that this will do away with the difficulties experienced by the taxpayers due to the present irregularity of the lighting system.

Several matters of minor importance pertaining to street work was postponed until the next meeting.

DUNKARDS DECIDE TO USE NO MORE TOBACCO

WARSAW, Ind., June 6.—The annual conference of the Dunkards, in session here today, decided that members of the church must refrain from use of tobacco in any form.

A proposed change in the mode of dress for men and women of the sect was defeated and a movement to place county fairs on the "forbidden"

Seattle, Wash., was selected as the place for holding the 1914 conference.

Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will [illegible] to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes 50c and $1 00

You can buy Rexall "93" Hair Tonic in this community only at

LOSES HAIR, BUT WINS HIS NEW HAT

Dr. Harvey W. Wiley Proves Pet Theory by Own Baby's Prowess.

WASHINGTON, June 6.—Dr Harvey W. Wiley, former chief chemist of the Department of Agriculture and "pure food champion" is minus a handful of hair as the result of a wager made with a friend at the Cosmos Club. It developed today that Dr Wiley to prove his theory that a proper diet was essential for the welfare, especially of young children cited the case of his own baby, who is not yet one year old

"I haven't much hair to spare" said Dr Wiley, "but if my youngster can't yank out a handful or two of it, just to illustrate its strength, I'll buy you a new hat" [illegible] wager. The Wiley baby "made good" The denuded spot on Dr. Wiley's pate now is covered by the hat the unbeliever was forced to buy

FINE ELOQUENCE WINS PRISONER GOOD REWARD

MILWAUKEE, Wis., June 6.—The eloquence of Richard P Dickson, a prisoner [illegible] mock trial held by the inmates of the county jail today won for him contributions [illegible] fellow prisoners today

When he was arraigned before the kangaroo court Dickson told vividly of his fall from the paths of rectitude and the penalty he had paid. He told of his mother whom he had kept in ignorance of his arrest and who is dependent on him for support and urged his fellow prisoners to take a lesson from his terrible anxiety over what was to become of her.

When he had concluded, the suggestion that the prisoners contribute what they could toward a fund for Dickson's mother, met with an enthusiastic response

GREAT HOLIDAY FOR GERMANY

Nation Will Celebrate Kaiser's 25th Anniversary of Ascension.

BERLIN, June 6.—From reports received here it is estimated that nearly $5,000,000 has been subscribed to the various memorials which have been launched in connection with the twenty-fifth anniversary of Emperor William's ascension. In accordance with the emperor's wishes practically all of this amount will take the form of charitable or educational foundations or institutions for the public welfare

One of the most interesting of the innumerable gifts to the emperor will be a marshal's baton presented by the officials of the royal military factories at a cost of $25,000

Six million jubilee coins, half of them two mark pieces, are to be distributed in a few days to commemorate the anniversary. The original intention was to represent the emperor on the coin as helmeted, but this was abandoned for some reason and his majesty will appear bare headed in the uniform of the cuirassiers.

INFANT DISAPPEARS: IS FOUND IN WOODS

MARSHFIELD, Or., June 6.—After being away from home since yesterday noon, when he mysteriously disappeared, and with hundreds of men searching for him the 14 months-old baby boy of Mr and Mrs Walter Smith was found yesterday in a woods a mile from home. Aside from being covered with mud and suffering from exposure and hunger, the child was not injured

It was suspected that the infant was kidnapped by some man, who became frightened and abandoned it.

GENERAL ELECTRIC STRIKE.

SCHENECTADY, N Y, June 1.—A general strike order, affecting the 10,000 employes of the General Electric company, which was drawn up by the American Federation of Labor to go into effect next Monday, was postponed yesterday pending the outcome of negotiations. An eight-hour day is the only demand of the unions.

GOSSIP FROM THE MOTOR CAR TRADE

Chronicle of the Happenings In Local Automobile Circles.

(By EDMUND CRINNION)

C. S Howard, head of the Howard Automobile Company, Pacific Coast distributors of Buick and National cars, left for Los Angeles yesterday morning in his National roadster. Howard is accompanied by Fred Samuels, coast representative of the National factory. Howard is making the trip to familiarize himself with the roads over which the Los Angeles to San Francisco road race will be run July 4th

While Howard will not drive in the race itself his advice and suggestions will be very acceptable to the drivers of Buick and National cars of which there [illegible] best known automobile pilots in the west. This fact is attested to by the numerous prize trophies bearing his name which adorn the show rooms of his company.

MORE CHALMERS COMING.

E P Brinegar, of the Pioneer Automobile company, made a two days' trip to Los Angeles this week to see Earl Anthony and endeavor to arrange for an additional number of certain models of Chalmers cars for immediate delivery. Brinegar was successful in arranging for a limited number of additional "sixes," inasmuch as the Chalmers factory is behind on these models. Brinegar states however, that after June 1 the factory will undoubtedly be caught up and no further trouble will be experienced in getting cars this season.

COCHRAN TO GO EAST.

W B Cochran, president and general manager of the Haynes Auto Sales Company, western distributor of the Haynes automobiles, will leave in a few days for the Haynes factory at Kokomo, to attend the annual conference of branch managers. While east Cochran anticipates being present in Indianapolis at the time of the start of the big Indiana-to-Pacific pilgrimage of the Hoosier state motorists on their pathfinding tour for the proposed ocean-to-ocean rock highway. Two Haynes cars, a 1914 "Four" and a 1914 "Six" have been entered in the event. Cochran will return to San Francisco in time to welcome the motorists to this city where he has invited the travellers to make their headquarters in the new Haynes home at the corner of Turk and Polk streets

MOTOBIKES MAKE HIT.

The new motobikes which have lately been introduced by the Oakland Cycle and Motor Works of Oakland are proving to be very popular among the riders in this territory and from the number of sales recently made by the local house the motobike, which is built along the lines of a motorcycle and closely resembles one, is going to be a big factor in the bicycle trade of the future

CAREFUL DRIVERS.

J A Smilie of 825 Fallon street, reports a non-stop run to Fresno last week, in his 1912 Cadillac. "COMPARED TO ME JOHN D. IS POOR"

So Declares Billionaire Nitrate King, Senor Ossio of Chili.

NEW YORK, June 6.—"John D. Rockefeller is a poor man when compared with me. I have so much money that I have never been able to count it, and I don't think Mr. Rockefeller will dispute my word"

Without a suggestion of boasting, Senor Ezequiel Ossio of Chile thus replied today when he reached this city to the statement that John D. Rockefeller was the richest man in the world

"What is the extent of your wealth?"

"That I cannot tell. Perhaps it is four or five hundred millions, or most likely a billion dollars. Suffice that I am a nitrate king, the richest man in the world."

THIRD VICTIM DIES FROM MANIAC'S STABS

LOS ANGELES, June 6.—Navelo Sosca is dead today, the third to succumb to injuries inflicted by Juan Soto, an escaped maniac, upon members of his former wife's family last Monday night. After killing his former wife, Soto stabbed her sister to death and then attacked Sosca. Soto has managed thus far to elude the officers.

COLLEGIANS WED.

SANTA ROSA, June 6.—Miss Vivian Taylor, daughter of Mr. and Mrs J Harrison Taylor of this city, and H. G. GRANT SCHOOL HAS FINAL SPRING DEBATE

In the final debate of the spring semester the boys and girls of the graduating class of the Grant school displayed their ability yesterday when they debated upon the subject, "Resolved that suffrage should be restricted by educational qualification." The decision was awarded to the negative side, which was supported by Philip Stone, Frances Fender, Elizabeth Sanderson and Clifton Hildebrand. The affirmative side of the issue was presented by Alan Day, Gladys Valerga, Mortimer Smith and Alice Gould.

There were several visitors at the debate, who complimented the young orators upon the masterful manner in which they gave their arguments which they said could be compared with similar debates held by high school students. Miss Annie Florence Brown, a member of the board of education, was present and praised the work of the youngsters. Professor Finn, a member of the faculty of St. Mary's college, acted as judge.

Pimples Should Be Watched

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

Make Your Blood Pure and Immune With S. S. S.

The world renowned laboratory of the Swift Specific Company has collected a vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at almost any drug store in the civilized world.

This preparation stands alone as a blood purifier. It is somewhat revolutionary in its compositon, since it accomplishes all that was ever claimed for mercury, iodides, arsenic, and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. It contains one ingredient which serves the active purpose of stimulating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis, and similar diseases resultant from the use of minerals than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice, to all who are struggling with a blood disease.

Get a bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood.

SHOWS APTITUDE IN DRAMATIC ART AT COLE SCHOOL

MADELINE DOLLINE.
—Hartsook photo

In the vocal and instrumental work of the Cole school, Madeline Dolline has taken part and has contributed her talent at a number of entertainments given by the students. Madeline has shown a peculiar aptitude for the dramatic art and recites cleverly.

Preparations are now being made for graduating exercises to be held in the Cole school, where many boys and girls will receive their sheepskins. The graduating exercises will be conducted by the pupils, who are arranging an elaborate program.

90 GRADUATES TO GET CLASS PINS

Ninety class pins have been ordered by the Board of Education for the Oakland High School pupils, who will graduate Friday evening, June 27, in common school assembly hall. It will be one of the largest classes in the history of the institution. Fifty-eight will receive their sheepskins from the John C. Fremont high school and forty-two from the Manual Training and Commercial High School.

WANAMAKER RESCUES McKINLEY PLAQUE

PHILADELPHIA, Pa., June 6.— The solid-gold diamond-studded plaque, bearing an engraved invitation to President McKinley to visit the California Commandery, Knights Templar, at San Francisco, in 1897, was presented to the Masonic Grand Lodge of Pennsylvania by John Wanamaker yesterday, the latter having rescued it at a cost of $1000 from a New York pawn broker a few weeks ago.

After the late President's death the plaque became the property of a relative who borrowed several hundred dollars upon it from a pawn broker. The story was recently published and Wanamaker, himself a high Mason, bought it after sharp competition with the California Grand Lodge.

PRESIDENT RE-ELECTED.

ST. LOUIS, Mo., June 6.—Mrs. Raymond Robbins of Chicago was re-elected president of the National Women's Trade Union league here yesterday. Mrs. Daniel W. Knefner declined re-election as vice-president, and Miss Melinda Scott of New York Franklin of Chicago was elected secretary-treasurer.

CHILDREN TO GIVE PAGEANT ON JULY 4

Children of the Tompkins' playground are practicing daily for the folk dances and games to be held at the Fourth of July celebration in the school grounds. According to an announcement made yesterday afternoon by Director W. H. Wieland of the boys division of that reservation, there will be an historical pageant, which will typify the growth of western civilization. The youngsters will be arranged in groups as follows: Indians, Spanish maids, youths, miners, soldiers, cowboys and farmers. Uncle Sam in red, white and blue costume will preside over the exercises.

The highland fling, Irish lilt and Spanish dances will be among the features of the festivities. The Silver Arrow campfire girls will also contribute numbers.

In all the playgrounds throughout this city there will be programs of special interest to the boys and girls who will exemplify the work now being done in the various pleasure resorts under the local playground commission. At each playground the activities will vary. Throughout the afternoon session there will be a diversity of sports and entertaining stunts performed by the lovers of outdoor recreations.

PORTOLA RELAY TO BE PLANNED

Race From Capital to San Francisco Will be Discussed Today.

SAN FRANCISCO, June 6.—A general meeting of the amateur athletic leaders from San Francisco and Oakland to Sacramento and Stockton, will be held tonight (Friday) when the Portola athletic committee gives a dinner at which will be discussed the plans for the Portola relay race from the capital to San Francisco. The dinner and meeting will be held at the Olympic club.

The plans for the big amateur event which is to open the Portola athletic carnival, will be taken up in detail by men familiar with every stage of them. The route of the race was recently laid out by the Portola athletic committee, whose chairman, John A. Hammersmith, led a pathfinding trip to Sacramento and back.

Among the guests will be a special relay sub-committee of the Portola athletic committee, comprising Al Coney, George James and Douglas Erskine.

The out-of-town guests will be Chester F. Gannon, of the Sacramento Athletic club, Fred McGee, of the Sacramento high school, Chester Conklin, of the Stockton Y. M. C. A., Joseph Smith, of the Livermore high school; Claude Moss of the Berkeley Y. M. C. A.; Cecil Martin and G. H. Tooze, of the Oakland Y. M. C. A., Frank Book, of the Oakland high school; H. M. Stickler, of the San Francisco Y. M. C. A., and Robert Duncan, of the Cogswell Polytechnic school.

ADMIRAL PEARY TO GET LEGION OF HONOR

PARIS, June 6.—Prince Roland Bonaparte, president of the French Geographical Society, has asked President Raymond Poincare to confer the decoration of the Legion of Honor on Rear Admiral Robert E. FIND NO EVIDENCE OF MURDER CRIME

Examination of Bodies of Wife and Children Favor Sergeant Schall.

SAN FRANCISCO, June 6.—No marks of violence were found according to Coroner Leland, on the bodies of the wife and three little children of Charles H. Schall, former sergeant in the United States army, now under arrest at Vancouver, Wash., and held on suspicion that he murdered his family at the Presidio.

The mother and children were burned to death on April 26 in a fire that destroyed their quarters.

The United States attorney's office requested the coroner to exhume the bodies and make an examination to discover if the victims of the fire had been attacked or poisoned before the blaze was started. The disinterment took place at the National cemetery yesterday and Coroner Leland and Autopsy Surgeon Stafford undertook the difficult task of an autopsy.

The bodies were in a condition that made an accurate examination almost impossible, but Coroner Leland said last evening that no traces of violence could be found.

The stomachs were removed from the remains and will be examined for traces of poison.

An inquest will be held next week and a report made by the city authorities to the United States attorney.

APPROPRIATION FOR EXPOSITION DEADLOCK

WASHINGTON, June 6.—The Panama-Pacific International Exposition may not at this session get the $600,000 appropriation for a government exhibit provided in the sundry civil bill, because the conferees on the bill have failed to agree over the board of governors for soldiers' homes. The Senate conferees are holding out for eleven governors, while the House conferees are insisting on five. There is danger that Congress will adjourn, leaving the bill in conference, or there will be a deadlock in conference that will kill the measure.

California Congressmen, fearing this, today began to plan to tack on a $500,000 appropriation for the government exhibit to an emergency appro- [illegible] later.

BELGIUM WANTS LOAN.

U. S. PARK CONNECTING TWO CITIES PLANNED

WASHINGTON, June 6. — The establishment of a wide-stretching park under federal control extending from Washington to Baltimore, is to be pressed by leading citizens of the capital, among them a present commissioner of the District of Columbia and his predecessor. The Board of Trade has appointed a committee which will today begin an investigation of the question. A general survey of the territory between the two cities will be made, options will be obtained and a general idea arrived at as to the cost of property by condemnation.

The project is not a new one but this is the first time that organized effort has been made to outline a general plan. The park will be designated as a forest reserve and be subject to federal regulations. The stretch between the two cities is a favorite route for automobiles and President Wilson and his family frequently motor over the roads in the White House automobile.

COUSIN OF BRYAN DIES.

NEW YORK, June 6.—Mrs. Emile E. Neilsen of Mount Vernon, cousin of Secretary of State William J. Bryan, died yesterday. She was stricken with apoplexy in her garden while plucking flowers to send to the secretary to decorate his desk. Mrs. Neilsen was a well-known Baptist church worker. She was 48 years old.

KILLS 3; FATALLY WOUNDS ANOTHER

CANTON, Ohio, June 6.—Enraged, he said, because he came home and found his wife missing, Robert Roach, a laborer, went to the home of his wife's parents last night and shot and killed his mother-in-law, sister-in-law and 16 months' old baby, and fatally wounded another sister-in-law. Later when his arrest was attempted he shot a member of the Canton police force in the leg and bit another man in the hand.

After the shooting Roach took refuge in an upstairs room and attempted to asphyxiate himself. He was captured and revived.

LONGSHOREMEN OBTAIN EIGHT-HOUR WORK DAY

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves [illegible] that for themselves, but the child has to rely on the mother's watchfulness.

Genuine Castoria always bears the signature of Chas. H. Fletcher

Misuse of the Commercial Waterfront.

The disposal of Oakland's garbage has again become a live issue of the day through the approaching termination of the contract for its transportation to sea by a steam garbage scow and the necessity for its renewal and the removal of the place of loading from the wharf at the foot of Broadway to some other point on tidewater where the operation will give a minimum of offense, pending some more satisfactory and, at least, equally efficient and economical means of getting rid of the community waste is adopted.

The Merchants' Exchange has entered a vigorous protest against the continuance of the use of Broadway wharf by the steam garbage scow and the runway erected there for scavenger wagons to unload. Never was a protest against an intolerable nuisance better founded. Its maintenance is an affront to every sense of community decency and respectability. It is besides a gross misuse of one of the city's most valuable assets and one of the most damaging advertisements in the eyes of everyone who enters the city by water at its southern gateway. Its devotion to the purposes for which it has been used since Oakland secured possession of it has been and is little short of being a criminal offense. The sooner the wharf is turned to its legitimate commercial uses, the quicker Oakland will redeem itself not only in the eyes of its visitors from abroad, but in the eyes, also, of its own citizens. Broadway wharf ought to be the most important point of commercial activity on the southern waterfront, instead of being, as it is, a blight on commercial progress and a disgraceful and humiliating lowering of our civic pride.

For over a half century Oakland fought in season and out of season for the recovery of its waterfront. When it finally triumphed, one of the first acts of its administration was to turn the one point on the waterfront where the commerce it was ambitious to win and to cultivate could be accommodated and centralized into a garbage dumping place, and for years it has been exhibited to every one through the sense of smell as well as through the sense of sight as Oakland's example of commercial waterfront utilization.

It is a humiliating confession to make, but it is, nevertheless, incontestible that through a misguided, foolish policy Oakland for nearly sixty years grossly abused its waterfront by making a garbage dump of it. The policy has always created intense sectional irritation. The silurian idea that gave it birth is not yet dead. This is evident from the official suggestion that has been made to utilize the tideland in the Key Route basin acquired by the city from the State two years ago as a garbage dump for alleged reasons of economy.

When such a suggestion is made, what has become of our civic pride and our much-vaunted ambition for the attainment of commercial supremacy? What success can the municipality hope to attain when it invites manufacturing interest to locate and lease factory sites and build warehouses on a municipal garbage dump?

These questions after all beg the main question involved in the issue—namely, Is the administration, individually and collectively, above the municipal law of its own creation forbidding under a penalty the dumping of garbage by any one within the city limits? That is the main question confronting the administration at present in the proposition of using the Key Route basin fill as a garbage dump.

Locust Plague War Declared.

Doubtless the farmers, vineyardists and fruitgrowers and county authorities in the Sacramento and San Joaquin valleys will follow the advice of the State Horticultural Commissioner and organize a co-operative campaign against the cicada or grasshopper pest, which has invaded them from Tehama to Tulare, in order to save the field crops, vineyards and orchards. The financial resources of the State Horticultural Commission have been exhausted in the effort to arrest the progress of the great army of locusts attacking everything green lying in the line of march.

Fortunately, science has discovered effective agencies of defense and eradication and the formula and directions to use them have been published broadcast throughout the State by the Horticultural Commissioner for the benefit of agriculturists.

The locust plague seems to have developed more rapidly and over a greater area this year than ever before in this State. In the past California has escaped serious damage from locust visitations. They have certainly at no time approached the formidable and destructive proportions they have periodically attained in Kansas and some other States in the central basin of the continent. Kansas learned long ago how to protect itself against the plague and has acquired so thorough a knowledge of the life history and habits of the locust, and succeeded so well in anticipating its periodical appearance, that it is no longer feared. A locust plague in Kansas is not now regarded as a possibility.

When the great central valleys of California were devoted chiefly to the pasturage of cattle and wheat growing, the farmers found it comparatively easy to keep the locust pest under control. The great host of these destructive insects was not sufficiently matured to start on its marauding march until after the grain had ripened and been harvested. When the locusts were ready to migrate, the great central plain of the State was covered with nothing but dry hard stubble and the wild oats, alfileria and burr clover on the uncultivated lands on the valley floor and the slopes of the foothills were all ripened and sapless. Not a green blade of any kind existed on the line of march of the marauding host. Firing the stubble arrested the progress of the locust army and thinned its ranks to a practically harmless quantity. Later in the season the survivors fell a prey to the great flocks of turkeys driven down the valleys to the San Francisco bay markets.

But a vast area of both of the great valleys is now cultivated to vines, fruit trees and alfalfa and the methods of fighting the locusts when they appear must be changed. The cultivation of green crops has favored the insect and handicapped the farmer in the fight for supremacy. But started in time and co-operatively, the farmers and fruitgrowers have the power in their hands [illegible] is sure to get the upperhand and is capable of doing enormous damage to the farming and fruitgrowing interests of the State. The State Horticultural Commissioner's warning and suggestions should be promptly acted upon.

JOHN BIGELOW'S DIARY

NEW YORK, June 7.—Startling state secrets are revealed in the letters and diary of the late John Bigelow, just published.

Samuel J. Tilden is quoted as saying that a justice of the United States Supreme Court, who was a member of the electoral commission of 1877, offered to sell the presidency for $200,000.

William H. Seward is quoted as authority for the statement that certain members of congress had to be bribed to insure the purchase of Alaska and names and amounts are given.

While the electoral commission was in progress Bigelow made the following entry in his diary, February 9, 1877: "'On Thursday Tilden told me a man had called to say that the commission was for sale. When I expressed an incredulous sort of astonishment he said one of the justices (Republican)) was ready to give his vote to Tilden for $200,000. I asked which one; he thought he would not tell me at present.

"'I told him it was improbable, for the judges were all well paid and had life terms of their office. He said the justice in question is reported to be under embarrassments from old engagements and obligations.

"As Bradley is the youngest appointment, it would look as though he was most likely to be the man, though I did not try again to ascertain. Tilden said the Florida returning board was offered him and for the same money. 'That,' he said, 'seems to be the standard figure.'"

The following day Tilden's nephew, Colonel W. D. Pelton, who was in Washington looking after Tilden's interests, wrote Bigelow, saying: "It is of vital importance you see John A. C. Gray, and as our old tried friend advise him to see that Justice Bradley does right—(italicizing the last two words). Mr. Gray can do this. It's best he should act at once. It is probably best he come here Sunday night at latest."

Bigelow was in Seward's confidence at the time of the purchase of Alaska and he gives the inside history of that affair:

"Do you wish to know how that treaty was consummated?" said Mr. Seward. Of course, I answered I did. 'Then,' he replied, 'I must put you under oath. Before the money could be voted $2000 had to be given to Robert J. Walker, $10,000 to his partner, F. K. Stanton; $10,000 to two members of Congress, and $20,000 to Forney, who had lost $40,000 by the defalcation of his clerk.

"'One thousand more was to have been given to poor Thad Stevens, but no one would undertake to give that to him, so I undertook it myself. The poor fellow died, and I have it now.' This statement gave me much food for reflection on my way back to the hotel."

Bigelow thought Dickens' "lust for money made him unconsciously a suicide and that "he had multitudes of admirers but few friends."

Apparently the foreign type sailing ship has practically diappeared for good from international trade in the Pacific ocean. The Hongkong harbor statistics for 1912 return just one sailing ship entered for that year—the sole survivor of the great "clipper ship" trade of half a century and more ago. This lone ship, the large four-master Comet of the Standard Oil Company, was the last of a considerable fleet employed in the oil trade between the east coast of the United States and this port.

WITTY BITS

A recent society novel has made an unexampled hit by referring to liqueur as plain licker.

The torpedoboat that shot herself probably was going at such high speed that she overtook the missile.

A New York judge has been awarded the American cross, but Doc Cook and Doc Friedmann are still bearing theirs.

A published recipe for the removal of "superfluous" warts is calculated to stimulate interest in the remaining varieties.

A Mexican delegation is now trying to get Diaz to return. Well, that makes one complete revolution in affairs down there.

The announcement that Caruso's very bones are musical should land him the end-man's place in a minstrel troupe in case his voice fails.

Rival hatchetmen in San Francisco will hereafter settle their differences by recourse to law. A sort of chop suey adjustment, so to speak.

Rather than attempt the feat of the Ann Arbor athlete who ran two miles with his leg broken, it would seem preferable to follow the doctor's advice by taking a long walk on an empty stomach.—Washington Post.

20 YEARS AGO IN OAKLAND

An earthquake shock was felt at 9:25 o'clock a. m.

The Board of Supervisors have decided to build an addition to the Hall of Records, more room being needed.

The work of excavating for the new building at the Deaf, Dumb and Blind Institute at Berkeley has commenced and will be brought to a swift conclusion.

Alexander Innis of Alameda has qualified for the position of justice of the peace and has established an office in the Schroder building there.

John R. Glascock will leave soon for Shasta county, where he will divide his time between Hazel Creek and Castle Crag.

The destruction of the O'Brien home in Alameda has directed the attention of many citizens there to the fact that a hose wagon is needed.

It is stated that George W. Cope, the stockbroker, will be given the position of auditor of the custom house.

The new officers of the California Baseball League are Robert Wieland, president; H. Sharp, vice-president; George L. Arnold, treasurer, and E. Hall, secretary.

STEAMER BURNED; CREW ESCAPES

The Bay Vessel Maryland Is Destroyed While Sailors Fight With Flames.

SAN RAFAEL, June 6. — Fire was discovered on the bay steamer Maryland off Angel Island last night, and although the crew turned to and fought the flames while the engines were rushing the ves- [illegible] burned to the water's edge in San Rafael canal before aid could be brought to the men on board.

Captain John Henriques, who was foremost in fighting the fire, was suffocated by the smoke and was taken unconscious from the vessel to an ark in the canal. He was not resuscitated for an hour after treatment was first given him.

The crew comprised eight men, who escaped.

The cargo, valued at $15,000, was entirely destroyed. It consisted chiefly of merchandise.

The vessel was fully insured.

The Maryland took part in the rescue of passengers when the Seminole and Corcoran, river boats, collided in the bay during the winter.

CLUB TO STAGE COLLEGE FARCE

"A Strenuous Life." Will be Presented at St. Anthony's Hall.

The Lesadals Dramatic club of St. Anthony's parish in East Oakland, of which the Rev. Peter C. Yorke is rector, will give two performances of the famous college farce, "A Strenuous Life," at the parish hall, East Sixteenth and Sixteenth avenue, Wednesday evening, June 18, and Friday evening, June 20.

This farce, written by Richard Walton Tully, the playwright, now famous for his "Rose of the Rancho" and "The Bird of Paradise," for the student cast of the University of California shortly before the fire of 1906, is one of the most hilarious ever [illegible] on the local stage. The professional performances of this farce were considered triumphs of the art, and the fact that these ambitious amateurs are producing it is quite noteworthy. The comedy centers around one Tom Harrington and James Wobberts, who complicate matters at Mrs. Wiggins' boarding house in such a manner that it takes three rapid and screamingly funny acts to explain—and forgive. The cast has been carefully coached and the production of its initial farce is expected to be a pleasant one. Louis J. Waldear, well known in amateur theatricals, is staging the farce and is ably assisted by Tom J. Healy as stage manager. The cast is as follows:

Tom Harrington, football captain, Edward Budd; Reginald Black, his chum, James Dolan; James Wobberts, freshman, Jack Budd; William Everett James, a Stanford professor, Raphael Polk; Byron Harrington, father of his son, Edward O'Brien; Dan Davenport, from Angels' camp, James Flynn; Professor Hagee, director of the gymnasium, Jack Lacey; Dawley, a collector, Elmer Wheaton; Nugata, good, honest, industrious, bright Japanese schoolboy, Louis J. Waldear; Marian Davenent, Dan's daughter, Ethel Healy; Ruth Thornton, Mrs. Wiggins' niece, Marie Kelton; Dulce Harrington, sister of her brother, Anna Kreig; Mrs. Wiggington Wiggins, landlady, Lucy Kreig; Widow Maguire, purveyor to the thirsty, Agnes Matthews.

The action of the play takes place in Berkeley at Mrs. Wiggins' boarding house. It is safe to predict a splendid performance as most of those taking part have been seen to advantage before.

MAINE SOCIETY PLANS BIG PICNIC

Pioneer State Association to Hold Reunion Saturday at Shellmound Park.

The thirty-fifth annual reunion and picnic of the State of Maine Association will be held at Shellmound Park Saturday, June 7. At 12 o'clock the usual dinner of baked beans, brown bread and coffee will be served to all and will be followed by a literary and musical program, various games and races and dancing. Music will be furnished by Meizbach's band of San Francisco. Special arrangements with the railroad have been made for the accommodation of the crowd.

The State of Maine Association is the pioneer state society of California and was organized in Oakland in 1878 to promote good fellowship and social intercourse among the residents of California who formerly resided in Maine.

BUYS FRANKLIN BOOK FOR $5025

LONDON, June 6.—A copy of Benjamin Franklin's "A Dissertation on Liberty and Necessity, Pleasure and Pain," was purchased yesterday at the sale of the Huth Library for 1005 pounds ($5025), by Henry Stevens, grandson of the man who once bought the book for half a crown and then tried unsuccessfully to sell it to the British Museum for a guinea. The only other copy of the book is the property of the government at Washington.

Starting the bidding for sentimental reasons at half a crown Stevens fought for possession of the book with Bernard Quaritch of London.

CANNOT RECOVER MONEY LEFT AT VETERANS' HOME

SACRAMENTO, June 6.—Judge H. C. Gesford's decision that Walter S. Brownlee, administrator of the estate of John Murphy was entitled to recover from the board of directors of the Yountville Veterans' home $912 which Murphy possessed when he died, was reversed by the Third Appellate court today.

The law requires that all money left by inmates of the home or held in trust by the directors shall be retained by the directorate of the institution.

DR. SMITH HELD TO BE RATIONAL

Judge Dismisses the Lunacy Charge After Hearing Witnesses.

SAN FRANCISCO, June 6 — Dr R Bremner Smith, who was arrested on May 20 on a charge of insanity sworn by Attorney Lincoln E. Savage, with whom he has lived for twelve years, was held to be sane by Judge J. E. Richards of San Jose, siting in the local extra session court yesterday, and immediately discharged from custody.

Thirty-three witnesses in all were called. With a few exceptions they either declared Dr. Smith to be sane or to be suffering from over-indulgence in intoxicants. Among the exceptions were Mrs. Alice Jackson and Mrs. Marjorie Bartholomew, nieces of Attorney Savage, and Elliott Bartholomew, husband of the latter.

Tirey L. Ford, the Rev. W. R. McKnight, John D. McKenzie, former labor commissioner, Dr. G. A. Christensen, Dr. John R. Gill, Captain of Police Henry Gleason, Dr. J. C. Anthony and Dr. Tenison Desne, were among those who testified as to Dr. Smith's sanity.

HEART TROUBLE—NO! IT'S GAS AROUND YOUR HEART

Of course, the palpitation, shortness of breath, anxiety and nervousness at night, scares you, but there is really no occasion for alarm if you will only take Baalmann's Gas Tablets and cure that gas pressure.

A permanent cure of gas can only be accomplished by treating your stomach with Baalmann's Gas Tablets; by that we mean taking Baalmann's Gas Tablets for a definite length of time.

Ordinary dyspepsia remedies are only good for relief during an attack, but relief is no cure! Baalmann's Gas Tablets [illegible] good, and your supposed heart trouble will soon disappear.

Go to your druggist right now, ask for a 50c bottle of Baalmann's Gas Tablets in the yellow package, or, if you like, send for a free sample package to J. Baalmann Co., 326 Sutter St., San Francisco.

FRENCH MINISTER'S WIFE OPPOSED TO MILITANTS

PARIS, June 6.—Mme. Jules Zigfried, wife of a former French cabinet minister and president of the French National Association of Women, is strongly opposed to the tactics adopted by the militant suffragettes.

"Many of the delegates to the International Congress of Women now in session in Paris look upon such manifestations with intense disapproval," says Mme. Zigfried. "The militant suffragettes are behaving as though they were insensate. Their impudent and dangerous demonstrations hurt the cause of womankind."

Undergarments Must Be Worn With Split Skirts, Say Police

INDIANAPOLIS, Ind., June 6.—Women in Indianapolis who wear the new style split skirts also must wear undergarments and the traffic squad of the police force has been asked to enforce the order, which was given out by Superintendent of Police Martin J. Hyland today.

The order was issued after Superintendent Hyland had received a letter signed "The Ladies," and which read as follows:

"As we know you are the highest authority in the city, we, as the ladies, ask that you prohibit the wearing of split skirts without undergarments. We hope that you will take this seriously."

TO FORFEIT LIFE FOR HIS ASSAULT

President Declines to Interfere in Behalf of Sentenced Negro, Green.

WASHINGTON, June 6.—President Wilson declined today to interfere with the death sentence of Nathaniel Green, a negro who last Christmas night assaulted a white woman almost in the shadow of the dome of the capitol. Green will hang Monday and will be the first man to pay a death penalty in the District of Columbia for felonious assault.

Repeated delays in execution of the sentence after Green pleaded guilty recently moved a committee of 100 women, all prominent in official or social life, to petition the court here to act with more expedition.

POLICEMAN SMITH AGAIN SAVES DROWNING MAN

SAN FRANCISCO, June 6.—Policeman Peter Smith, of the Harbor station, is so accustomed to rescuing persons from the bay in the wee small hours of the morning, that a cry of distress is the signal for him to throw out a small line which he always carries in his pocket. This morning Smith was patrolling the Embarcadero when he heard a scream and with the aid of a watchman on Folsom-street pier, hauled out of the bay Olaf Johnson, a sailor, who had stumbled off the pier. Johnson received a bad ducking and was resuscitated with difficulty at the Harbor hospital.

PURITY LEAGUE LEADER IS INDICTED BY JURY

SAN DIEGO, June 6.—L. E. Dadmun, a prominent attorney, who was active in supporting the Purity league a year ago, was yesterday indicted by the grand jury on two counts—grand larceny and obtaining money under false pretenses.

He is charged with fraudulently and feloniously working on the fear of George W. Webb, an old soldier confined in jail on a serious charge to the extent that he cheated him out of $10,000 worth of real estate.

DAUGHTER OF FAMED FAMILY DIES

Mrs. Isabelle Butler, One of California's Daughters, Passes Away.

PALO ALTO, June 6.—Leaving many interesting traditions and historical facts concerning the early days of California with which her life was connected, Mrs. Isabelle Butler, one of the oldest native daughters of this state and pioneer of Palo Alto, died at her farm residence on Embarcadero road.

She was the wife of John S. Butler, also a pioneer of this city, and the daughter of the famous Spanish family known in the early days as Escolastica Rodriguez Dye. Her father, Job F. Dye, who died in 1882, was the oldest California pioneer, then living, having come to this state in 1830.

Mrs. Butler was born in Santa Cruz in 1840 and attended the Notre Dame Convent in San Jose with the first class after that institution was opened. In 1859 she was married to John S. Butler at Red Bluff, where she owned the famous Los Molinas rancho, consisting of more than 3000 acres in Tehama county. Her father at one time owned the entire tract of land on the east side of the Sacramento river between Red Bluff and the town of Tehama, a Spanish grant.

The couple moved to Palo Alto in 1893. Mr. Butler and two children—a son, Thomas F. Butler of San Francisco and a daughter, Miss Minnie A. Butler, also of San Francisco, survive. There is also a brother, S. N. Dye of Watsonville, and a sister, Mrs. Charles M. Hays, of Boise City, Idaho.

Resinol stops skin torments

THE soothing, healing medication in Resinol Ointment and Resinol Soap penetrates the tiny pores of the skin, clears them of impurities, and *stops itching instantly.* Resinol heals eczema, rashes, ringworm, and other eruptions, and removes disfiguring pimples and blackheads quickly and easily, even when other treatments have been useless.

Prescribed for 18 years

Resinol is not an experiment. **It is** a doctor's prescription which proved so successful for skin and scalp troubles that it has been used by other doctors all over the country for eighteen years. ***No other treatment for the skin now before the public can show such a record of professional approval.***

Practically every druggist, large or small, **sells Resinol** Ointment (50c and $1) and Resinol Soap (25c), but you can test them at **our expense if you** prefer. Send to Dept. 30-S, **Resinol, Baltimore**, Md., for a liberal sample of each and the two new Resinol booklets.

WORK COMMENCED ON HOTEL ROOMS

Commercial Club Rooms and Improvements to Be Rushed.

Work commenced yesterday on the completion of the upper floors of the Hotel Oakland. The permanent quarters of the Oakland Commercial Club are to be a marvel of comfort and elegance, and the sleeping rooms on both the sixth and the seventh floors will have private connecting baths. An entire floor in one of the wings is to be reserved for the accommodation of commercial travelers, with spacious sample rooms and all other facilities for the attractive and convenient display of goods. There are several commodious sample rooms on the mezzanine floor, but they are usually engaged months in advance, [illegible] wares in parlor suites, bedrooms, corridors or wherever they can. It is expected that the work will be concluded in ninety days at the farthest.

FEDERAL GRAND JURY INDICTS

Three Accused by Vote for Offenses Against National Laws.

SAN FRANCISCO, June 6.—The federal grand jury yesterday returned three indictments in the cases of three men who are expected by United States Attorney McNab to plead guilty this morning before Judge W. W. Morrow.

Ernest Trost, the stamp clerk in the local postoffice who has admitted taking part of $541 worth of stamps missing from the counter, was indicted for embezzlement. The maximum penalty is $5000 fine or five years' imprisonment.

Willia H. McCown, gardener for Mrs. W. J. Hotchkiss, 2985 Claremont avenue, Berkeley, was indicted for violating the postal laws in sending an indecent letter to Mrs. Florence Hubbard, 2491 Thirteenth avenue, East Oakland. He also is accused of sending suggestive postal cards to Mrs. Lavina Cox, 2955 Claremont avenue, and to her stepson, Stuart Rugg.

H. L. Sorenson was the third man indicted, the accusation being that he had forged and manufactured counterfeiting dies.

DIG GRAVE FOR LIVING WOMAN

Husband Understands Wife Is Dead; Makes Premature Funeral Plans.

NORTH TONAWANDA, N. Y., June 6.—After her grave had been dug and undertakers dispatched to a Buffalo hospital for her body, Mrs. William F. Kelley of this city was found very much alive and improving in the hospital. Yesterday Kelley telephoned the hospital to inquire after the condition of his wife. He understood the hospital attendant to say that Mrs. Kelley was dead.

Not having enough money to foot funeral bills, he notified the charities commissioner that Mrs. Kelley would have to be buried at public expense. The commissioner directed that the grave be dug and ordered an undertaker to take charge of the body. The undertaker demanded the body from the hospital authorities and learned that the woman was alive. He notified the commissioner but not in time to stop the completion of the grave. Mrs. Kelley is suffering from infantile paralysis and her recovery is considered remarkable.

ROBS WORSHIPERS KNEELING AT VESPERS

LOS ANGELES, June 6.—Turning detective in an effort to discover the mysterious woman pickpocket who has been operating successfully for weeks at St. Vibiana's cathedral on Main street, Rev. Father Edward Brady last night arrested Miss Annie Murphy as she was about to purloin the pocketbook of a worshiper kneeling at evening vespers.

Miss Murphy, who gave her age as 24 years and her home as Calgary, Canada, confessed to the police that she had robbed five persons at various times while they were kneeling at prayer in the church. The police assert, however, that many more thefts have been committed by the young woman.

Miss Murphy told the priest and the police that weeks ago she had entered the cathedral despondent because of her inability to secure employment and had been tempted, for the first time, by a purse which had been placed on a seat by a woman who was kneeling.

ANOTHER STEAMER BUILT FOR SERVICE ON COAST

PHILADELPHIA, June 6.—Miss Kathryn C. Schaefer, the 12-year-old daughter of J. H. Schaefer of New York, christened the freight steamship Santa Clara at the Cramps shipyard yesterday.

The Santa Clara is the third vessel built by the Cramps for W. R. Grace & Co. of New York for service between that port and San Francisco. Schaefer is a director of Grace & Co. The Santa Clara is a single screw freight steamship, 420 feet long, 54 feet beam, 26 feet 9½ inches depth of hold, and of about 10,000 tons gross register.

STATE HIGHWAY BONDS TO BE PLACED ON SALE

SACRAMENTO, Cal., June 6. — Twelve hundred four per cent highway bonds will be offered for sale at par by State Treasurer Roberts Monday, June 16. It is doubtful if any bidders will appear except state bankers, who may buy the securities in behalf of the counties in which the highway work has been outlined.

The lot is valued at par at $1,200,000. [illegible] mission carries out immediately the work laid out. The state board of control bought the last lot of San Francisco harbor improvement bonds which were offered for sale in the absence of any other bidders.

POSTAL CLERKS ON PACIFIC STEAMERS

Quicker Delivery of Letters Is Provided for by Postal Authorities.

WASHINGTON, June 6.—Following a conference yesterday between Representative Kahn and Assistant Postmaster-General Stewart, it was announced that a large allotment will be made from the next postoffice appropriation bill, available July 1 next, to install mail clerks on all transpacific steamers bound to San Francisco.

These clerks will assort all mail from the Orient, the Philippines, Australia and Hawaii on board the ships, so that this mail will be ready for distribution when the ships arrive at the Pacific Coast.

This mail, when the ships dock, will be rushed aboard a tug and carried to the postoffice ready to be distributed. It was stated today that with the new system mail arriving in San Francisco can be distributed in the business section within two or three hours.

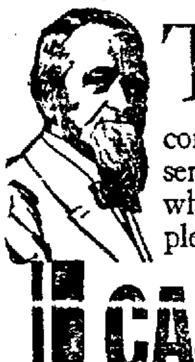
Summer Warmth on Winter Days



THIS is a big point of superiority with the Campbell System—the heat is moistened. It leaves the skin in its natural condition, not wrinkled and dried out—it preserves the woodwork and furniture. The whole house is warm and comfortable, the air is pleasant to breathe, it is a delightful place to live.

CAMPBELL'S WINTER CHASER

is just what the name implies—it "chases" the winter, and brings you all the comforts of summer. Gives heat when it is most needed.

It burns its fuel by a slow and thorough combustion. The large fire-pot and water reservoir, the big air chamber and entrance door in jacket—all are vital reasons why the Winter Chaser is best—why it insures plenty of warm, clean, *moist* air without waste of fuel. Will you let us explain more fully this adaptable, simple, economical heater *which we guarantee?*

And the maker and the man who installs it, both stand back of the job; if everything is not [illegible] the outfit will be immediately removed, and *all money refunded.*

GOVERNORS FAVOR WESTERN POLICY

Want More Liberal Administration of Land Laws for Homesteaders.

SALT LAKE CITY, June 6.—Arguments favoring a more liberal policy toward the homesteader by the federal government in its administration of public land affairs in the western states were made at the second day's session of the conference of western governors here today. Governor E. M. Ammons of Colorado delivered the first address on the subject of "Our National Conservation Policy."

"There is a great association in Washington maintaining a lobby to put the west on a leasehold basis," charged Governor Ammons in an address in which he attacked the general land policy of the federal government.

"The government says the fifth generation in Ohio can be trusted, but the western people, no. They say our western resources would go in to a monopoly if put under state control. They say we are not law-abiding.

"I want to call your attention to the disgrace that happened when the women marched down Pennsylvania avenue in Washington. Why, gentlemen, such a disgrace as that which happened in our capital city would not have happened in the toughest mining camp of the toughest state in the west in the toughest days. Yet they say we are not law-abiding. Great heavens, what do they call themselves?

"If the government goes into business it should be on an equal basis with the men with whom it does business. Under the present reclamation projects, if the homesteader violated his contract he is haled into court, but if the government violates, and it often does, the homesteader has no redress."

DIPLOMATIC SELECTIONS CONSIDERED BY WILSON

WASHINGTON, June 6.—President Wilson today renewed consideration of his list of diplomatic selections.

Senator O'Gorman discussed with the president diplomatic appointees from New York. Inasmuch as it has been decided to send Justice G. W. Gerard to Madrid, the conference today was understood to have been about Henry Morgansthau and William F. McCombs. Mr. Morganthau, chairman of the finance committee of the Wilson campaign, is slated to be ambassador to Turkey, while Mr. McCombs, chairman of the Democratic national committee, may yet be ambassador to France. Though he has twice declined this post the president has not abandoned hope of a final acceptance. Mr. McCombs now is in France and it is known that Mr. Wilson is holding the position open for him.

WEALTHY REALTY MAN BLOWS OFF OWN HEAD

DES MOINES, June 6.—C. M. Isham, aged 65, a wealthy real estate dealer, committed suicide today by literally blowing the top of his head off with a shotgun. His body was found in the basement of an unoccupied house. A notched yardstick was used to discharge the gun. Ill health and despondency are assigned as the cause of the act.

FLOWERS CAUSE DESPERATE DUEL

Women Neighbors Engage in a Bloody Conflict With Pole and Shears.

Flowers growing peacefully in the garden of Mrs. A. Hultz, 873 Wood street, resulted, it is alleged, in a duel between two women, in which a long pole and a large pair of shears were used as the weapons of offense and defense and in which Mrs. Hultz received wounds in the face, body and thigh. The woman with the shears was Mrs. F. R. Ruley, [illegible] Wood street, who had entered Mrs. Hultz' yard to pluck a bouquet of flowers.

Mrs. Hultz was so severely wounded that she had to be taken to a nearby drugstore, where Dr. H. L. Parish dressed her injuries. The police investigated the case today, but neither of the women was willing to swear out a complaint against the other.

Mrs. Hultz declares that she had tended the flower garden for weeks and that the blossoms were very dear to her. When she saw her neighbor ruthlessly cutting the flowers with a large pair of shears she became enraged.

"Get out of my garden," she shouted.

"I refuse to be ordered around," returned Mrs. Ruley.

Mrs. Hultz picked up a pole about four feet in length.

"I'll see about that," she declared, and started toward Mrs. Ruley.

"If you try to put me out, I'll hit you," said Mrs. Ruley.

Mrs. Hultz approached, but just as she got within striking distance, Mrs. Ruley dodged under the pole and is alleged to have attacked her with the scissors, inflicting cuts in the face, arm and upper part of the leg. Mrs. Hultz screamed for aid, and neighbors went to her assistance and summoned a physician.

RARE EXHIBIT WILL GO NORTH

W. D. Nicholls to Take Specimens of Processed Fruits and Flowers.

W. D. Nichols, processor of the Alameda county exposition commissioners and superintendent of the exhibit in the Oakland Chamber of Commerce, will leave tomorrow for Portland in charge of a most interesting display to be placed on view at the rose festival. In seventy large glass pars are specimens of processed fruits, flower and vegetables designed to give a comprehensive idea of the advanced position occupied by Alameda county in general and by the city of Oakland in particular in the domain of horticulture.

Among the specimens are some rare freaks of nature. A curiously twisted shoot of aspargus in the shape of a snake rising from a coiled posture as though in the act of stinging and the famous William Jennings Bryan rose, consisting of sixteen small roses growing from as many separate arteries at the extremity of a ribbon-shaped stem two inches wide, will be sure to attract attention. Two other noticeable features are a photograph of the Frank C. Havens rose, a white Mildred Grant nine inches in diameter and 27 in circumference, and a plaque portraying the now famous McKinley lily, a side view of whose petals gives a lifelike profile of the deceased president's face.

MAN WHO RAN OVER CHILD SURRENDERS TO THE POLICE

ARTHUR LIND
—Photo by Hartsook.

F. A. Loose, a Southern Pacific fireman living at 1630 Eleventh street, gave himself up at the central police station today as the party who ran over 5-year-old Arthur Lind in Webster street yesterday afternoon. He stated that the automobile was going at not more than 8 miles per hour and that after the child was run over he got up and walked to the curb, apparently unhurt. Later he said that he returned to the scene of the accident but found nobody there, and heard that the boy had been taken home.

Young Lind was removed to his home at 1516 Webster street from the receiving hospital last evening. He had received a slight fracture of the skull. Loose was accompanied by a brother, A. W. Loose at the time of the accident. He was not held by the police.

DROPPING AXE ROUSES GLOOM

Republicans Losing Out as the Democratic Administration Gets Busy.

SAN FRANCISCO, June 6.—Gloom of the thickest variety has settled over the various federal offices here which are presided over by Republicans. The destructive work of the political ax which Secretary McAdoo or the Treasury Department has been swinging, is watched with apprehension by those who have not felt its edge, but are reasonably sure that their own official days are numbered. Following the resignation of Fred S. Stratton from collector of the port, and the peremptory requests for the resignations of George Stone, Duncan McKinlay and John G. Mattos from three of the best federal jobs in the state, the gloom has spread to the mint, the land office, the sub-treasury, the surveyors and the United States marshal's office.

Since the official ax decapitated three Republicans, there has been more uneasiness in some of the other offices. It was rumored that Internal Revenue Collector August E. Muenter had been asked for his resignation. The rumor could not be verified, as Senator Muenter is sick at his home.

Among others believed slated for immediate removal are Samuel W. Baccus, commissioner of immigration; Frank A. Leach, superintendent of the mint; William C. Ralston, in charge of the sub-treasury; John J. Deane and T. G. Daniels of the United States land office; E. H. Archer, surveyor general of California, and United States Marshal C. T. Elliott.

In the case of Superintendent Leach he anticipated the action and sent in his resignation several weeks ago.

DEMOCRATS CURIOUS.

Democratic state central committee headquarters received many callers yesterday, all eager to know when the changes would be made. But Washington dispatches were silent.

H. P. Andrews of Tehama, candidate for state senator last year, is mentoined for naval officer, as is State Senator J. B. Sanford, Democratic national committeeman from this state. James H. Barry has the backing of Franklin K. Lane, and is strongly supported at Washington. Barry is now in Alaska.

Justus Wardell of the San Francisco Democratic county committee and C. L. La Rue, president of the Democratic State League, have both sent in their applications to succeed McKinlay.

R. W. De Witt, former chairman of the state central committee, who supported Champ Clark at the primaries, may win the superintendency of the mint, although State Senator Shanahan is making a strong bid for the place.

POWERFUL CANDIDATES.

Each of the three candidates for Muenter's place has powerful backing, and it may be some time before a choice is made. The aspirants are Jay J. Scott, secretary of the state central committee; W. A. Shepard, editor of the Placer Herald, and George W. Smith, justice of the peace of Fresno. The two latter are at Washington now.

W. J. McGee, an attorney of Amador, who was chairman of the Wilson finance committee, and Louis H. Mooser, chairman of the San Francisco county committee, desire to succeed Ralston.

WIFE OF A WEALTHY RANCHER GETS DIVORCE

SAN FRANCISCO, June 6.—Mrs. Josephine Rieks, wife of Hammond Rieks, a wealthy rancher who, in a divorce complaint, charged her spouse with having an affinity and with extreme cruelty, was granted a divorce today by Judge Graham on the latter charge. The correspondent was Bonnie Phillips, an actress, according to the wife, but her name was not mentioned during the testimony today. Following Mrs. Rieks' complaint her husband began a cross-complaint which he dropped and agreed to let her have a separation on the cruelty charge. She was given $4000 and $100 per month alimony for the support of her two children, Charles, aged 14, and Lorine, aged 12, up to the time they come of age. It was agreed that the son be permitted to visit [illegible] would not allow her daughter the same privilege.

AAHMES TEMPLE AWAITS BANQUET

Multi-Featured Entertainment Planned to Arouse Pleasurable Amazement.

With decorations in place and the final details completed, all is ready for the big entertainment of tonight when, at the hotel Oakland, Aahmes Temple, Order of the Mystic Shrine, will entertain the nobles and ladies not only of Oakland but of several neighboring temples. The returning delegates to the recent imperial conclave at Dallas, Texas, will be the honored guests. The Aahmes Patrol, in silk uniforms and red fezes, will be in attendance, as will also the shrine band, led by Director Pidwell.

The banquet, which will be the opening event of the evening of entertainment, will be the first affair of its kind ever held in the renaissance grillroom. The tables will be banked in colors, blue and gold to be the dominant note in the scheme of decorations. At the tables the nobles, in their red fezes, and the women in their elaborate gowns, will make a striking picture.

B. A. Forsterer, the toastmaster, will open the speaking, welcoming the guests of the evening and introducing the speakers. These will include Robert Greig, Otto Reihl, Dr. J. Loran Pease, Frank W. Bilger, illustrious potentate of the temple, and George S. Meredith.

Novel place cards and menus have been designed for the occasion and on the last day many reservations poured in. It is expected that over 300 persons will be seated at the tables in the grillroom for the affair.

Frank W. Bilger, illustrious potentate; George S. Meredith, chief Rabban, and Ben J. Johnson are the representatives who attended the Dallas Conclave and in whose honor the banquet and dance is being held. Following the banquet, the reception and dance will take place. The new clubrooms of the shrine, in the southeast wing of the hotel, will be opened to the fair sex. Beautifully decorated, the magnificent quarters of the temple will be a charming scene for the merrymakers, and in the meantime in the Ivory ballroom the guests will dance away the hours.

L. E. Westrich, chairman in charge, and the executive committee, on whose shoulders the bulk of the work of planning the function fell, have been tireless in their efforts, and the big affair tonight will, it is expected, go down in history as one of the gala occasions of the shrine. The executive committee consists of Robert Greig, Dr. J. Loren Pease, B. A. Forsterer, George F. Foye and Dr. Frank R. Woolsey.

Aahmes band will render numbers during the reception in the clubrooms, and preceding the dance the patrol will be seen in an exhibition of fancy drilling. The floor will be cleared for dancing at 10 o'clock. Although over 300 will be present at the banquet a great many more guests will arrive later for the big reception, and arrangements have been made to care for a large crowd. Several novel surprises in the way of "stunts" are being worked up for the evening by the committees in charge.

DYNAMITE CASE GOES TO JURY

President of Wool Trust and Alleged Conspirators Await Verdict.

BOSTON, June 6.—The case of the alleged dynamite "planting" conspirators, William M. Wood, Frederick E. Atteaux and Dennis J. Collins was given to the jury today.

Judge John C. Crosby instructed the jury to return a verdict on each of the six counts of the indictments, but to find the defendants not guilty on the sixth count, which charges conspiracy to injure certain buildings and other property. No evidence to sustain this charge has been given.

The other counts specify different and distinct offenses, but all have a bearing on the broad accusation that the defendants conspired to injure the cause of the textile strikers at Lawrence by "planting" dynamite on their premises.

The opening of court was delayed for an hour and a half while one of the jurors, Morris Shuman, was closeted with Judge Crosby, District Attorney Joseph C. Pelletier and counsel for the defense. No explanation of the delay was made, but a rumor that a mistrial might result was soon dispelled for the court immediately began the charge to the jury.

Any agreement to injure any person constituted a criminal conspiracy, the court said, adding: "If the jury should find that no conspiracy existed, that ends the case, but if the existence of a conspiracy is established then all of the acts and declarations of each of the defendants may be considered as evidence against the other defendants."

SUSPECT YEGGMAN MAY BE RELEASED

Man Arrested on Suspicion Gives Detectives Facts to Prove Alibi.

SAN FRANCISCO, June 6. — It is possible that Frank Ledterman, alias Frank Smith, arrested yesterday at Bohemian Grove on suspicion of being the leader of a band of cracksmen operating here and in Alameda county, may be released from custody. This morning Detectives Proll, Riehl, Nolan and Kalmbach started out to verify a number of facts given them by the suspect in an endeavor to establish an alibi. There is nothing stronger than suspicion against their prisoner, who is being held in detinue.

Sheriff Frank Barnet of Alameda county came here this morning and interviewed the local officers in connection with the the possibility of Ledterman's being connected with the blowing open of the vaults of the Alameda County bank at Alvarado. If the police can find a strong case against the accused either here or across the bay he will be held.

TYSON CONTEST TO BE SETTLED

Judge Ogden Issues Order Permitting Compromise in Will Matter.

Contest over the $75,000 estate of the late Emeline Tyson of Niles, which was brought April 29, 1912, is about to be settled without a trial in the courts, according to an order permitting a compromise issued by Probate Judge Ogden today. The contest was filed by Raymond A. Peters, Helen E. Peters, Hilda Meyer, Dorothy Tyson, Sidney B. Tyson and Elizabeth B. Tyson, all grandchildren of Emeline Tyson, who died April 13, 1911.

The compromise which has been effected between Raymond Peters and Helen Peters provides that they shall each receive $2000 instead of $1500 each, as provided in their grandmother's will. The remainder of the contestants will also receive a much larger portion of the estate, according to agreements which have been reached between their attorneys and the executors.

When the contest was filed, the grandchildren alleged that Mrs. Tyson, who was 80 years of age at the time of her death, had been influenced against them. They claimed that other relatives had lived near her for some time in a large home at Niles and that the aged woman was completely under their dominition. As supporting their claims they said that in December, 1906, their grandmother was induced by a stranger to give up a large sum of money.

Attorney Thomas C. Huxley, representing the executors, stated today that the entire contest would probably be settled within a short time.

"The matter has been settled with the Peters children and we expect to settle with the Tyson children shortly," said the attorney. "So far we have only been able to conclude a portion of the settlement in cash and the remainder will be in land."

Helen E. Peters and Raymond A. Peters are children of the late Lizzie Peters, a daughter of Mrs. Tyson, and Dorothy, Sidney and Elizabeth Tyson [illegible] son, a son of the testatrix.

WILL PROSECUTE, DECLARES M'NAB

Federal Attorney to Go Ahead in Case Against the Fuel Men.

SAN FRANCISCO, June 6.—Refusing to comment on the dispatch from Washington to the effect that an attempt was being made to squelch the indictments against eight directors and employes of the Western Fuel Company, accused of defrauding the government of coal duties, Federal District Attorney John L. McNab today declared that his office was going ahead with arrangements to prosecute. "I will not try the case first in the newspapers, though," declared McNab.

"Eight men," added McNab, "are indicted by a federal grand jury. I am willing to say I believe them guilty and will try to prove it at the proper time."

The dispatch from Washington stated that some of the men accused are bringing influence to bear to have McNab called off in his work in prosecuting the case. The result, it is said, is the extending of the endorsement of McNab's work and further activity on the part of the department of justice. The directors accused are Sydney V. Smith, Robert Bruce, John L. Howard, James B. Smith, Joseph Schmitt and the others named are Superintendent Fred Mills and Weighers E. J. Smith and Edward Mayer.

ESTUARY SUBWAY WINS APPROVAL

County Surveyor Explains the Details of Alternate Improvement Plans.

The proposed subway under the estuary connecting Oakland and Alameda, was fully explained in so far as plans have been completed by the county surveyor, and blue prints exhibited by Deputy County Surveyor Fred S. Tibbetts at the meeting of the Down Town Improvement Club in Hotel Crellin last evening. Mr. Tibbetts explained in detail the three alternate plans and showed by figures that the building of a subway was practically a necessity and would become more and more so as traffic by water increased. He agreed with the government experts [illegible] to navigation and that such obstructions stood in the way of development of the lands adjoining the harbor by manufacturers by reason of the loss of time to mariners as well as to citizens of both Oakland and Alameda who were obliged to await the turning of the drawers to allow of the entrance of vessels of every description to the inner harbor. He called attention to the fact that once installed the subways were an absolutely permanent proposition and required practically no outlay for upkeep. The top of the subway, to conform to government regulations, will be forty feet below low tide or, in other words, at low tide there will be forty feet of water. By the new arrangements as outlined in the report and shown on the plans, the highest grade will be but 4½ per cent.

SURFACE TRAFFIC

Asked by A. A. Denison, secretary of the Oakland Chamber of Commerce, if the plans had been drawn with an idea of surface traffic or subway or overhead traffic, Mr. Tibbetts stated that only surface traffic had been considered, but in explanation said it would be but a small matter to so change them that they could accommodate both subway and surface traffic. Mr. Denison called attention to the facts that had already been brought out by Mr. Tibbetts, that most of the larger Eastern cities were using subways for both steam and electric cars and that if Oakland was to grow as all things pointed to its growth in the next few years, that in order to accommodate the increasing traffic the street cars and suburban branches of the railroads would eventually have to enter subways or elevate their tracks but that the former was the most feasible. Mr. Denison suggested a union station for all traffic in the vicinity of Fourteenth and Webster streets, and Mr. Tibbetts explained that to get there from Alameda by subway would only require about a 2 per cent grade.

Mayor Frank Otis of Alameda stated that the people of Alameda were strongly in favor of the proposed subway, and that it would bring trade to Oakland that now goes to San Francisco and other cities.

UNION DEPOT.

Councilman William Hammond Jr., of Alameda said he had listetned to the discussion with great interest and thought all of the plans good but he thought the very best should be selected and he thought there was a good point brought out by Mr. Denison, and that it might eventually work out to an Union depot, where all traffic by cars from the suburbs could center. He favored Mayor Otis of Alameda calling a special meeting of the City Council, and citizens to discuss the various plans suggested and arrive at what was best for all.

Councilman Probst was taken with the statement made by Mr. Tibbetts that enough time was lost each year in delays to traffic by reason of the drawbridges to pay interest on $750,000 of bonds and he believed the subway was one of the most necessary things in Alameda County today. He was strongly in favor of it.

Charles R. Smith told of the beginning of the subway agitation some ten years ago and of the steps that had been taken to date and he strongly favored a subway as beneficial alike to Oakland and Alameda. Other speakers were President Aber of the Down Town Improvement Club, F. A. Braun, Montell Taylor, Walter A. Henry, H. A. Borchert, H. F. Seiler, and D. Knabbe.

Four new members were elected to the club.

THE FUN-LOVING MEN ARE POPULAR WITH WOMEN

By LAURA JEAN LIBBEY

Copyright 1913, by Laura Jean Libby.

"For soft the hours repeat one story;
Sings the sea one strain divine,
My clouds arise, all flushed with glory—
I love—and the world is mine."

A MAN'S humor, or the lack of it, has much to do with his success in life—aye, and causes his love affairs to prosper or fail ignominiously. The fun loving fellow with a merry quip on his lips is sure to be a favorite with women, especially with girls. They find him irresistible [illegible].

LAURA JEAN LIBBEY.

The young man who is at a loss for words in women's company is voted uninteresting by many a girl who may underestimate real values. The lively young man who can keep a room of guests laughing over his bon mots is eagerly sought after at dinners [illegible] where mirth predominates.

The merry fellow can take his pick of partners. It is he who introduces the turkey trot and the tango. He enjoys creating a sensation, being the leader and the idol of the girls.

The very quiet, bashful young man is usually forced into a back seat. He seems to stand in his own light. It does not follow because young girls make a hero of the lively fellow and are disposed to fall in love with him that their mothers share their enthusiasm over him and have a desire to welcome him as a son-in-law into the family. They have often been known to nip a daughter's admiration in the bud ere it blossomed into love.

The lively, fun loving young man may become his own worst enemy. Like the bee, he is attracted to the flowers which grow most riotously sweet. More temptations are strewn in his path than in that of the serious, sedate young man.

The lively young man is usually a beauty worshiper. He is easily flattered by women and is not above flirting, attaching no importance to such an affair, good, bad or indifferent. The serious young man realizes that his deportment is all that he has to rely upon. It may not make a hit with some mothers, but it is sure to be appreciated by the fathers of daughters.

The mothers may invite the lively fellows to their social affairs, but the father brings him home to dine with him. He is pleased if he and his daughter take a fancy to each other. He is a man of all others whom he would choose for his daughter's husband. He is a man of the world and fully knows light chaff from solid wheat.

One must not infer that all lively men are to be avoided as husbands. Indeed, the most rollicking, unloving lover has developed into the most serious and practical of husbands. They have had their enjoyment and are quite ready to settle down. It is the man's heart and his standard of honor by which he must be judged.

One cannot take it for granted that the slow appearing young man has a heart of gold. In secret he may really be very much more of a "deuce of a fellow" at cards and late hours than his jolly, open hearted chum who has not learned the art of concealment.

Taking all in all, a man may be just the opposite to what his temperament would lead us to believe. A good husband may be made entirely out of a very merry or serious kind. The woman he marries generally decides his future. Most men are willing to change their entire nature that they may be everything that the women whom they love wish them to be. They can only be judged by their hearts.

SHALL SHE SPEAK TO HIM?

"Dear Miss Libbey: I am 18 and meet a young man three times daily. Now this young man used to go to the same school that I did. It is now more than eight years since we went to school together. He is about 22. My brothers know him, but scarcely ever see him. He smiles at me every time he sees me and I know if I would speak to him he would speak to me. Would it be proper to begin to talk to him? He knows who I am and I know who he is, but that is about all. We do not speak. We never had a quarrel nor had any misunderstanding with each other. I think it is from not seeing each other so long. Shall I speak to him?

"M. B."

If you knew the boy in school it would be entirely proper to speak to him when you meet him. Or perhaps it would save embarrassment, since it is so long since you went to school together to have some common friend introduce you. However, this is really unnecessary in your case.

DOESN'T CARE FOR GIRLS.

"Dear Miss Libbey: I am 23. I do not care for girls very much and find more enjoyment with boys. I know one girl who likes me very much more than I could ever like her. She asks me to call at her house and asks me to parties so far in advance that I cannot say that I have a previous engagement. I do not want to tell her that I do not want to go with her, but I do not know what else to do. She knows that I know she likes me and she also knows that I do not care for her, but still she asks me to go to places with her. I never asked her to go any place with me and never called on her of my own accord. What I want to ask you about is this: I am now in receipt of a letter from her asking me to escort her to a dance. It is a dance I would like to go to very much, but not with her. I am not sure, but I think I will receive an invitation later from another girl, one I care more for, and I do not know how to refuse this invitation. I cannot say I have an invitation, because I have not and may not get the one I expect and on the other hand I cannot tell her that I am going elsewhere because I might go with the other girl. I do not want to be mean to the girl I received the letter from because she is unpopular and has very few friends. She knows just how I feel about it and almost begged me in the letter to go with her. I really wished she had asked some one else, and I would feel very much better if I knew she cared for some one else.

"M."

If the girl refuses to see that you do not want to go about with her you will simply have to tell her frankly that you would prefer not to be the object of her attentions. She is very bold and really deserves to be treated with little consideration. If you want to attend the dance with the other girl why not invite her yourself instead of waiting for her to invite you?

ARCHITECT INJURED WHILE FIGHTING FLAMES

SAN FRANCISCO, June 6.—Oscar Mohr, a young architect, and member of the City Beautiful committee, was slightly burned about the hands and his clothes were scorched in a fire extinguished by himself and his mother at the family home, 2254 Van Ness avenue, this morning. The blaze started from an overheated furnace on the side of the building next door. Ed Mohr, the father, had left the house when the blaze was discovered and Oscar and Mrs. Mohr hastily attached a hose and began to play water upon the flames. In endeavoring to beat out a section of fire, young Mohr was burned. When the fire department arrived the flames had been extinguished.

WHOLESALE EXPULSION THREATENS SCHOOL

BOARD OF EDUCATION TO STAMP OUT FRATERNITIES

Many Pupils Frankly Admit They Belong to Secret Societies; Letter Issued

Wholesale expulsions threaten to result from the investigations conducted this week by the Board of [illegible] school fraternities and sororities. Following the announcement by Chairman Calvin M. Orr at Monday's meeting, when fifteen youths were expelled, members of the board have conducted a rigid inquiry. Girls as well as boys are affected, and it is probable that sensational developments will result.

The work of investigation was assisted materially by the boys expelled at the last meeting. Instead of lying about their connection with the fraternities these boys frankly admitted their guilt in many cases, although refusing to disclose the names of others. This example has led others to adopt the same tactics.

Members of the board and Principal Keyes have been in conference this week, and it is probable another report will be submitted to the committee of the whole before Monday's board meeting. This will contain the names of additional fraternity members, with whom, it is stated, the same action as last week will be taken. The board members, with the exception of Director Boyle, are determined to stamp out the "frats."

RENOUNCE THE FRATS.

The expulsion of the boys last week has started a movement among their fellows to attempt to have them reinstated by publicly renouncing fraternity charters to accomplish the purpose. A committee of high school boys will wait on board members with the proposition. What action will be taken is not known. Should this compromise be made, and the youths voluntarily give up the charters and prove this, it would mean that the fraternities would be abolished forever in Oakland.

Feeling that parents should be warned of conditions in the school and of the danger attendant on the fraternities, the board has issued a letter to parents. This sets forth the rules of the board and explains the state law, and, that it may be read by all, pupils will be asked to take it home and bring it back signed by both parents or guardians.

"I think," declared Superintendent of Schools A. C. Barker, "that if the parents understand conditions fully they will seek to have their children avoid peril of expulsion. The board can take no other course, for the state law is mandatory. I cannot see how parents will encourage direct violation of the law. The law has been upheld in the courts and is valid, and it is a bad practice for school boys to start life by violating a statute. It leads in many cases to trickery and misfortune."

LETTER TO PARENTS.

The letter to parents issued by the board this week, is as follows:

For several years the evils of fraternities and other secret societies in high schools have received the serious consideration of teachers and boards of education all over the country. Between the years of 1907 and 1912 laws were passed prohibiting them in high schools by the states of Indiana, Kansas, Minnesota, Ohio, Vermont, Washington, Michigan and Mississippi, beside regulations to the same effect in seventeen prominent cities of the United States, including those of such standing in the educational world as Madison, Milwaukee, Kansas City, Denver and Chicago. In 1909 the California Legislature passed a similar prohibitory law.

In view of this widespread sentiment against fraternities and other secret societies, and the definite legislation in our own state against them, the Board of Education of Oakland has considered it its duty to do all in its power to abolish such societies. To that end pledges have been signed by all students in the high schools avowing non-membership in fraternities or other secret societies composed wholly or in part of high school students, and promising not to join or to pledge themselves to join any such during their high school life.

PLEDGES BROKEN.

These pledges are daily being broken. Fraternities still exist in our schools; new members are constantly being pledged and admitted. Such violation of the law on the part of students entails constant deception, both in word and deed, deception that is already weakening the moral character of our boys and girls, and must soon lower the standard of citizenship in our midst.

For this reason the Board of Education feels that it must, in its duty to the city, do all in its power to stamp out this evil. It cannot succeed without the co-operation of the parents, and it therefore earnestly appeals to every father and mother having children in our schools to work with it to uphold both the letter and the spirit of the law. More important than the existence or non-existence of fraternities is the development in our boys and girls of a respect for law and a reverence for truth and rectitude. There can be no strength nor safety in our citizenship without such respect and reverence. We beg the help of all thoughtful, right-minded parents of Oakland in our efforts to create these ideals.

PRAISE GIVEN BRAVE OFFICER

Patrolman J. G. Wallman Receives Commendation of Department.

Commendation of the heroic act of Patrolman J. G. Wallman in risking his life to drag Mrs. Adam Heberer from in front of the police patrol automobile, when a collision occurred Wednesday evening, was expressed in a letter from F. C. Turner, commissioner of public health and safety, to Acting Chief of Police F. J. Lynch today. Mrs. Heberer was thrown from her husband's automobile when it collided with the police patrol, and she was saved by Wallman.

Turner's letter follows:

> Captain J. F. Lynch, Acting Chief of Police, Oakland, Cal.—Dear Sir: Commissioner Anderson has just stated to me that he witnessed the collision last night, between the police automobile and another machine at Fourteenth and Webster streets and he confirms the statement made in the papers that the driver of the police machine not only was blameless for the accident, but that by his quickness in acting as he did, undoubtedly saved the lady's life.
>
> I therefore wish that you would express to the officer the commendation of the department. Very respectfully,

PRINT PAPER HAS TARIFF INNING

Is Partly Free Listed in Underwood Bill After the Conference.

WASHINGTON, June 6.—Seeking more light on the print paper question the Senate finance sub-committee considering the wool, pulp and paper schedule of the Underwood tariff bill, conferred today with John Norris of New York, chairman of the committee on paper of the American Newspaper Publishers' Association. Print paper costing not more than two and a half cents a pound was put on the free list in the Underwood bill but representatives of the paper manufacturers appearing before the Senate sub-committee urged a countervailing duty because of certain restrictions on pulp woods.

Free listing of photgraphic films used in moving pictures probably will be recommended to the finance committee by the sub-committee in charge of the sundries schedule.

G. J. Gennert, of New York, filed today a brief asking that all photographic films be free-listed on the ground that the Eastman Kokak Company has a monopoly of the business. The Eastman Company has filed a brief protesting on the ground that raw materials are dutiable.

VETERANS GATHER TO UNVEIL MEMORIAL

LOS ANGELES, June 6.—Hundreds of war veterans and sailors from the U. S. cruiser South Dakota gathered at San Pedro today to participate in the unveiling of the monument to sailors of the cruiser Tennessee, who were killed in an explosion off the southern California coast in June, 1908.

The South Dakota arrived from San Diego last night to assist in the ceremonies.

Several sailors met death when a boiler exploded on board the Tennessee near Santa Barbara and recently a movement to honor their memory with a monument was started by the San Pedro Chamber of Commerce. The monument was purchased by public subscription.

TWO THEFTS OF JEWELRY REPORTED

SAN FRANCISCO, June 6.—While on an automobile trip last night, during which cafes were visited, Charles H. Rule, who lives at the Alexander hotel, 352 Geary street, either lost or had stolen from him a gold watch and a fob with a charm set with 15 diamonds.

[illegible] apartments has lost a brooch set with 34 diamonds and valued at $600. She attended the theater last evening and is certain that the brooch was in place when she took her seat.

BALKAN ALLIES AND TURKEY DISTURBED

Militant Sufragettes Nearly Succeed in Breaking Up Peace Conference.

The Demonstration Before St. James Palace Ends Up in Wild Riot.

LONDON, June 6.—Militant suffragettes almost succeeded today in interrupting the deliberations of the peace conference between the delegates of the Balkan allies and Turkey by organizing a demonstration outside St. James Palace during the session.

The Women's Freedom League called a meeting "to protest against the government's supposition that it was able to secure peace abroad while unable to maintain peace at home."

The police warned the organizers that the meeting was illegal. A large crowd of hostile persons pulled the speakers from the wagon they were using as a platform and finally the police arrested three of the speakers.

CONDITION SERIOUS.

EPSOM, England, June 6.—The condition of Miss Emily Wilding Davison, the militant suffragette who was so severely injured while interfering with the King's horse in the Derby on Wednesday, became much worse today. She passed a restless night and the doctors consider the symptoms grave. An operation probably will be necessary.

Miss Davison was operated on this afternoon. Her relatives have been summoned to her bedside. The doctors fear her case is hopeless.

M'LOUGHLIN WINS DAVIS CUP TENNIS

Californian Too Speedy for Horace Rice From Australia.

NEW YORK, June 6.—Maurice E. McLoughlin, the Californian, won his match with Horace Rice, the Australian, in the Davis cup tennis preliminaries by straight sets, 6-1, 6-3, 6-3.

The United States and Australian tennis teams opened their three days' preliminary Davis cup tournament under perfect weather conditions. The winner of these series will meet the German team, which defeated France in yesterday's match at Wiesbaden. The test is the best three out of five matches divided into four singles and one double match. The schedule for today's play brought together M. E. McLoughlin (U. S.) against H. M. Rice (Australia) and R. Norris Williams II (U. S.) against S. N. Doust (Australia). Robert D. Wrenn, president of the United States Lawn Tennis Association, sat in the referee's chair and other prominent tennis players acted as linesmen. The one drawback to the conditions was a puffy wind that blew down the court from the south. When play began there were fully 4000 spectators present.

Williams won the first set from Doust, six games to four.

McLoughlin and Rice entered the courts together to be greeted with a round of applause by the gallery.

McLoughlin won the toss and served from the south court with the wind at his back. The Californian won the first game at love, Rice finding McLoughlin's speedy play hard to handle. McLoughlin broke through Rice's service, winning the second, 4 to 1. He easily won the third game at love, but Rice took the fourth after deuce had been called. The fifth was McLoughlin's at love. McLoughlin took the sixth at 7 to 5 with a terrific cross court smash.

The seventh and final game went to McLoughlin, 4 to 1. Score: McLoughlin, 6; Rice, 1. First set: McLoughlin, 444 547 4; Rice, 010 705 1.

The point score of the second set was: McLoughlin, 440 424 555; Rice, 014 142 273.

McLoughlin also won the third set, 6-3.

Score to third set: McLoughlin, 414 244 445—32 points, 6 games; Rice, 041 426 023—22 points, 3 games.

McLoughlin, three sets, 18 games, 87 points.

Rice, no sets, seven games, 60 points.

Time of game, 50 minutes.

LOCAL PHOTOGRAPHER IS REPORTED MISSING

William P. Norton, a photographer, 33 years old, was reported to the local police as missing from his home, 2912 Union street, Oakland. The complaint comes from his wife who says that he disappeared several days ago and she has received no communication from him. Norton has a scar on his forehead which would readily identify him. He is about 5 feet 7 inches, slim build, fair complexion, smooth shaven, and has light hair and blue eyes. He wore a gray suit and a green hat when he left home.

BROOKLYN PARLOR HAS ELECTION OF OFFICERS

Officers were elected for the ensuing team by Brooklyn parlor, No. 151, of the Native Sons of the Golden West, last night at their headquarters. They were as follows:

J. W. McNeice, president; F. B. Perry, first vice-president; Walter Beauregard, [illegible] vice-president; Charles Jacoby, recording secretary; Milton H. Glaze, financial secretary; J. J. Mulgrew, treasurer; Oscar Kunze, marshal; Charles Marsh, inside sentinel; E. J. Tietjen, outside sentinel, and Henry F. Vogt, trustee.

MOVING DAY AT OLD CITY HALL MERRY ONE

Council Meets in Cheerless Chambers

In a cold bare council chamber, from which carpets and gas fixtures and heaters had been removed, the city commissioners sat in session today, listening to the tramp-tramp-tramp of the chain-gang carrying furniture out of the old city hall into the new. Throughout the session and all day the army of workers marched back and forth between the old departments and the temporary quarters fitted up on the first and second floors of the new hall.

Moving day proved unpleasant to many of the departments. Business was interrupted at times by the removal of a desk or typewriter, and books and records had to be taken in allotments to the new building.

The work was conducted in the most expeditious manner possible, however, as it had been carefully planned by Commissioner Harry S. Anderson and his secretary, William Masterson. Masterson personally directed the installation of the desks and other equipment, the placing of telephones, the erection of partitions, equipment with drop electric lights and other details of the moving day work.

The commencement of the moving was made yesterday, and it is probable from present indications that it will extend into the middle of next week. The rooms in which the departments have been installed are plastered, but in many cases the floors are of concrete and are cold and bare. There is no wainscoting, baseboard or interior woodwork, except the unpainted doors and frames erected temporarily.

ENJOY MOVING.

But the attaches of the city, who have grown to dislike the gloomy old shack in which they have been housed for so many years, are taking cheerfully all the discomforts of moving. There will be many inconveniences, but in the new quarters they will be away from the dirt and grime of many years.

In the old city hall the city prison was in the basement and odors of corned beef and cabbage, disinfectant and [illegible] odorous matters welled up through the floors and came in through the open windows. In the new city building the jail will be on the thirteenth and fourteenth floors, and will no longer be a source of acute discomfort.

Books and records that have been accumulating for decades were stored in the clock tower of the old hall. The dust of ages was piled upon them and the cobwebs had gathered until it was a veritable spiders' paradise. It developed upon Henry Hencken of the auditor's office to clear away this rubbish and dig out the books. The task was accomplished several weeks ago.

TO FINISH NEXT WEEK.

It is anticipated that the removal of the departments will be accomplished by the middle of next week. The departments which will have temporary quarters in the new city hall are the police department, the detectives' department, Mayor Mott's office, the city council, Commissioners Harry S. Anderson and F. C. Turner, the city clerk's office, the civil service board, the purchasing agent and price expert, the police courts of Judge Mortimer Smith and George Samuels, the identification for criminals and a few minor offices.

In the city hall annex in Broadway, City Auditor George Gross, Commissioners W. J. Baccus and Forrest, the street, engineering, harbor, permit, health and other departments will continue to rent space in the old Braley-Grote building until the permanent work has been completed on the new city hall.

ESCAPES JAIL BY PAYING WIFE ALIMONY

Ernest W. Wixon, an employe in the county assessor's office, was saved from going to jail this morning by the payment of $25 on his alimony account with his wife, Emily Wixon. Mrs. Wixon had her husband cited into court for failure to pay alimony and after a hearing Superior Judge Harris told him that he would have to go to jail for contempt of court in disobeying the order to pay alimony. Attorney J. Kennedy, representing Wixon, offered to advance his client $25 on account and Judge Harris allowed the matter to be continued. Wixon declared that he had been paying debts with his salary but the court ordered him to settle his account with his wife.

GIRL GRADUATES TO DRESS PLAINLY

Puritanical Simplicity Is Order and Frills Are Tabooed

Puritanical simplicity in dress will be observed by the girls of the public schools of this city at the graduation exercises which will be held in the high schools and the grammar schools of Oakland, on June 27. No frills, fancy bows, jewelry or ornaments of any description will be worn by the young women, who, in the past always dressed as they desired and were independent of the edicts which have been issued by the board of education this year.

The children of the intermediate school, No. 1, who will conduct their closing exercises this evening in the assembly hall of the Swett school of East Oakland, have been instructed to eliminate the customary extravagance, such as velvet or embroidered white dresses, white shoes and white stockings and white gloves. Their garments will be free from trimmings and only the plain white gown will be tolerated.

The precedent will be enforced in all the institutions of learning in Oakland as it is elsewhere. The new law governing the sartorial makeup of the students is the result of numerous complaints which have been presented to the local board of education by the parents, who declare that the graduation outfits are too expensive and the poor children cannot compete with the wealthier pupils who can select costly robes. The mothers are now rejoicing that the rich and the poor will be attired alike.

In many of the eastern cities the children are requested to purchase clothes of uniform style, which are very inexpensive but neat and attractive. Miss Annie Florence Brown, a member of the Oakland board of education, was among the first directors of that body to advocate a reform in dress and she has stamped the seal of approval upon the simple graduation dress.

There will be uniformity of fashion seen at the intermediate school, where the girls will not be conscious of excelling their colleagues in the matter of dress.

ILLINOIS VICE COMMISSION CONVENES

Fifty Bankers and Large Employers Called as Witnesses on Wage Investigation.

Study Relation of Men's Wage to Immorality of Women in Families.

CHICAGO, June 6.—Fifty witnesses, including bankers and large employers, were scheduled to testify when the Illinois vice and minimum wage commission began a two days' session here today. The commission desires light on the relation of low wages of the heads of families to immorality among women. At previous sessions fragmentary testimony indicated that inadequate wages received by fathers has more to do with vice than small wages paid to their daughters.

Chairman O'Hara informed the witnesses that they would not be put under oath as the meeting was co-operative, intended to be mutually helpful.

George M. Reynolds, president of the Continental and Commercial National Bank, was the first witness. The average wage or salary of the 827 employes of the bank, witness said, was $75 a month.

"Would it make any important difference, in dollars and cents, if you were to pay your inexperienced boys $7.50 a week?" asked Chairman O'Hara.

"Any change which eliminates merit and makes wages arbitrary would be bad practice, in my opinion," replied the banker. "In dollars and cents it would make little difference to us."

James Simpson, vice-president of Marshall Field & Co., the next witness, said that his firm does not employ married men who are incapable of earning more than $12 a week.

"Perhaps if you paid better wages more bachelors would get married," suggested Senator Beall, former "stork" mayor of Alton, Ill.

BOYS EARN $8.

The witness laughed and went on to explain that the minimum wage for boys at the store is $8 a week.

"You can't get them for less; it's the law of supply and demand."

"More wages, more marriages, more boys," observed Senator Beall.

The witness said a state law fixing a minimum wage for married men would prove a business handicap compared with states that have no such law.

O'Hara spent some time in developing the fact that Marshall Field & Co. have a clerk who has been there 50 years and who recently celebrated the fact.

"Now," asked O'Hara, gravely, "would you mind telling us how much salary he draws?"

"Six thousand a year and about two thousand bonus."

Senator Beall wanted to know whether women and men average equally as sales people. Witness replied that men were better in some departments, women in others. He was asked to prepare a table for submission later to show the relative value of saleswomen as compared with men.

MISS ELVA GHIRARDELLI was the honored guest at a delightful affair at the Claremont Country Club yesterday afternoon when Miss Bernice Bromwell and Miss Helen Dunning complimented her with a large tea. Miss Ghirardelli was recently graduated from Miss Head's school in Piedmont and will leave soon with her mother, Mrs. Louis Ghirardelli, for a summer tour of Europe. The rooms of the attractive clubhouse were decorated with masses of bright blossoms, and the many handsome gowns worn by the guests and the receiving party made a beautiful harmony of rich colors.

Miss Bromwell received her guests in a costume of yellow charmeuse, draped with lace, and Miss Dunning was daintily gowned in white charmeuse. Among those who assisted the young hostesses were Mrs. L. L. Bromwell, Mrs. Charles Tripler Hutchinson, Mrs. Louis Ghirardelli, Miss Helen Goodall, Miss Suzette Greenwood, Miss Margaret Mosely, Miss Alice Palmer, Miss Dorothy Deming, Miss Juanita Ghirardelli, Miss Alice Connors, Miss Philena Wetmore, Miss Etta Schrock, Miss Madeline Chambers and several others.

⁂

WITH THE TRAVELERS.

Mrs. A. H. Bergstrom of Alameda and daughter, Miss Ruth Bergstrom, will spend a portion of the month of June in Sonoma county. Miss Bergstrom is home from a private school she is attending at Palo Alto.

Mr. and Mrs. W. M. Hunt, who have been spending two weeks in Brookdale, will leave next week for the Yosemite Valley.

⁂

TO VISIT RANCH HOME.

Mrs. Maude Smith Francis of Alameda will be the guest of Mrs. M. Locher at the Locher ranch near Concord during July. Mrs. Francis will be accompanied by her daughter, Miss Ramona Francis, who will graduate from the Haight school this summer. Mrs. and Miss Francis will leave about July 1 and will remain away for several weeks.

⁂

TO ENTERTAIN FOR BRIDES-ELECT.

Two engaged girls will be the honored guests at an affair Saturday afternoon for which Miss Olive Voss has sent out cards. Miss Bertha Johnson, fiancee of Frank Doane, and Miss Emily Arlitt, who is betrothed to Mr. Hazelbacher, will be complimented. Couper of Christ Episcopal church, performed the ceremony. About twenty-five guests witnessed the nuptials. Miss Mae Judd of San Luis Obispo, was the bride's attendant, and Miss Beatrice Pool played Mendelssohn's wedding march. William Dinsmore of Berkeley served as best man. The bridal gown was of mignonette green silk, trimmed with duchess lace, and the bridesmaid wore pink charmeuse. Linge and his bride aer to make their home in Alameda.

MISS DOROTHY LOVE, WHO HAS GONE TO NEW YORK ON A THREE MONTHS' VISIT.—Scharz Photo.

⁂

TO VISIT EAST.

Miss Dorothy Love has left for New York, where she will be the guest of her uncle, Samuel Weed, during the summer months. Miss Love is a student at the Oakland High school and a member of the Junior Assembly, and is one of the attractive younger belles of the social set.

⁂

WEDDED YESTERDAY.

News of the wedding of Miss Elizabeth Dickinson, granddaughter of Mrs. Hester A. Dickinson of Alameda, and Clarence Peyton Kane of the same city, which took place yesterday morning, will be a surprise to many of their friends. Rev. Everett W. Couper performed the ceremony at Christ Episcopal church, Alameda, in the presence of a number of relatives and a few intimate friends. A wedding breakfast at Mrs. Dickinson's home in Willow street, followed the ceremony. The bride wore a traveling suit and was unattended.

Mrs. Kane is the daughter of Mr. and Mrs. Henry James Dickinson of Buffalo, N. Y., but has for the past year been making her home in Alameda with her mother while attending the University of California. Kane is the son of Mrs. Ellsworth Kane of Alameda, and is a descendant of the Peyton family, pioneers of California. After the honeymoon Mr. and Mrs. Kane will reside in the Encinal City.

⁂

ENGAGEMENT ANNOUNCED.

The engagement of Miss Mignonne Mirabelle Read, daughter of Mrs. Elizabeth Read of Alameda, and Maxwell Vestal has been made. Today's Beauty Recipes

By Mme. D'Mille.

"One shampoo sold by druggists is entitled to all the praise showered upon it. That is Mother's Shampoo. It is so different from other shampoos that you must try it yourself to know how truly good it is. It leaves the scalp clean, refreshed and free from dandruff and makes the hair glossy, fluffy and beautifully lustrous.

"When embarrassing wild hairs disfigure the face or forearms, do not pull out or cut them off. Either treatment causes a darker growth. Superfluous hair is quickly and safely removed by one application of a paste made by mixing a little delatone and water. Cover the hairs with this paste, leave on two minutes, wipe off, wash the skin, the hairs will be gone.

"One often wonders at the perfect complexion of many women who are denied outdoor exercise. This simple recipe is relied upon by all who know [illegible] fine: Dissolve an original package of mayatone in a half-pint of witch hazel and apply this lotion instead of powder. It eliminates the 'shine' of perspiration and prevents freckles, tan and sunburn."

WOMEN IN THE NEWS

GIRL FINDS RING IN HISTORIC CASTLE

Miss Helen Katschinski Home From Trip With Valuable Jewel.

SThe historic halls of famous Windsor Castle, the favorite residence of the late Queen Victoria of England, furnished the setting for a stroke of good fortune for Miss Helen Katschinski of this city. The story reads almost like the childhood tale in which good fairies lead mortals into the homes of kings and queens and then, while they are admiring the scenery, [illegible] gifts at their feet.

This has been the experience of Miss Katschinski according to word received here yesterday. Accompanied by her father, Benjamin Katschinski, a well-known local merchant, she is making a tour of the world.

While in London Miss Katschinski took a trip to Windsor Castle. She and her father were walking through the halls of the historic palace when Miss Katschinski struck something with her foot. It gave a musical sound and she looked down and say a beautiful and valuable diamond ring rolling across the floor.

Returning to London she advertised her find several days, but no claimant appeared, and it became necessary for the Katschinskis to continue their journey. The ring is worth $250.

Poet's Relative Dies

LOS ANGELES, June 6.—Miss Annie Longfellow of Pasadena, who was injured in the recent Long Beach disaster, died yesterday. Her death leaves living but one relative of the famous American poet, Henry W. Longfellow, a brother of the dead woman, Charles Longfellow, of 1515 San Pasqual street, Pasadena.

Driver Jailed

PARIS, June 6.—Baroness Vaughan's former chauffeur, Lochet, was arrested yesterday on a charge of attempting to blackmail the baroness, who was the morganatic wife of King Leopold of Belgium. It is alleged that Lochet demanded $120,000 for the manuscript of his memoirs, containing revelations of Baroness Vaughan's life with the Belgian king and her second husband, Emanuel Durieux, from whom she obtained a divorce last May, and that he threatened, if refused, to sell it for $50,000 to a newspaper.

Skirt Wrecks Airship

BUC, France, June 6.—Auguste Bernard, a French airman, and a pasenger, Mme. Rose Amicel, were killed yesterday while making a flight. Madame Amicel's skirt became entangled in the lever connections. The pilot lost contral and the machine plunged from a high altitude to the earth and was shattered.

May Settle Suit

PARIS, June 6.—Proposals for an amicable settlement of the suit for separation recently brought by the Duchess of Orleans at Brussels against Prince Louis Philippe, pretender to the throne of France, thus far have been successful. It is reported that if the duchess declines to settle the case the duke will apply to the pope for a dissolution of the marriage, which is childless.

PROFESSOR TAFT IS GUEST AT WASHINGTON

WASHINGTON, June 6.—Professor William H. Taft, private citizen, arrived today for a visit in the capital in which he once ruled as the first citizen of the land. He will spend several days as the guest of Mr. and Mrs. W. J. Boardman and Miss Mabel Boardman and a number of entertainments already are planned in his honor, although it is understood Mr. Taft has expressed the wish that no formalities should mark his visit.

Take Time to Meditate

By LILLIAN RUSSELL

(Copyrighted, 1913, by Lillian Russell.)

NO lasting thought ever has been given to the world without it found root in the practice of meditation. It may have blossomed as an inspiration, but the blossom had real root in meditation. It is of the practical value of daily meditation that this little talk treats—the habit of occupying a few minutes of a half hour in self-observance. While an artist has a picture in process of painting he frequently steps back from his easel and surveys his work. He is critical in the extreme. You who seek to develop your personal beauty are like the artist. You have a picture—a most wonderful picture—in process of painting. So step back from your easel every day and view the work you have done. View yourself calmly. Reckon the time and effort you have expended each day upon improvement of your body, or [illegible] your body its true use. What have you done in sending the blood in brisk flow to every little capillary? Have you exercised? To what extent have you given the warmth or life of oxygen to tissue? Have you breathed deeply? Have you given care to your hair so that it will not be permenently injured in some small degree by the dust of the streets? Have you removed from the pores of the skin those clogging impurities which are injurious alike to complexion and health? And have you taken from your mind the poisons of the day—the worries, the emotions of anger, prejudice, jealousy so that your sleep will be tranquill and your rest perfect? If you, who are painting your own picture, more wonderful than ever artist painted, have not taken time to meditate over these things, then you are not giving to your body the attention that the most mediocre artist gives to an ordinary canvas. So meditate. The practice must be beneficial since the best thought the world knows has come from silent, uninterrupted thought. Remember, every day you are painting your masterpiece, and every action is a stroke of the brush, so do your work well.

Answers to Queries

MINNIE—I believe tea and coffee are far better left alone; tea, when taken fresh, in moderate quantity and strength, is not injurious to most people. It is refreshing when one is weary. Coffee is in no way a food, but when it is taken at a meal less food is necessary, because it diminishes tissue waste. It has a clogging action and hinders digestion. Too much coffee has a decidedly bad effect upon the complexion. Cocoa or chocolate are far more desirable.

E. P.—I think once a week would be plenty. One should not massage the face often. I think this would have a good effect on the tiny red veins on your cheeks. Camphor water also os good for this trouble. I shall be happy to send you a formula for skin food, with instructions for facial massage if you will send me a stamped, addressed envelope.

MARY ANN—If your fingers are short you should allow your nails to grow long and train them to do so, for long pointed nails give length to the fingers. However, you must kep your fingers properly manicured. The cuticle should be pushed back gently with the blunt end of the orange wood stick (not a steel instrument) every time the hands are washed. A little cold cream rubbed around the nails every night before retiring will keep the cuticle soft. The hands do more for us than we can possibly do for them, so at least we should show our apreciation by keeping them clean and healthy. They are the most useful and most telltale friends we have. We only have to use our minds to make them do the work. They will work for us all the day long, then do all the cleaning up themselves, if we only give them a chance. I am sending you complete instructions for manicuring.

BEATRICE—Whatever you do never attempt to use carbolic acid for removing moles on your face. This is a deadly acid and will burn the skin it comes in contact with. You are liable to disfigure your face for life using carbolic acid, or any acid, to remove moles. The best and safest way to remove them is by the electric needle.

H.—I am sorry, but I cannot give you the formula you ask about. I know of nothing you could put into the water to take the "reddishness" out of your hair. A bleach will probably change the color of your hair, but I do not advise you to use a bleach on the hair. There is nothing prettier, in my opinion, than red hair, and to bleach it would be to ruin it. Leave your hair as it is. I shall be glad to send you the formula for removing freckles if you will send me a stamped addressed envelope.

SAYS SHE SAW SPIRIT DEPART

Soul Like Spirit of Butterfly Leaves Father-In-Law, Woman Claims.

NEW YORK, June 6.—Mrs. David H. Baldin, wife of a leading druggist of Montclair, N. J., caused a sensation by announcing she had seen the soul of a man leave his body. She was able, she said, to describe the physical characteristics of the soul minutely.

The soul which she says she saw take its flight, and which she describes to the smallest detail, was that of her husband's father, Nathaniel H. Baldwin, 96 years old, who had been one of the most prominent men of Essex county for more than half a century.

"I heard a noise in my father-in-law's room about 8 o'clock in the morning of April 10," said Mrs. Baldwin, "and when I entered I was expecting no such thing as death. He had been in the same condition for many weeks.

"His head was back on the pillow, and his eyes were partly open. I adjusted the pillow, and asked if I could do anything else. He did not answer, but his eyes closed as he gave a gentle sigh of relief, and as his features relaxed into a most beatific smile his lips parted. Then there issued from between his lips a distinct and well defined shape. As the soul —for that I know it was—came from his lips it was in the form of a small butterfly, with beautiful wings. As it emerged it assumed a much larger form, beautiful and graceful, and so peaceful.

"As I reached to place my hands upon the ascending wings, I realized that my father-in-law was dying, that his spirit was leaving, and at the same time I looked down upon the bed and saw the most angelic expression I ever witnessed upon a face. Then I looked back to continue my pursuit of that fleeing soul, but it was gone. I knew I had seen a soul take its flight to its Maker. I am certain of it now."

Mrs. Baldwin is strongly opposed to spiritualism.

GIRL STEALS RIDE TO DEAD BROTHER

Arrested, in Male Attire, on the Tender of Fast Milk Train.

LIBERTY, N. Y., June 6.—Determined to reach her brother before his death and being without money to purchase the necessary railroad ticket, Miss Elma Burt Temple of Columbus, O., in a boy's suit rode the tender of a milk train from New York to this city. She was arrested charged with stealing a ride.

Miss Temple went to New York to ask [illegible] for tuberculosis. He brother died a few minutes before she arrived.

A subscription was taken up for the girl sufficient to send her back to her home.

ONE DAY IS BETWEEN BIRTH; ARE THEY TWINS?

CHICO, June 6.—At 11:30 o'clock a son was born to the wife of Walter Allwardt. Two hours afterwards, at 1:30, another son was born. The parents are debating on whether they are twins as one was born Wednesday and the other on Thursday, though only two hours apart.

The "tips" outwear the gloves

"The Kayser" SILK Glove

Three generations of American Women have set their "stamp of approval" upon "KAYSER" Gloves—and, for over a quarter of a century "KAYSER" Gloves have maintained their supremacy in the glove world.

"KAYSER" Gloves are the result of a lifetime spent in Silk Glove making—in striving for the attainment of that superlative degree of excellence that makes the "KAYSER" Glove the standard, by which all other Silk Gloves are measured.

There is no excuse for accepting the "just as good" kind—"KAYSER" Gloves "cost no more" and carry with them assurance of quality and reliability.

There's a way to tell the genuine—"look in the hem," if you find the name "KAYSER" you have the glove that "don't wear out" at the finger "tips."

EXPECTS LIGHT ON LOBBYISTS

Acting Chairman of Investigating Committee Looks for Results Soon.

WASHINGTON, June 6.—Acting Chairman Reed believes that the investigation will be able to turn the light upon some of the so-called lobbyists subpenaed before adjournment of the Senate lobby investigation tonight. Senator Reed was convinced that the committee is on the right trail at last and that from some of the men who have been summoned it will be able to extract information confirming President Wilson's lobby statement.

Senator Reed announced he would ask the Senate for an indefinite extension of time for the holding of hearings.

Senator Oliver, owner of 1000 shares of preferred stock in the United [illegible] mittee he did not expect the tariff in any way to affect its value.

"I have always held that insofar as iron and steel schedules of the tariff is concerned the United States Steel Corporation is very much less subject to menace than would small manufacturers be to a change in rates," said he.

In addition to the steel stock Senator Oliver said he had an investment of $1,500,000 in two Pittsburg newspapers and [illegible] preferred shares and about fifty common shares in the Pittsburg Coal Company whose product might be affected by the tariff.

"I never sought to influence any Senator in regard to the tariff on any of the articles in which I am concerned," said he, "nor has any one sought to influence me improperly."

NAMES VISITORS.

Persons who had called on him included L. Claus, W. S. Strassberger, A. F. Gaffney, John Pitcarn, Edward E. Marshall, Arthur B. Davis, John H. Penny, Colin Livingstone and W. L. Kann.

Senator Oliver declined to give his investment in copper or in other lines that he said were not affected by the tariff or other legislation before Congress.

"I am perfectly willing to give the public an inventory of everything I own," he said, "but I do not think the purpose of this investigation is to secure an inventory of every Senator's property."

Senator Walsh insisted that it was pertinent to ask how much Oliver had invested in copper properties.

QUESTIONS RIGHT.

"I cannot concede your right to ask that," returned Senator Oliver.

"You're dead right," interjected Senator Nelson, a Republican member of the committee.

Senator Reed agreed with Senator Walsh and Senator Cummins with Senator Nelson, Chairman Overman was absent. It was a tie.

Senator Oliver said he knew of no steel lobby and no representatives of the steel interests maintained in Washington on tariff or other questions.

Senator Dupont of Delaware said he owned several farms, 1000 shares in the Pennsylvania Steel Company, 1000 shares in the Cambria Steel Company, 1000 shares in the National Biscuit Company and no powder stock.

"When I came to the Senate I had a small amount of stock in the Dupont Powder Company but I disposed of that long ago," said he. "I have never felt it proper, however, for me to take part in any debates in the Senate involving powder questions or to talk with Senators about the subject."

Senator Dupont said that though he was a member of the Senate military committee, the committee had acted without his co-operation upon legislation concerning powder.

INTERESTED IN MINES

Senator Thomas said he had declined to take part in consideration of the lead and zinc provisions because of his mining interests [illegible] stock in the Del Mone Leasing Company, $80,000 worth in the Volunteer Mining Co., and $100,000 in the Creed Mines Co. limited.

Senator Thomas said the only remarks to him that might be considered "improper" came from Henry T. Oxnard who represented beet sugar interests opposed to free sugar. When he told Oxnard he probably would vote with his party in support of the Underwood bill Oxnard replied that if the free sugar provision were retained Congress "would be here until the snow flies, before the bill could be passed."

There had been a persistent effort to influence his action on sugar, wool and lead, Senator Thomas said, through a number of letters and telegrams from Colorado and the Rocky Mountain States.

"This correspondence has been so general, so almost universal in my state," said he, "that I am satisfied it is the result of organized efforts, inspired and the expense paid for by interests directly concerned in the rates of the tariff bill."

PRESSURE BROUGHT, CHARGE.

Further evidence of organized efforts of anti-free sugar forces to bring pressure to bear upon Western Democratic senators and congressmen to align them against President Wilson's free sugar plan were given the Senate lobby committee today by Senator Thomas of Colorado, a member of the finance committee. He produced hundreds of telegrams and scores of documents, letters, pamphlets and newspaper clippings which he believed showed an organized attempt to manufacture public sentiment in Colorado which would affect the action of its senators and representatives. He gave the names of many Colorado towns from which scores of similar telegrams and letters had come and said he had been informed by some of the signers that they were practically forced to attach their names because of financial obligations to persons directing the movement.

DIRECTORS URGE BANK RECEIVER

Measure Suggested as Means of Collecting Defunct Institution's Debts.

The Bank of Germany, which decided to cease operations on August 29, 1912, has issued a statement in which the present condition of the concern is set forth, and plans as to the future suggested. The loans outstanding since the decision to close are $227,243.86 and the loans collected in the same time $169,313.18, leaving $57,930.68 still uncollected.

The statement mentions the fact that the concern's attorney is bringing suits where necessary and doing his utmost to realize as soon as possible. The board of directors recommends that a receiver be appointed so that the out- [illegible] as possible and the affairs of the institution be brought to a speedy close. Rapidity of action is suggested as being the only way to declare dividends in the near future and the directors placed the matter before the 697 stockholders of the bank, saying that the decision rests with them. If the directors receive an assent to the suggestion of the board, dissolution proceedings will begin as soon as the courts can take the matter up.

The [illegible] holders is to be held July 8 at 2 o'clock, in room 314 Central Bank building. In the meantime the books of the concern are open to any stockholder at the above address, and Cashier R. F. Crist will be there to answer all questions.

CITY OFFICIAL DEMANDS EXPLANATION OF STRIKE

BUILDING TRADES SCORES STRIKERS

Council Refers to Electrical Workers' Union Members as Misguided.

SAN FRANCISCO, June 6.—The Building Trades Council held a lively session last night at which the situation of Electrical Workers' Union, No. 151, which is on strike against the Pacific Gas and Electric Company, was discussed. The council, after the discussion, adopted the following resolution:

"Whereas, misguided men, following [illegible] ment and motives are questionable—persons who have continuously precipitated labor controversies among trades unionists in various sections of the United States—have violated, and are now violating, the laws of the American Federation of Labor; therefore be it

"Resolved, That the Building Trades Council reaffirms its declaration, and [illegible] that the only conditions under which it will recognize or co-operate in any manner with these misguided men in the dual organization of electrical workers is that these men immediately join the duly recognized International Brotherhood of Electrical Workers and agree to abide by the laws, rules and regulations of the American Federation of Labor, with which that international is affiliated."

ASKS POLICE PROTECTION.

Mayor Rolph has transmitted to Chief of Police White a letter sent to the Mayor by John A. Britton, vice-president and general manager of the Pacific Gas and Electric Company, asking for police protection for its employes, and citing a list of attacks which have been made on company employes. Mayor Rolph has asked Chief White to investigate the charges made by Britton and report concerning the alleged attacks.

The letter from Britton is date May 31 and reads as follows.

On May 7, 1913, this company addressed you calling attention to the then necessity of having its property and men properly protected by police detail, and you at once fully complied.

"On that date 348 men voluntarily left the employ of the company in this city, and in the interior of the State 1110 men, making a total of 1458.

"Notwithstanding this defection in its ranks, the company, with a few minor exceptions, has maintained its usual service by guarding its property at a great expense, the necessity arising from the presence in front of and around its several plants of threatening crowds of men.

"The work of attending to the wants of its consumers requires attention by individual men, or small groups of men, this work has been seriously interfered with by thugs, who have beaten up our men, as per list attached.

MAY AFFECT CONTRACTS.

"This company has contracts for service with the Federal, State and city governments, and is bound to fulfill said contracts. This it cannot do unless guaranteed the protection the law affords nor unless its employes are protected in the peaceful pursuit of their work, which is guaranteed to them by the Constitution of this state and of the United States.

"I therefore request that in your capacity as chief executive of this city you will afford this company and its employes the protection to which both are entitled and will instruct the Chief of Police to see that the men employed by this company are while so engaged protected [illegible] thugs."

Mayor Rolph's reply to Britton's letter reads in part:

"I shall send your statement forthwith to the Chief of Police requesting that he immediately make an investigation thereof and report to me, and requiring of him that every power at the command of the city be used to preserve the peace of the community and law and order."

TURNER ASKS WHY LIGHTS ARE OUT

Repeats Charges of Union in Letter; Asks for Statement.

Commissioner of Public Health and Safety F. C. Turner made formal demand upon the Pacific Gas and Electric Company this morning in a letter for an explanation a to why thes street lights have not been lit in Oakland for the past two weeks. The letter explains that formal charges have been made by the striking electrical workers against the corporation, and asks whether the allegations are [illegible]

"[illegible] was dictating this letter last night a disturbance occurred in Fourteenth street within sight of my windows in the city hall," declared Commissioner Turner this morning. "Two men who claimed to be guards in the employ of the Pacific Gas and Electric Company, were attacked by a crowd and severely beaten, I am told.

ACCUSED OF DRINKING.

"These two men had been drinking. They carried blackjacks displayed in [illegible] alleged that they had been boasting and that they brought the trouble upon themselves. They certainly had no business about the saloons in the center of the mercantile district.

"I have instructed the chief of police to arrest men of this character if there is any legal reason for doing so, as it seems unquestionable that their presence has a tendency to incite trouble."

The trouble last night did not result in any arrests. Captain Charles Bock and Patrolman Myers had the crowd dispersed. The two guards who were attacked were taken to the police station but declared they would not ask for legal aid in prosecuting the men who had attacked them and they declined to give their names. Union men on strike who were present asked that the men be arrested for carrying blackjacks, but as there were openly displayed no arrests could be made for carrying concealed weapons.

LETTER TO COMPANY.

Turner's letter to the company follows:

Pacific Gas and Electric Company,
Oakland, California.

Gentlemen:

As you know the street lights have been out in considerable numbers since the strike of your employes began. While it is true that the contract for lighting the street provides for rebates at the rate of two cents per lamp hour which is practically equal to the price paid per hour when they burn, nevertheless it is a source of worry to the police department and to the public, as well as a great inconvenience to be without regular and continuous lighting.

The electrical department has served your company with the usual notices of lights out and I presume that you are acquainted therefore with the facts. Will you give an explanation of why better service is not given and just what we may reasonably expect in the near future?

Last Tuesday a representation of the men on strike charged that the failure to maintain regular lighting is due to your not having competent men; that mishaps occur regularly in the conduct of the business but that with the former skilled men you had in your employ, the mishaps were rectified promptly after report by the police department that there has been no injury to your plant by the men on strike or illegal interference on their part. The charge is also publicly made to the city council that you are now employing men of bad character who are not only unskilled in their work but that are dangerous to the community, that they are professional strike breakers, thugs and gun men who delight in violence and who without cause or provocation on the part of the strikers, violently insult said strikers and threaten them with bodily injury, that they carry loaded weapons and that your company has even gone to the extent of allowing lewd women to be imported into the gas plant.

From my past knowledge of the spirit of the local management of your corporation and its method of treating the general public it would seem incredible that these charges are literally true but they come from a committee representing your former employes and I know from my observation of these latter as well as my personal acquaintance with many of them, that they are men of a high class and a formal delivered charge made by them is not to be lightly ignored or set aside. I therefore ask that you send me a written answer to all these matters.

May I add in closing that in view of the large number of worthy men whose interests are so vitally injured by continued idleness and also the large number of stockholders of your corporation who are Oakland people and are likewise being greatly injured, it is of the highest importance that this industrial war should end.

If the authorities of this city can be of use in helping settle this matter, I am sure that they would be glad to offer their services and do anything they can to bring about a settlement in the interest not only of the general public but of our people who are directly interested on one side or the other.

Very respectfully,
F. C. TURNER.
Commissioner of Public Health and Safety.

TO ANSWER LETTER

"I cannot comment on this letter at the present time," said General Manager Frank Leach Jr., of the Oakland branch, having only just looked over it. "I will make a reply in writing tomorrow." Leach declared that until he had carefully read Turner's letter he could not enter into any discussion. "I much prefer to make an official written statement tomorrow," he said.

STRIKERS TO MEET.

Under the direction of the various strike committees, the striking employes of the Pacific Gas and Electric Company will hold an open meeting next Sunday at 2:30 o'clock in Rice Institute. Labor leaders will speak. No admission will be charged.

MANY ATTEND ST. LEO'S CHURCH BENEFIT TEA

PIEDMONT, June 6.—Nearly 250 society folk attended the musicale and tea given yesterday afternoon at the home of Mrs. Joseph E. Crabbe and Mrs. Augustus Champion, on Greenbank avenue. The affair was one of charity, being given for the benefit of St. Leo's church which was recently erected in Piedmont, and its parishioners are making every effort to clear it from debt. The Rev. Father Owen Lacey is pastor of the church. Among the prominent Piedmont matrons, who assisted the hostesses in receiving the guests, were Mrs. John Francis Smith, Mrs. H. Spencer, Mrs. L. W. Clark, [illegible] Myrick and Mrs. J. Bran.

MRS. ELLEN S. GORDON QUIETLY PASSES AWAY

After a lingering illness Mrs. Ellen Spears Gordon, wife of Harry F. Gordon of this city, died this morning at the family residence, 1465 Harrison street. Her death has come as a shock to her many friends here where she has lived for the past 35 years.

The deceased was born in Brewster, Mass., where she passed her girlhood [illegible] expressed much interest in religious work and gave liberally to charity.

Mrs. Gordon was among the loyal residents of this city and had the interests of Oakland at heart. She watched its phenomenal growth and development and was enthusiastic over the progress made since the early days.

The late Mrs. Gordon is survived by her husband, Harry F. Gordon of Oakland. She leaves no children. The funeral will be held tomorrow afternoon from the Harrison street home where Rev. John Bakewell, rector emeritus, will conduct the last rites.

OAKLAND-MADE FIRE ENGINE USED IN TACOMA

The Tacoma Daily Ledger in a recent issue publishes a picture of a powerful turbine gasoline fire engine which has just been added to the fire fighting equipment of Tacoma. This engine which weighs 7½ tons and is rated at 144-horse power, was manufactured in Oakland.

It will throw four streams of water, two inches in diameter, a distance of 350 feet. Engineer F. W. Ayres of Oakland is representing the manufacturers of the engine and is teaching the Tacoma firemen the use of the big car.

The Oakland fire department has a car of the same type in use which was manufactured in this city.

ENGINEERS TALK ON HARBOR ISSUE

Berkeley Chamber of Commerce Holds Big Meeting for Discussion.

BERKELEY, June 6.—Citizens of this city gathered at a big meeting held under the auspices of the Chamber of Commerce in the Hotel Shattuck yesterday afternoon and discussed all phases of the harbor question and proposed [illegible] were speakers during the afternoon. T. H. Fallon, chairman of the harbor committee of the chamber, presided at the affair.

Maps were distributed among those present, showing the exact location of the proposed harbor, which will extend from San Leandro to Point Richmond. Other charts were to be had, showing the exact location of the proposed new naval station and drydock, which may be established at Point Fleming, just north of the town of Albany.

John T. Flynn, C. E., who for a quar-[illegible] the harbor question of San Francisco bay, made an address in which he gave a graphic review of the efforts which have been put forth from time to time to make this part of the bay what its position on the map warrants. He explained that he is more interested in the development of the bay of San Francisco than in his own personal projects.

Whether the proposed naval base is in San Francisco or on the east side of the bay he is confident that it will be where it ought to be, namely on deep water on the bay of San Francisco. Touching the general plan recently submitted for the development of the east bay harbor district, he urged that advisability of moving the seawall or dyke at least a mile to the westward, in order that more valuable new land may be reclaimed; such land to be controlled by the municipal or state government, in order that factory sites and docks for shipping may be provided at low rates.

Captain Charles F. Pond, U. S. N., commandant 12th naval district, was the next speaker. He said that in his opinion the proposed ferry points on the east side of the bay have more good points than those in any part of the bay of San Francisco, and of all these "the site between Fleming Point and Point Isabel has more good points than any other location, and that it has no bad points. There is no natural site for a drydock on this bay. A naval base must be made by grading and filling or by dredging and filling, and of these dredging is the most economical. That is one reason why I favor the site between the two points mentioned."

Another similar meeting will be held by the Chamber of Commerce in the near future, when the public will be invited. It is proposed by that organization, to have all citizens realize the importance of the proposed harbor improvements.

HONEYMOON TOUR TO BE MADE TO DENVER IN AUTO

MISS ADA CLARKE AND R. D. ROWE, WHO WILL BE MARRIED SUNDAY.

A pretty outdoor wedding will be solemnized next Sunday at the orchard home of Mrs. A. Clarke, near Niles, with the marriage of her daughter, Miss Ada E. Clarke to R. D. Rowe, a retired contractor and builder of this city.

The ceremony will be performed at noon in the orchard adjoining the homestead, to be followed by a reception and luncheon on the grounds. The bride will be attended by her sister, Miss Mabel Clarke while her brother, Frank Clarke, will act as best man.

Miss Clarke is a very talented musician and vocalist and a graduate of the University of California. She is a native daughter of California and surrounded by a host of friends in the bay cities.

Immediately after the ceremony the bridal couple will start on their honeymoon in Rowe's auto for Denver, returning about June 18, after which they will leave on June 25 for an extended tour of the eastern and southern states.

Rowe was born in Maryland and came to California in 1875. Against the wishes of his mother he enlisted in the Federal army in 1862 in Company D, First Cavalry. He marched from Frederick to Gettysburg and supported General Hancock in Pickett's charge. At the expiration of the war he was mustered out of service. In the spring of 1875 he came to San Francisco, it taking thirteen days to cross the continent. He got a position in Oakland with James Blair and later with Jacob Samm and Company, with whom he remained for thirteen years. Having worked up to a fairly good position in life he took a contract from the government for transferring the mail to this city. At the expiration of the contract he took up contracting and building in which he made a fortune. He now intends to spend the rest of his time in getting some enjoyment out of it.

On their return to Oakland, where Rowe has large holdings, the couple will reside in a new home which Rowe has just completed for his bride.

Y. M. C. A. TO OPEN ITS SUMMER CAMP

Berkeley Association Will Go to Camp Barker Before End of Month.

BERKELEY, June 6. — Members of the local Young Men's Christian Association will open their summer camp in Lake county, on the border of Clear Lake and at the base of beautiful Mt. Knocti, before the end of this month. The summer headquarters is known as "Camp Barker" and has been occupied each year by the association.

The season for the boys' division will be from June 30 to July 15, after which the seniors will hold a two weeks' outing at the same place, with W. L. Seawright as leader. The boys will be in charge of C. G. Dickson.

The plan for the outing is to divide the boys into groups of seven each, each group to be under the direction of an adult leader, with Director Dickson in general charge. Swimming, boating, games, trips and fishing will mainly constitute the pleasures of the trip. The journey to the camp and the return are in themselves sufficient to warrant the expenditure of the amount required, according to the leaders of the association work.

POLICE JUDGE TAPPAN LOSES HIS DIAMOND

ALAMEDA, June 6. — Police Judge R. B. Tappan is minus a diamond which dropped from a ring as the judge was walking from his office to police headquarters this morning. The missing stone is of fair size and of clear, white quality. The Judge spent a couple of hours searching for the missing gem, but so far has not found it.

The Judge was too much engrossed in his loss to appreciate the irony of Detective William Wahmuth's suggestion that perhaps a pickpocket had pried the stone loose from the ring while the Judge was walking along the street.

ALAMEDA STORY HOUR.

ALAMEDA, June 6. — At the open air story hour in the various parks tomorrow the following tales will be told:

At Washington Park, 2 p. m., "The Iron Stove;" McKinley Park, 10 a. m., "Lost in the Wilderness," at Lincoln Park, 10 a. m., stories from "The Childrens' Hour."

BUTCHERS' UNION LOSE IN COURT

Demurrer in Picketing Contempt Case Is Overruled by Judge Waste.

Superior Judge Waste today overruled a demurrer brought by attorneys for the Butchers' union in the matter of contempt proceedings growing out of the recent picketing of Lesser Brothers' shop, and it was announced that one of the pickets would plead not guilty and stand trial on the contempt charge.

When Judge Waste issued an injunction against the Butchers' union, several of the individual members continued to picket the Lesser establishment with the result that separate copies of the injunction had to be issued upon them. When they still persisted they were arrested on contempt charges.

Superior Judges T. W. Harris, W. H. Waste and E. J. Brown sat en banc this afternoon to hear the injunction case growing out of picketing between rival motion picture operatives' unions.

NATIVE DAUGHTERS PLAN GRAND PARLOR SESSION

ART AND MUSIC TO FEATURE WORK

Students of University Summer School Will be Taught to Respect Beautiful.

UNIVERSITY OF CALIFORNIA, June 6. — How we can best realize the value of the beautiful in our daily life will be told by Professor I. B. Stoughton Holburn, who is coming all the way from England to give a lecture course at the [illegible]. He is known as one of the greatest art critics in England and has lectured in all countries of the continent.

His thesis is that art affects life at every turn, that love of the beautiful is an essential quality of human nature, and that modern men should see to it that beauty and not ugliness shall prevail in the houses in which they dwell, the things of daily use, the planning of towns and cities, the music they hear, the pictures they see, and the literature they read. Besides lecturing on "Art in Daily Life" every [illegible] from July 14 to August [illegible] Holburn will lecture daily for those three weeks on "The Philosophy of the Beautiful."

ART AND MUSIC.

Art and music are to be made a special feature of this year's summer session.

The landscape painter, Eugen Neuhaus, will have charge of the summer instruction in art. He is a painter of distinction. Through many admirable canvasses he has revealed the broad and noble beauty of headland, cliff, and curving surf line along the Marin seacoast, the intimate charm of the Berkeley hills and canyons, and the glamor of moonrise and of dawn in the solitary marshes of the river delta.

Neuhaus will take his students out of doors, to make pencil and charcoal studies for landscape, and to practice outdoor composition, and will lecture to them on the application of decorative design to landscape drawing. He will instruct them too indoors in painting still life in water colors, pastel and crayons, with study of color materials, colors and color chemistry.

Also, he will teach advanced design—the translation of natural objects into conventional forms, stenciling, woodblock printing, practical design, etc. Also, Neuhaus will lecture on historic ornament, showing with the stereopticon how ornament has been developed, from antiquity to the present. He is thoroughly equipped for his work through long years of training in Berlin and in various German art schools, and through his work as a painter and as a member of the University of California faculty.

A well known California newspaper illustrator, Perham W. Nahl, will teach figure drawing, freehand drawing and perspective and drawing in charcoal and wash from casts of antique sculpture. Many of the drawing courses will be particularly planned to help teachers of drawing. Instrumental drawing and descriptive geometry will be provided for.

DEVELOPMENT IN ART.

The glorious story of the development of Greek art, from man's earliest appearance in the Mediterranean basin to the great days of Phidias and on to the Roman conquest of Greece, will be told in lectures every evening by Professor Oliver M. Washburn, with over 1000 stereopticon slides showing ancient works of art to make the tale real.

In music, students will be trained to write down a melody as they hear it played, taught how to listen to music and how to understand it better, and taught how to write out melodies and compositions of their own creating. In charge of the work in music will be Charles Louis Seeger Jr., professor of music in the University of California, formerly a conductor for the Cologne opera, in Germany, trained in music at Harvard, Berlin, Munich, etc., and composer of much published music.

Public school music methods will be dealt with by supervisors of music from cities and from normal school, and by other experts. All the summer session students who wish to participate will be welcomed into the large chorus, which will prepare a cantata and present it at a concert, and which will study also rounds, madrigals, and other works suitable for high schools, glee clubs, and concerts. There will be a "Half Hour [illegible] Sunday afternoon, organ recitals and other concerts, and all the rich opportunity in the way of plays, opera and concert that San Francisco always affords, conveniently at hand.

OTHER COURSES.

The students who come particularly for art or music will avail themselves also of courses in other departments as visitors or as enrolled students as they may prefer. In English, for instance, there will be lectures on "American Literature" and on "Browning," by C. Alphonso Smith, Edgar Allan Poe professor of English in the University of Virginia and recently Roosevelt professor at Berlin, and there will be special training in the art of public speaking and in literary interpretation by Dean Robert I. Fulton of the college of oratory of Ohio Wesleyan university.

There will be lectures in French, on masters of the novel, and courses in Italian and in Spanish.

In the physical education department there will be 37 different courses, including, among others, courses in aesthetic dancing, national dances, and children's singing games. There will be a course on the bird of California, and others on botany and on physical geography.

In all, 30 different university departments will be represented in subjects all the way from philosophy to surveying, and from cooking, sewing and typewriting to child hygiene, dairying and horticulture for high schools, manual training and folklore and anthropology.

Last year's summer session was exceeded in size by only one other in America. It enrolled 2575 men and women. From present indications this summer's attendance seems likely to be larger by a thousand.

Now that instruction by correspondence is to be given by the University of California, beginning with next August, attendance on a summer session has a new value, for a student may start a subject in a six weeks' summer session class, continue its study by correspondence courses throughout the whole following year, and then come again the next summer for advanced work.

Thus he will build on the foundations of a year's systematic reading and study, done under the careful guidance and supervision of the new department of correspondence instruction — a new university undertaking which promises much usefulness to the State.

ALAMEDA HEALTH BOARD ORGANIZES

ALAMEDA, June 6. — The board of health partially organized this week as provided for by the city charter. Dr. J. A. Riley was elected president to succeed himself and the health board committees were appointed by the president.

The health board employes were not appointed, as customary. The delay is said to be due to the council proposition of turning over the building inspection work to the health board. The present health board staff serves until its successors are appointed but it is usual to reappoint the staff each year after the board re-organizes.

At the meeting three members were present, President Riley and Drs. McQuestan and Crittenden. F. W. Shulte [illegible] Scholtz, the fifth member of the board, recently resigned, leaving a vacancy which has not yet been filled.

Own a player-piano—$2.00 per week will furnish your home with music. Receiver's sale, 421 Thirteenth street.

OAKLAND FIRM WINS VICTORY

Court Holds Alameda City is Powerless to Stop Delivery of Liquor Orders.

ALAMEDA, June 6.—Oakland firms handling liquor and delivering liquor orders in Alameda, won an important victory in the Alameda lower court yesterday afternoon when Judge R. B. Tappan decided that the City of Alameda could not prevent the delivery in this city of [illegible] a driver for Goldberg, Bowen Co. Penberthy was arrested over a year ago and his employing firm decided to make a test case out of the arrest.

The court holds that the position taken by the city is unreasonable and absurd, especially as the city will not grant a liquor permit to an applicant. The question of sale of liquor without a license does not enter into the case, the issue being one of delivering liquor without first securing the consent of the City of Alameda.

The court holds that the law was not [illegible] liquor in Alameda under such circumstances as prevail in the Penberthy case.

The case has attracted wide interest in Alameda and Oakland for the point at issue has been under discussion and debate for several years. Alameda liquor dealers are compelled to pay a liquor license. On the other hand the city charter limits the number of Alameda liquor licenses to 20 and 19 of the 20 permits are in operation. The twentieth is being held in abeyance, presumably for the time when a tourist hotel will be built in Alameda. There have been many attempts to secure this twentieth license both by saloon men and by reputed hotel men who proposed building workingmen's hotels, etc. In each case the application has been denied.

BURGLAR FACTORY ARRAIGNS POLICE

New York's Detective Bureau Charged With Staging Paid Burglaries.

NEW YORK, June 6.—Scathing arraignment of the detective bureau of the New York police department and a charge that a partnership exists between some detectives and criminals are contained in the Curran committee report on police conditions.

"Benjamin Levy," says the report, "who had never been convicted of a crime, testified that at the request of officials in the detective bureau, he had often induced criminals to commit burglary in order that they might be arrested. He was strongly corroborated by reputable citizens, including an official of an insurance company, a merchant and others. Levy testified that in one case Deputy Commissioner Dougherty, in charge of the detective bureau, gave him $25 with which to purchase burglar's tools and after he succeeded in burglary paid him $75 for his services. City vouchers for these amounts in Levy's favor were found, according to the committee's report.

The report says the bureau is hopelessly inefficient and should be reorganized along drastic lines.

PIRATES ATTACK FRENCH STEAMER: GET $30,000

HONGKONG, June 6.—The French steamer Robert Leveaudy, engaged in the West River trade, was attacked by pirates who secured $30,000, according to reports received here today. A passenger on the steamer was killed and the engineer and several members of the crew were wounded in a fight with the robbers. Reports of numerous other attacks upon vessels indicate that piracy is rapidly increasing in the south.

HARVARD HONORS CALIFORNIA MEN

Three Graduates From Here Are Awarded Scholarships by Graduate School.

UNIVERSITY OF CALIFORNIA, June 6.—Three graduates of the University have been signally honored by Harvard University. In the award of fellowships and scholarships at the Harvard Graduate School of Arts and Sciences for the year 1913-14, appointments have been [illegible] bachelors' degree here.

They are, B. S. Allen of the Class of 1903; Julius Klein, of the class of 1907, and V. F. Lenzer, who was graduated with the class of 1913. Allen was a student in the college of letters and took his master's degree at California in 1905. Julius Klein was, while in college, a leader in student affairs, and after his graduation obtained his master's degree also. Both Allen and Klein were awarded [illegible] with stipends of $1000. Lenzen's appointment is in a separate class of university scholarships open to seniors of high standing in American colleges.

U. S. HAS LOCAL REVENUE BRANCH

Oakland Chamber Calls Attention to Office for Tax Payments.

The Oakland Chamber of Commerce has issued a circular calling attention to the fact that the United States government maintains for the convenience of the public on this side of the bay an office where all forms of internal revenue and corporation income taxes may be paid. The office, in charge of Samuel Rutter, is located in room F, on the second floor of THE TRIBUNE building at the corner of Eighth and Franklin street and is open daily from nine a. m. to 2 p. m. Persons having to pay taxes to the federal government will find a great saving of time and trouble in securing blanks for statements required from special taxpayers.

Special taxes now in force are imposed upon brewers' rectifiers wholesale and retail liquor dealers, dealers in malt liquors, manufacturers and dealers in oleomargarine, manufacturers and dealers in adulterated butter, manufacturers and dealers in processed or renovated butter, manufacturers and dealers in filled cheese, manufacturers and packers of mixed flour, manufacturers of stills and worms, also payment of federal and corporation tax.

Special tax year begins July first and ends on the 30th of June following. This means that federal taxes will become delinquent on June 30th and a penalty will be incurred upon those who do not make the payments by that time.

Blanks and inforation with regard to these United States Internal Revenue and Federal taxes may be obtained at the local office of the deputy collector. The local office is maintained to facilitate the collection of taxes and to serve the convenience of payers of federal taxes in the east bay shore cities. The rating and efficiency of the local office like that of the postoffice depends upon the amount of revenue collected and Secretary Denison of the chamber of commerce desires to impress upon the public the importance of making their payments at the local office.

NATIONAL UNION INITIATES.

SEEKS DIVORCE BECAUSE HUBBY USED AUTO ALONE

That her husband refused to take her riding in his auto is the complaint of Pearl C. Meyers of San Leandro, who sued her spouse for a divorce yesterday.

Agnes Lucas declared that her husband came home and threw all the food in the house into the street. She also wants her freedom.

Final decrees were issued yesterday to Mary T. Daigle and Myrtle McMannis from Joseph Daigle and R. T. McMannis. Maria Guichard was granted an interlocutory decree from F. R. Guichard, on the complaint that he called her names and struck her.

HAYWARD COUPLE WED AND LEAVE FOR TRIP

HAYWARD, June 6.—A young couple, Miss Bothilda Christiansen and Walter Nisen, were married yesterday at the home of the bride's parents, Mr. and Mrs. Jens Christiansen. Rev. B. D. Naylor of the Congregational church officiated. A reception in Dania Hall, following the ceremony, was attended by 500 guests. A wedding ball was held last night. Mr. and Mrs. Nelson left last night for their honeymoon trip to Los Angeles. On their return they will take up their residence in Hayward.

WILLIAM R. THOMAS ANSWERS LAST CALL

In the death of William R. Thomas of 2666 Harrison street, Oakland has lost one of its most respected and well-known citizens. Thomas, who was 83 years of age, came to this city about seven years ago from Livermore, where he had been a rancher for twenty years. He was a man who numbered his friends by the hundred and his sudden demise will come as a distinct shock to all. Wales is the land of his birth.

JAPAN PROTESTS ALIEN LAND LAW

Tokio Government Argues 14th Amendment to Our Constitution Is Violated.

TOKIO June 6—The rejoinder of Japan to the United States' note on the subject of California alien land ownership legislation reiterates that the land bill passed by the California legislature violates the spirit of the Japan-American treaty by discriminating against a friendly power. It points out that even if the question is an economic one, it enters the domain of international relations and thereafter becomes a political question.

The note says that the California land legislation violates article 1 of the Japan-American treaty of 1911, which authorizes subjects or citizens of the contracting parties to own or lease houses, which are inseparable parts of real estate. [illegible] violates the fourteenth amendment to the United States constitution requiring the states to grant equal protection under its laws to all persons within its jurisdiction.

CABINET READS NOTE.

WASHINGTON, June 6—The outline of Japan's latest note, as contained in the Tokio dispatches was received in Washington with the greatest interest by officials and diplomatists. The note was read to the cabinet at the regular meeting today and sent back to the state department to Counsellor John Bassett Moore, the government's foremost authority on international law.

Diplomatists agreed generally that the new point referred to by President Wilson yesterday as opening the field for "new and interesting negotiations" was Japan's contention that the anti-alien land law violated the fourteenth amendment to the constitution. It was accepted that Japan refers to that clause which declares that no state shall "deprive any person of life, liberty or property without due process of law nor deny to any person within its jurisdiction the equal protection of the laws."

The contention that houses are inseparable parts of real estate also is a new one but was not regarded as so interesting as the contention of a violation of the fourteenth amendment.

Secretary Bryan, having left for Pittsburg to attend a dinner tonight to George W Guthrie, the newly appointed ambassador to Japan, will take up the new phases of the situation with the president when he returns.

Meanwhile Counseller Moore will work on the question. It may be two weeks or more before reply is made.

INTEREST UNABATED.

TOKIO, June 6—Interest in the American-Japanese anti-land ownership controversies continues unabated in Japan and is the paramount topic of conversation among all classes. Several mass meetings of protest are being arranged.

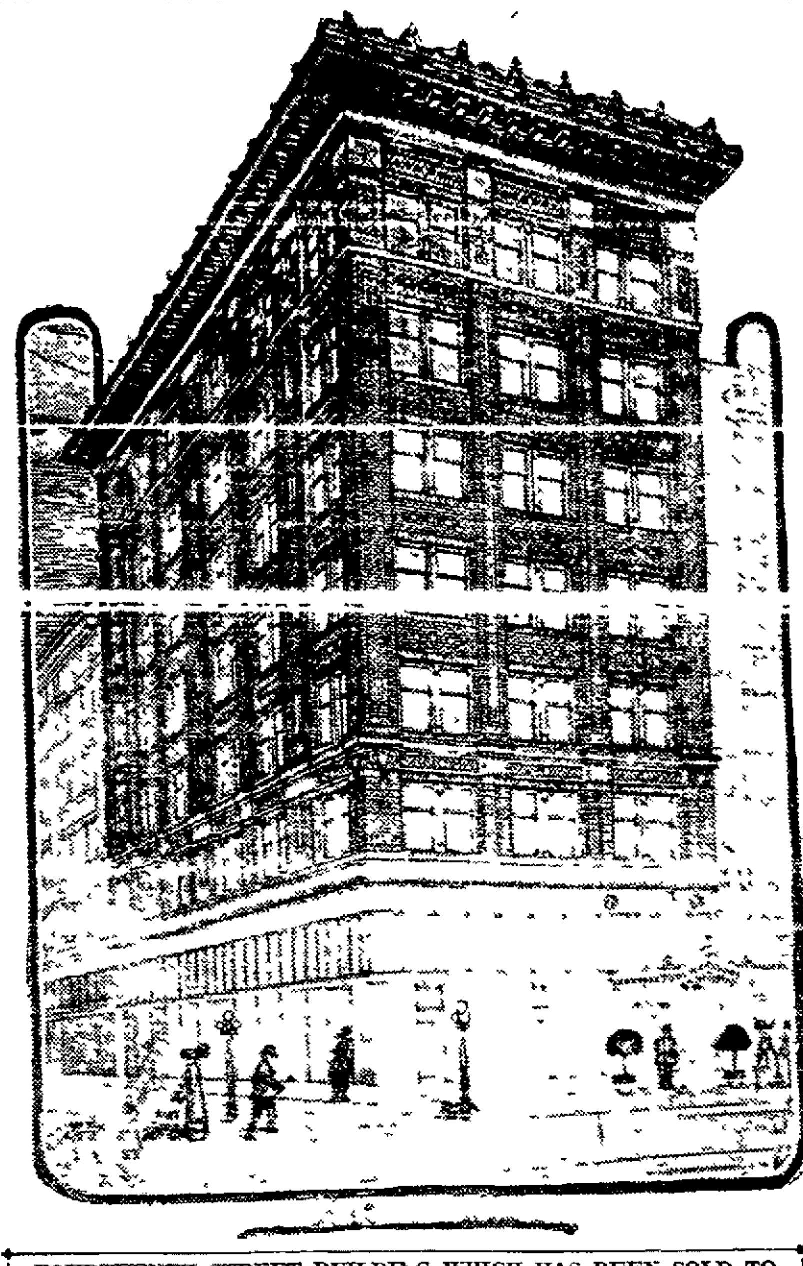
Tatsue Yamamoto, minister of agriculture and commerce, in a statement today, declares that the Japanese government is desirous of participating in the Panama-Pacific Exposition at San Francisco but in consequence of popular feeling on the California land question it feels obliged to wait in order to determine the attitude of public sentiment toward the exposition before proceeding further with its plans.

The Japanese government has postponed its reply to Secretary of State Bryan's proposed plan of international arbitration, which it is understood is being favorably considered by thirteen nations.

ATTEND GUTHRIE'S BANQUET.

WASHINGTON June 6—After attending the cabinet meeting today, Secretary Bryan left for Pittsburg to be present tonight at a farewell banquet to George W Guthrie, the new ambassador to Japan. Viscount Chinda, the Japanese ambassador left for Pittsburg on an earlier train to attend the same function.

ALAMO HOTEL BUILDING SOLD; SAN FRANCISCO ESTATE OWNER



FOURTEENTH STREET BUILDING WHICH HAS BEEN SOLD TO SAN FRANCISCO INVESTORS.

The seven-story and basement steel frame hotel and store building at the northeast corner of Fourteenth and Grove streets known as the Alamo Hotel was sold today by H C Morris and F A Muller to the Sheehy Estate company of San Francisco. The consideration was $150 000 and the transaction was an all-cash one. The sale was made through the Laymance Real Estate company. It further emphasizes the strength of Fourteenth street as the main cross-town thoroughfare of Oakland and is the third corner on Fourteenth street that Morris and Muller have bought, improved and sold within the last two years. Another gratifying feature is that it is new money brought into Oakland and that the Sheehy Estate company, a wealthy real estate corporation having two fine downtown holdings in San Francisco, decided that it would like a downtown holding in Oakland, thus showing that the best real estate in these two cities are being equally sought.

F B Malden and Geo F Drake of the Laymance Real Estate company represented all parties to the transaction.

OFFICER BARS FLIGHT OF BRIDE

C. P. Boone of Berkeley and Wife Halted by Motor Policeman.

SAN JOSE June 6—That Mr and Mrs Charles P Boone got safely out of San Jose last night on their honeymoon is not the fault of their friends. Following their marriage they slipped into a big machine with a trusted driver and started for Oakland, where they were to have taken a train this morning for the East and Europe. They had not gone a block before they were confronted by Motor Cop [illegible]. They were taken to the city prison. There they found a dozen of their friends standing about awaiting their arrival. The welcoming guests rallied them as they saw their mahout booked for speeding and released on $25 cash bail.

Mr and Mrs Boone slipped out a side door of the city hall to their machine and found two flat tires and a missing spark plug. A tow was procured and the auto was hauled to a garage. There they found a score more of wedding guests with the batteries of their humor in excellent tune.

Mrs. Boone before her marriage last night was Miss Ella Benedict Smith, a leader in the younger social set and a talented musician. Her father is S E Smith, a business man and politician. Boone is the son of a prominent Berkeley family, his father having been the founder of Boone's Academy. His uncle is a millionaire mining man who lives in Berkeley and operates in India. They were married at the First M. E. church by the Rev. G A. Miller.

SWEDISH BRANCH OF CHURCH SUES

Members of the Swedish branch of the First Finnish church has filed suit in the Superior Court against the First Finnish Evangelical Lutheran church for a division of their property at Harrison and Essex streets, a lot in Berkeley and $300 cash in bank.

Plaintiffs recite that there had been a division in the congregation since 1910 owing to a difference in the language spoken among the members and that a proposition to separate the interests was suggested to the congregation in August 1912.

At a meeting of the board of trustees the plan was voted down on September 6 last with the result that a portion of the congregation decided to have the matter settled in the courts.

WEIGHT OF COIN IN POCKET CAUSES DROWNING

EVANSVILLE Ind June 6—Weighted down with coins which he had taken in at his saloon, Edward Buckmar was drowned in the Ohio river near here, when his launch upset. Buckmar and Frank Yeager were running a trotline.

Both leaned over the same side of the launch to pull in a large fish and the boat upset. Buckmar carried about $150 in coins.

FEATHER CHAMPIONSHIP WILL DRAW RECORD ATTENDANCE

San Francisco Still Camping on Doorsteps of Promoters and Waiting Verdict.

(By THE TIMEKEEPER.)

While San Francisco boxing enthusiasts continue to camp on the doorsteps of the worried promoters, Oakland fans are serenely certain of enjoying their first world's championship battle next Tuesday evening at the old Piedmont Pavilion.

When Promoter Rohan imported Johnny Kilbane he put one over on his rival across the bay, for Kilbane is one of the few legitimate drawing cards. No sporting section, such as this, can resist the temptation of seeing a world's champion in action when the oppportunity is presented for the first time.

Again, Jimmy Fox is really an idol amongst the San Francisco four-rounders and he will find plenty of support when he climbs through the ropes to battle for the title.

The very fact that Kilbane is one of the few champions who never has been seen in action in this section of the state, causes great interest in the coming bout. Ever since he wrested the title from Abe Attell down in Los Angeles, more than a year ago, the little fellow from Cleveland has been very much in the public eye, and he has successfully defended his crowd against all comers. He's a champion through and through.

His record compares favorably with former champions of his division, and right now he is at the height of his pugilistic career and looks good for a number of years to come. Kilbane is a marvelous boxer, and he is also a good hitter. His knockout victory over Joe Rivers shows that the Cleveland boy has a sleep producing wallop.

The Clevelander is said to be the fastest boxer in the ring today. His footwork is said to be amazing, and the fans of this section are sure to take advantage of the opportunity to see him perform.

Kilbane is meeting a boxer of his own type in Fox. The latter is easily the classiest lad of his inches developed in this section during the last few years. His recent work in the four-round game has attracted considerable attention and he is easily the master of the 122 pounders in this section.

Fox is a finished performer and an excellent hitter. He has a lightning like right hand, which is likely to end a fight at any time. Fox has a big task in front of him, but he is going to it with plenty of confidence. He is in training at Shannon's resort in San Rafael and will be in tiptop shape.

Kilbane worked three rounds with Cal Delaney yesterday and another three with Joe Azavedo. Kilbane has nothing to worry about. The articles call for 124 pounds at 2 o'clock in the afternoon, and Kilbane's usual fighting weight is 121.

* * *

There was nothing new this morning in the lightweight situation across the bay. In this column three days ago we predicted that Bud Anderson would meet Willie Ritchie in San Francisco and Joe Rivers would meet Leach Cross in Los Angeles, and we still stick to the prediction.

* * *

Bob McAllister, the middleweight, is scheduled to box Sailor Grande four rounds tonight at Pavilion rink, in San Francisco. It is the feature bout of the Royal club's show.

McAllister is a fancy boxer, while Grande is a plodding fighter who depends upon his strength and aggressiveness to win. Both fighters have been in training for a week and they are reported to be in excellent shape for tonight's encounter. The other bouts on the card are as follows:

Sally Salvador vs. Babe Picato, lightweights; Walter Scott vs. Young Attell, 122 pounds; Willie Purtell vs. Tom Nickola, middleweights; Sam Slavich vs. Mike McClure, middleweights; Jack White vs. Young Ketchel, lightweights; Kid Crevier vs. Young Wussow, 118 pounds, and Joe Stanton vs. Eddie Madison, 133 pounds.

EDMONTON, Atla., June 6. — By instructions of the directors of the Edmonton Athletic club, the wealthiest sporting organization here, Robert Buchanan wired William Nolan, manager for Willie Ritchie, offering to match Freddie Welsh, the English lightweight champion, against Ritchie for $25,000, winner to take all. An offer of a side bet of $5000 was also wired. The Edmonton city council has voted not to stop prize fighting.

* * *

Dem Gay, who has recently secured control of the Moana Springs Athletic Club of Reno, and who formerly was a successful fight promoter in the Northwest, arrived in San Francisco yesterday to complete arrangements with several local fighters to appear at his club July 4. As a headline attraction Gay is hot on the trails of Arthur Pelkey and Jess Willard, and although no agreements have yet been received it would not be at all surprising if the two husky youths, through their managers, should arrange a mill at Moana Springs.

* * *

Willie Canole, formerly one of the best four-round boxers on the coast, but of late years an employe of the state bindery, has been sent to the state asylum at Stockton. Canole imagines he is still in the prize ring and does shadow boxing every time anybody comes near him. An injury inflicted in a fight a few years ago is believed to have caused his insanity.

There was a young pitcher named Gray,
Who was released the last of May;
But he was not so bad—
A drop's all he had.
And I hope he won't stay away.
—WALTER GREEN,
982 Forty-third street.

IS CAP BELLIGERENT?

There is a player called Dillion.
With a stick he was there a million.
He knocks a home run,
Which, you bet, is a hum,
And if the umps. said "Out!" he would killum.
—HERBERT MOLTER,
3253 Adeline street, South Berkeley.

THERE ARE OTHERS.

There is a catcher named Schmidt,
Who at an outcurve hit,
And out did he flie
When the score was a tie,
Which gave Del Howard a fit.
—SHIRLEY SNOW,
1028 Twenty-eighth street.

HOW ABOUT THIS, JACK?

There is a player named Bliss,
Who said he never would kiss,
But a cute little dame
Came to witness the game,
And Bliss lost his heart and his name.
—ISABEL STEELE,
1518 Myrtle street.

HE'S O K NOW.

There is a man called Schirm,
Who made all the pitchers squirm,
Until he burst his knee cap.
Now he must take a nap.
And let somebody else have a term.
ETHEL.
1011 Center street.

POOR OLD HAP.

There was a leader named Hogan.
"Every one a champ," was his slogan.
He was there in a pinch.
Says he: "The pennant's a cinch,"
But the Oaks sent him on the tobbogan.
JOHN McDERMOTT,
3029 Linden street.

VERILY, 'TIS TRUE.

There was an outfielder named Coy.
Who was known as a hard-hitting boy.
In the very last frame
He would break up the game.
And bring us Oak fans much joy.
[illegible]
2211 East Nineteenth street.

HERE HE IS AGAIN.

We have with us a ball player named Coy.
The first ball pitched he will miss.
The second one with his bat he will kiss
And fill many a heart with joy.
CHARLES FIEBERLING,
172 Eighth street.

KNOCK ON WOOD, CARTY.

We all know this fellow, Cartwright:
He's a good fellow all day and all night.
In pinches he comes through,
When the ball is so new,
And watches it go out of sight.
HERBERT E. BECKER.
714 Oak street.

WE'RE FROM MISSOURI.

There is a young catcher named Crisp,
Who speaks with a sort of a lisp,
But behind the bat
He is some bear cat.
And his peg is as clean as a wisp.
JOHN McDERMOTT,
3029 Linden street.

HERE WE HAVE SHINN.

There was a young fellow named Shinn.
The way he scores runs is a sin.
He's one good fellow.
And makes pitchers turn yellow.
Who let that poor fellow come in?
HERBERT E. BECKER,
714 Oak street.

SOMEBODY'S INSULTED HERE.

There's a man in right garden named Coy,
Who somewhat resembles Ed Foy,
He can hit like a fiend,
And he's never been beaned,
And the fans all acclaim him with joy.
CLYDE C. WESTOVER.
119 Monte Cresta, Oakland.

WE HOPE SO.

There is a pitcher called Ables,
Who might be termed "King of Naples."
He'll soon be in the game
To bring the Oaks fame,
And we'll never never know he was ever disabled.
CHARLES STEELE,
1518 Myrtle street, Oakland.

HOW ABOUT THIS, FELLERS?

We have a rightfelder named Coy,
Whose been a bear since a boy.
He hits them all hard
In the neighbor's back yard,
Where the kids are waiting with joy.
HERBERT E. BECKER,
714 Oak street.

IT CAN'T BE DONE.

Johnston, Johnston, that San Francisco boom:
Johnston, Johnston, will quit stealing very soon.
When by a quick peg he is caught by Pierce;
Oh, my! oh, my; Won't that be fierce!
JOHN EBER,
852 Thirty-second street.

LOOK WHO'S HERE.

There is a young fellow named Pope.
Oakland fans called him a mope.
Down in San Jose
They holler hurrah—
He certainly hands them the dope.
FANNETTE,
1011 Center street, Oakland.

SEE WHAT ETHEL SAYS.

There is a young fellow named Cooke.
When he first started to play they cried,
"Get the hook."
Now he makes them all fly.
And they all wonder why
Such a man they could overlook.
ETHEL.
1011 Center street.

JOY, HERE HE COMES!!!

Oh joy!! There comes the old boy Coy:
Oh, Lord!! The boy is scoring,
The fans are roaring.
He knocked another home run
And climbed another rung
For our homeland, Oakland.
FRANK CHURCHILL, C. C. C.,
Clifton and Broadway, Oakland.

PITY THE POOR HATTER.

There was a young fellow named Shinn,
Who was bound he'd make the Wolves win.
When he got up to bat
He won a new hat.
And for the dust you could not see him.
CARLTON OSGOOD,
103 Monte Vista avenue.

SOME TRUTH IN THIS.

There was a young pitcher named Cy,
Whom the Ump. sent away on the fly.
Cy kicked up his heels,
Did a few extra reels.
And said: "I'll be back bye and bye."
MRS. O. E. HUDSON,

AND NOW THE UMP

There is a man we all know well
The truth he doesn't always tell:
When at the plate, we must relate,
The fans all say, "Oh, what the—Held."

MITZE AS PINCH HITTER; FOUR OAK PITCHERS LOSE

Unsteadiness of Flinging Corps Made More Apparent at Portland

(By BILLY FITZ.)

THE Coast League appears to be suffering from an attack of dropsy. A study of the box scores will reveal that the six teams made twenty bobbles yesterday, which is certainly no glowing press stuff for a class AA circuit. The Seals were the only ones who kept their mitts off the last column in the table of vital statistics, while our own champions led the bootfest with six punctures. One morning paper credited the Oaks with making sixteen errors, but evidently that was a misprint; at least we hope it was.

[illegible] day with sixty-eight players participating in three games, [illegible]

Once again the unsteadiness of the Oak flinging corps was demonstrated, Mitze calling upon Killilay, Gregory, Olmsted and Christian to stop the slugging Beavers. The violinist gets charged with the defeat as Olmsted succeeded Gregory in the sixth inning with the score tied. Christian pitched the last inning, and the enemy put two more runs across, just by way of showing they were not discriminating in favor of any of the servers.

In the hall of fame: "Blondy" Zacher, Oak, [illegible] run).

Doc Cook [illegible] yesterday and was sent to the Portland clubhouse. The result was disastrous, for Guest booted thrice in Cook's territory.

Father Mitze appeared in the role of pinch hitter yesterday for the first time since he broke his finger. He went to the plate for Killilay in the fourth, but failed to accomplish anything. Still it looks good to see his name in the old b. s. again.

As long as Crisp gets that one hit every day, he can play in our yard as long as he wants.

The Seals won by sheer aggressiveness yesterday, making their five hits and the five Venetian bobbles count for five runs. Doc Thomas, for whom $2500 was paid and against whom 2500 bum jokes have been leveled, revenged himself by displaying a fine line of medicine. Elmer Koestner twirled a fair game himself but his support was like tissue paper.

The Doge of Venice thought he would try the come back role yesterday and show "Dandy" Elliott a few stunts behind the bat. Subsequently, Hogan confided to his intimates that he needed another catcher badly. You're perfectly right, Happy, you do need another, unless you want to work Elliott in every game. Happy heaved the ball in the general direction of the base at which he was aiming, but that was about all you could say for him. He threw it away once, permitting one run, failed to flag three stealers, saw two wild pitches go for bases when they might have been blocked, and finally left the home plate unguarded in the sixth inning and permitted another run to come over.

That play in the sixth inning on the local grounds came as near to buffaloing the crowd and the press box as anything that has been pulled off in a long time. Incidentally it might be well for Umpire Van Cleef to forget his patent shoes long enough to acquaint the scorer and the fans with his decisions, particularly on a play wherein runs are scored.

McArdle was safe on Koestner's error, and Corhan was safe when Brashear dropped a throw to first. Cartwright sacrificed, putting the runners on third and second. Schmidt hit to Hosp, who threw to Hogan, and McArdle turned back toward third. Happy chased him down the line and made an attempt to tag Mac near third, Corhan in the meantime having also reached third.

Believing that McArdle was out, Hogan threw to second to head off Schmidt, and McArdle and Corhan started for the plate, McArdle leading by two yards. O'Rourke's throw home was too late to get McArdle, but Koestner tagged Corhan out, and the umpire declared McArdle safe.

Meanwhile Schmidt had continued gaily to third and both teams rushed around the umpire at the plate raving and shouting. It was impossible to tell from the stand which runner Van Cleef had called out, or whether they were both out. To add to the excitement, Schmidt tried to steal home and was thrown out at the plate.

Del Howard finally came over to the grandstand and announced Van Cleef's ruling. Hogan insisted he had touched McArdle off third.

Ashley Pope, the former Oak has obviously struck his stride. He held Fresno to a shutout and allowed but two hits.

Buck Weaver, ex-Seal and now White Sox shortstop, is going along in great style. He connected twice, one going for two sacks out of four trips to the bat. Both hits scored runners.

"Ping" Bodie got a single in the same melee.

In the Brown-Senator mixup, every player on the former team secured one or more hits.

If "Home Run" Baker of the Athletes can keep up his present hitting he will soon make Ty Cobb's b. h. percentage appear rather diminutive. Three hits out of five chances, one a triple, is a pretty nice afternoon's work, say we.

Little Oscar Vitt, former Seal, started two double plays and also got a safe one.

Despite the fact that Chance succeeded in ridding himself of Hal Chase, the jinx still pursues the Yanks. Five to 3 was the final count after 10 innings and New York wasn't on the long end, either.

Centerfielder Wolter did his best for the cellar American league title holders, getting two four base swats and a single.

Pitcher Joseph Thomas has been signed by the St. Joseph, Missouri, club in the Wichita Western league.

It certainly pays "to run 'em out." Twice, Seals made first yesterday after dinky drops to the battery. Koestner threw one way, and Brashear dropped a perfect peg from Hogan. Had the runner loafed, as is done in some cases, the ball might have been retrieved, but Howard's men were trying all the time, and in this case both runners were safe.

Walter Cartwright will likely be kept out of the game for a couple of days. He was caught on the cheek by a fast bounder from Koestner's bat in the ninth inning and was put down for the count. Walter was game enough to finish the contest, but it is likely that the whack will bother him some for a couple of days.

Bunny Pearce, former Oakland catcher, has caught on with Marysville and will form the receiving end of a battery which will include Jimmie Whalen, former Seal star, and one of the best known players on the coast. "Chimmie-de-Whalen" thinks he can come back and figures the trolley league is a good place to make the attempt.

Here's what occurred in a recent game between the Seattle and Portland teams of the Northwest league:

In the sixth inning with two men down and Cadman on first base, Killilay struck out for what should have been the third out. Williams dropped the ball, but recovered it and made a lazy throw to Speas, who was half way up the line. Killilay had reached the pitcher's box on his way to his position in centerfield, and Speas rolled the ball on the ground without having touched first base. Tealey was awake to the situation and grabbing Killilay he started him on his way to first base. Eddinger had already called Killilay out, but Tealey pointed out to him that Speas had not tagged Killilay nor had he touched first base, so that he was not out. Eddinger saw it Tealey's way and called the man safe. While the whole Portland team gathered around Eddinger reviling him, Cadman scooted around to third and Killilay raced to second. Jackson tried hard to score both men, but his hit near second was nabbed by Mohler on a fine stop and he was flagged at first.

Killilay was guilty of a b. h. play by not running to first when Williams dropped the ball; Speas was guilty of a bigger b. h. play by not touching first base after catching the ball and Eddinger made a lot of trouble for himself by calling Killilay safe after he had called him out. Technically, Killilay was not out, but under common sense rules he was out, for he had quit and was on his way to play centerfield. Nick Williams protested the game, but as no runs resulted from the mix up and Eddinger's ruling in no way affected score, the protest will do no good. Nick says he wants President Jones to make a ruling on the point, anyway.

"BASEBALL TRUST" IS AGAIN FACING PROBE

WASHINGTON, June 6.—Plans for an investigation of the so-called "baseball trust" were made today by Representative Gallagher of Illinois who will have a hearing within a week before the House rules committee on his resolution.

Mr Gallagher declared today that half a dozen witnesses would be sufficient to sustain his charges of "monopoly." He prepared today a list which includes Horace Fogel, *former* president of the Philadelphia National League baseball club and men from New York, St. Louis, Chicago, Cleveland, Pittsburgh and Buffalo.

RACQUETERS OF AMERICA AND AUSTRALIA OPEN CUP MEET TODAY

Thousands of Spectaters Are In Attendance; Players In Great Form.

NEW YORK, June 6.—At the West Side Tennis Club, on the same stretch of turf around which crowds gathered two years ago to see the Americans defeat the English in the Davis cup preliminaries, American and Australian players met today for the privilege of challenging England, holder of the Davis cup. Arrangements were made at the club to

dications were that today a full gallery would witness the play each of the three days, today, tomorrow and Monday. The weather was fair and the court in excellent condition.

The American players and their Antipodean rivals after several weeks of earnest preparation were all in fine trim with the exception of A. Booth Jones, the Australian who has been ill, but who has almost recovered and expects to be in form by the time his first match is called. The matches scheduled for today were between Maurice E. McLoughlin, [illegible] the national championship, and Horace Rice, the hard-hitting left hander of the Australian team, in the first round of singles followed by R. N. Williams, the young Harvard player, against S. N. Doust, the Australian champion.

In the opinion of many veteran enthusiasts the series will resolve itself into a contest of crafty tennis against vigorous tennis with the Americans supplying the latter. The terrific twisting service of McLoughlin and Williams, many think, will prove a stumbling block to the Australians, while others are equally certain that the speed and strategy of the foreigners will more than make up for their difficulty in smashing power.

AMATEUR BASEBALL

A chapter in baseball history was written at Bushrod Park when the Oakland newsboys went down to defeat in their contest on the diamond with the Columbia Theater nine, of 20 to 0.

The battery for the Columbia team was given splendid support throughout the nine innings by their threatrical teammates. Frank Figerdy was on the mound for the Columbianites and in the end of the ninth had twenty strike-outs to his credit. Ed O'Mally held down the initial bag in his usual fine style. Clarence Wurdig, the Columbia tenor, came into the limelight with a home run, scoring three for his team.

The Columbia boys are open for games on Monday and Tuesday mornings. Address Ed O'Malley, Columbia Theater.

The annual game between the Zellerbach Paper Co. and the Taylor Paper Co. of Oakland will be staged at Bayview park, West Oakland, Sunday morning at 10:15. Bert Newman will coach the Zellerbach forces.

The victors will be guests at a chicken dinner. The Taylor paper nine boasts a formidable lineup and Cook, their crack moundsman, will be opposed to Al Moir. W. Porter and E. Gippe will umpire. Both concerns will turn out a large delegation of fans. Tom Bauman will lead the Zellerbach adherents.

The two teams will lineup for the fray as follows

Zellerbach Paper Co.—A. Moir p, Brown c, Addy 1b, Kamerer 2b, Lacey 3b, Perata ss, Bush rf, White cf, Ipsen lf

Taylor Paper Co—Cook p, Kamena c, Bragonia 1b, V. Corr 2b, Martin 3b, F. Taylor ss, S. Sea rf, P. Taylor cf, J. Taylor lf.

The Cycle-Arms nine has withdrawn from the Alameda baseball league and the place of this team has been taken by the Rattlers. The four league teams expect to again play at Lincoln park next Sunday afternoon. The opening game will be played at 1 o'clock and the second game at 2:30 o'clock.

The Krieg & Haltons and the Alamedas will meet in one game and the Rattlers and the Andersons in the second game.

Through the great pitching of Pete Starasinich, the S. J. S. Victors succeeded in defeating the Bank of Fruitvale by a score of 2 to 1. Starasinich held the bank boys hitless, but a pass and an error in the first inning allowed the Bankers to put across a tally. Smith of the Victors was the batting star of the game, getting three hits.

Score.	R.	H.	E.
Victors	2	6	2
Bankers	1	0	4

Batteries—Starasinich and McDonald, Coddle and Driesback. Umpires—Baldwin and Baumgartner.

MORE RIGID SPEED LAW IS DEMANDED

Punishment of Violators of the Traffic Ordinance by Council Urged.

Amendment of the speed limit ordinance that may result in prison terms being imposed upon autoists who flagrantly violate the law, was advocated before the city council this morning by a committee composed of Colonel Theo. Gier and Wilber Walker of the Merchants' Exchange.

Commissioner of Public Health and Safety Fred [illegible] Turner said that he agreed with the merchants and that he would instruct the city attorney to prepare an amendment to the pres[illegible] end.

"Numerous accidents have occurred of late as the result of reckless driving," declared Colonel Gier. "The present law seems to be ineffectual in preventing such speeding and reckless driving, and we believe that it is because the ordinance as it now stands provides for a fine, or imprisonment if the culprit is unable to pay the fine.

"A fine of $10 or $25 does not deter an automobile [illegible] driving if he is fond of speeding."

Commissioner Harry S. Anderson explained that the present ordinance is filled with inconsistencies and cannot be enforced as it now stands. He favors a careful revision of the traffic, vehicle and speed laws.

F. H. Pratt, secretary of the Building Trades council, advocated the inclusion of a drastic provision in the ordinance for the punishment of speeders and stated that two children had been run down on the streets of Oakland in the past two weeks by reckless drivers and that in one case the chauffeur had gone on without giving aid to his victim.

The matter will be taken up at length by the city council.

MRS. L. B. ATWOOD DIES SUDDENLY

Popular Actress Widely Known in Pacific Coast Theatrical Circles.

As the result of an acute attack of dilitation of the heart, Mrsr. William B. Atwood, who often filled short engagements at Ye Liberty playhouse, died last evening at her home, 1230 Eighteenth street. She fell to the floor shortly after 5:30 o'clock and died a few moments later before medical aid could be administered. The deceased was widely known in the Pacific Coast theatrical circles as the wife of Irving Brunkall, with whom she performed all along the coast. She was the sister of Lorena Atwood, formerly leading woman at the old Grand Opera house in San Francisco.

The late Mrs. Atwood traveled extensively and had legions of friends inside as well as outside of the dramatic world. She was 38 years of age.

An inquest will be held next Wednesday afternoon at Finney's undertaking parlors on Eighteenth street. No plans have as yet been made for the funeral.

ACCUSES WOMAN OF TURNING ON HOSE

Neighbor Declares House Was Flooded and House Is Undermined.

Out in San Leandro Irena Santos and John S. Garcia are neighbors. They are not "good" neighbors, that is to say, each one says that the other is not a good neighbor, and the other day things reached such a pass that Irena, it is charged, started to drown out Garcia with a garden hose. She succeeded to the extent of undermining the underpinning of Garcia's house and flooding the place with water her neighbor says. Garcia fled for protection to Judge Quinn's court, where he lodged a complaint against his townswoman, who will have to make what defense she may be able in answer to a charge of malicious mischief.

ADMITS INFORMATION CAME FROM OTHERS

RALLY IN STOCKS FAILS TO HOLD

Brisk Demand in Early Trading Gives Way to Renewed Outburst of Selling.

NEW YORK, June 6.—In spite of the appearance of strength lent by the brisk demand and general rise during the early trading the stock market was not immune today from further disturbance and toward the close of the forenoon there was a renewed outburst of selling. Prices were borne down [illegible] below yesterday's close and a number of new low records for the long decline were reached.

General speculative conditions were little changed and traders were disposed to attribute the early improvement to a temporary oversold condition. Isolated points of weakness appeared while the market was forging upward and the cumulative effect of these scattered declines ultimately was a factor in bearing down the whole list. Atchison, Chesapeake & Ohio, Lehigh, Southern Pacific and Steel selling from one to two points under yesterday's closing.

Several declines were also made in a long list of obscure shares. Scale buying orders then began to make their presence felt and the list eventually rallied a substantial fraction with however, a large contraction in the volume of business on the rise.

Accumulation went on steadily in the afternoon and the persistence of the demand compelled heavy short covering. Canadian Pacific sold three points above yesterday's final level. Recoveries from the lowest reached a point or more in many places. [illegible] Efforts by the shorts to rattle [illegible] market caused considerable competitive buying which sent up prices further. Complete [illegible] ons stocks sold a point or more above yesterday's close. Among these stocks were Amalgamated, Reading, Lehigh, U. P., Smelting and Steel. American Tobacco rallied from 200 to 210.

Bonds were heavy.

CHICAGO WHEAT PRICES ADVANCE

Alleged Insufficiency of Rains in Kansas Basis for Rise.

CHICAGO, June 6.—Alleged insufficiency of rains in Kansas formed the basis of higher prices today for wheat. There also was adverse weather in France and England. Smallness of Argentine shipments also counted against the bears. The opening was ¼c to ⅝c higher. July which started ¼c to ½@⅝c up at 90¼c to 90½@⅝c, rose to 90⅞@91c.

Profit taking caused a setback. The close was firm, with July ⅞@1c net higher at 90⅞@91c.

Corn strengthened with wheat. July at the outset was unchanged to a shade firmer at 58⅜@58½c to 58⅝c and then ascended to 59¼c, increased rural deliveries. The close was steady at 58¾c for July, a shade above last night.

In the oats crowd there were no offerings. July after opening ¼@¼c to ¼@⅜c higher at 38⅛@38⅞c, climbed to 39⅛@39¼c.

Packers buying carried provisions up. First sales were at 2½@10c advance, including September options at [illegible].

Office of the Assessor of Alameda County

Notice to Taxpayers

Oakland, March 10, 1913.

All persons, firms, companies, corporations and associations are required to deliver at the Assessor's office, at the Court House, City of Oakland, County of Alameda, on or before April 1, 1913, a statement under oath of all the property, both real and personal, owned, or claimed by him, her or them, or in their possession or held in trust for others at 12 o'clock meridian on the

FIRST MONDAY OF MARCH, 1913,

in accordance with Section 3629, Political Code.

Every person who refuses or neglects to furnish the statement as provided for [illegible] liable to a fine [illegible] and the value fixed by the Assessor on their property must not be reduced by the Board of Equalization.

All persons owning real estate that has been assessed in the wrong name or errors have appeared on their tax bills, are requested to call at the Assessor's office or notify the Assessor by mail on or before April 1, 1913, so that the proper corrections may be made on the assessment roll for the year 1913.

ASSESSMENT BLANKS may be obtained at the Assessor's office, room one, Court House, or from any Deputy Assessor.

C. F. HORNER,
Assessor of Alameda County.
Oakland, California.

Poll Tax Notice

Office of the Assessor of Alameda County

Oakland, March 10, 1913.

Notice is hereby given that the State Poll Tax of two dollars for the year 1913 is now due, and payable at the Assessor's office, room one, Court House, or to a Deputy Assessor.

Section 3839 of the Political Code reads as follows:

Every male inhabitant of the state over twenty-one and under sixty years of age, except paupers, insane persons and Indians, must annually pay a Poll Tax of two dollars, provided the same be paid between the

FIRST MONDAY IN MARCH AND THE FIRST MONDAY IN AUGUST,

then it shall be three dollars.

Section 3846 of the Political Code makes it the duty of the Assessor to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person.

Under Sections 429 and 435 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor and liable to a fine of $500 or imprisonment in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll tax must be paid on demand.

MAKE YOUR HOME in the

Mount Diablo Country

Live in the country and obtain the advantages of the beautiful environment, healthfulness, reduced cost of living and the opportunities for making money.

A little ranch set out to FRUITS or NUTS will in a few years make you independent for the rest of your days.

BERRIES and VEGETABLES Can be grown between the trees and will yield a good income. You will be surprised how little ground is necessary to support you and produce a good income. You can also raise chickens. The conditions are ideal and poultry pays especially well.

A little ranch in the Mount Diablo country offers surer and greater returns to the industrious man than any business, but if you wish to hold a position in the city, the fast electric trains make the

JUST REALIZE THIS

You can buy the most fertile land in the State within an hour's ride of a market of a million people for as little as $14.14 down and $14.14 a month. These payments will give you immediate possession of property to the value of $1000. Your requirements can be met, no matter how severe. Country home sites, town lots, ranches, large or small.

NOTE—In the above tabulation of the tides the daily tides are given in the order of their occurrence, commencing with the early morning tide in the left-hand column and the succeeding tides as they occur. On some days but three tides occur, the fourth occurring the following morning.

The column of heights gives the elevation of each tide above or below the level of Coast Survey chart soundings. The numbers are always additive to the chart depths unless preceded by a minus sign or dash (-), when the numbers are subtracted from the depts given on the chart.

ZINC SMELTERS STRIKE FOR INCREASED WAGES

PUEBLO, Colo., June 6.—One hundred and fifty men composing the 10 o'clock shift of the United States Zinc Company smelter, located at Blende, three miles east of this city, went on strike last night to inforce a demand for increased wages. About 500 employes of the company are concerned in the strike which is a result of the enactment of the new eight hour law for mine and smelter employes. The men demand increased time scale because of the shorter day.

WHAT HAVE YOU TO EXCHANGE

Big List of Fine Properties to be Advertised Sunday and All Week.

It's not always easy to sell your real estate for cash no matter how fine a piece of property you may own. It may be worth the price you ask and there may be plenty of people who would like to buy, but as a rule they are tied up the same way you are—lots of real estate, but shy on cash. That's why the trade or exchange is becoming so popular among realty owners. You swap the land you own and don't want for the land you want but haven't the cash to buy.

LATE NEWS FROM RICHMOND

ORDER PROBE OF COLLISION

Santa Fe Officials Will Be in Richmond to Learn All Details.

RICHMOND, June 6.—An investigation for the purpose of fixing the responsibility for the collision between a local street car and the Santa Fe limited train, the Angel, Wednesday afternoon, which resulted in the death of Brakeman John Low, will be held this evening at the local

tendent J. W. Walker and Terminal Superintendent J. Kinucan. Officials of the San Francisco-Oakland Terminal Railways have been invited to attend with such witnesses as they may have to aid in fixing the blame, if there is any.

Switchman Fred Day, who was standing near Lowe, on the rear platform and who saw the whole accident, will be one of the principal witnesses, owing to the fact that he is an experienced railroad man and could judge accurately the speed at which the train as traveling and the distance it was away when the street car started across the main line just before the trolley slipped from the wire, leaving it helpless in the center of the railroad track.

The remains of Lowe were shipped to Columbus, O., this afternoon for burial, accompanied by a brother and the widow. Coroner C. L. Abbott is arranging to hold an inquest the early part of next week to officially investigate the accident.

BOOSTERS START TO WASHINGTON

Richmond Delegation Departs on Mission in Behalf of Harbor.

RICHMOND, June 5.—The Richmond boosters delegation left this morning on the Santa Fe Limited for Washington, D. C., where they will appear before the Rivers and Harbors Board of Engineers at a hearing to be held on June 16 on the appropriation for Richmond's inner harbor. The delegation was headed by Mayor J. C. Owens, Major D. W. McLaughlin and Herbert S. Brown of the Richmond Industrial Commission. The travelers were given a royal send-off by the Richmond band and citizens.

A box of California grape juice which will be presented to Secretary of State W. J. Bryan on the arrival of the delegation at Washington was taken with them. It is encased in a handsomely polished box of eucalyptus wood bearing a label: California diplomatic cocktails."

The delegation will stop at Ogden, Salt Lake City, Denver, Omaha and Chicago. Throughout the journey Richmond plans will be spread by a bureau of publicity experts and it will be the aim to give Richmond the greatest "boost" she has ever received.

Just before the train pulled out, Miss Helen Cutting daughter of H. C. Cutting, a prominent land owner of this city, presented each member of the delegation with a buttonaire and the California Wine Association shipped almost a carload of California wines which will be distributed by the delegation along the route and also in Washington.

Those in the delegation were: Mayor J. C. Owens, Harbor Engineer P. A. Haviland, Colonel Thomas T. Rees, D. W. McLaughlin, H. S. Brown, John Boquet, J. R. Nystolm, John H. Nicholl, R. S. McGill, H. A. Stivers, Sheriff R. R. Veale, T. W. Smith and E. Emanuel.

WATER BOARD TO SEE SYSTEM

Richmond Commissioners Will Take Pointers From Palo Alto.

RICHMOND, June 5.—The board of commissioners for the Richmond Municipal Water District at its meeting last evening in the city hall, completed plans to visit Palo Alto next Sunday for the purpose of inspecting the municipal water system of that city to secure ideas and data for use in planning the construction of a municipal water supply for Richmond and adjacent territory. A letter was read from the city council and Chamber of Commerce of Palo Alto urging the board to make the trip, and stating that every possible step would be taken to give the visitors all information desired in case they should decide to make the trip.

Attorney D. J. Hall for the board reported that he expected a report shortly from the state railroad commission relative to the conditions it would exact of the district in the construction of the proposed system. Such construction will come under the jurisdiction of that body.

Letters were read from a number of tract owners, stating that they would like to confer with the board as suggested by it in a letter to them relative to a proposition for the city to take over the water mains they are installing in their tracts when the municipal system is commenced. Such a conference probably will be aranged at an early date.

ACCUSED INTERPRETER TO PLEAD ON MONDAY

SAN FRANCISCO, June 6.—Nick Vallianos, the official Greek interpreter who is accused of accepting a bribe of $140 for his offices in connection with a misdemeanor charge in Police Judge Shortall's court, appeared before Superior Judge Lawlor today. He was arraigned on the accusation against him and the case was [illegible] Monday to plead.

Vallianos appears to have grown ten years older since he was first arrested on the charge and seemed much disturbed during the short session in court today.

CONDEMN SPEECH OF DR. SHIELDS

Ministerial Union Objects to Remarks Made to Students.

RICHMOND, June 6. — Resolutions strenuously protesting against the remarks made by Dr. J. Wilson Shields of San Francisco in his address before the graduates of the Richmond High school last Saturday evening at the commencement exercises were adopted at a meeting of the Richmond Ministerial Union

The resolutions, which were published here today, have caused a sensation in that they "also hold upu to condemnation of the people, the person or authority who is responsible for inviting such a person to deliver the principal address of the commencement," which is taken to mean Superintendent of Schools W. T. Helms and Trustee L. D. Dimm, at whose suggestion Helms secured Dr. Shields.

During the course of his address to the students Shields stated that in his opinion every man and woman should believe in God and that a well ordered career was made certain by placing faith in a supreme being. He also said that in his experience as a physician and a man of the world he had never seen a person meet a crisis as did those who had faith in a hereafter.

He qualified this statement by saying that he did not necessarily mean that the church attendant was more religious than a man who practiced the Golden Rule without being a church member.

Following his address, E. H. Harlow, chairman of the evening, took exception to Shield's statements, expressing the opinion that to be a religious man or woman a person must attend some church. Following the exercises Harlow and Shields met in the hallway and had a discussion, the doctor claiming that Harlow had misinterpreted his meaning. It was thought that the matter had been dropped when it was suddenly resurrected at the meeting of the ministers yesterday.

CONDEMN DR. SHIELDS.

The resolutions follow:

"Whereas, that at the commencement exercises of the Richmond Union High school, at the Lincoln school, Dr. Wilson B. Shields delivered the address, and instead of using the opportunity to teach high ideals of life to our young people he was disgracefully undignified in his attitude by sprawling or sitting upon the table, and scornful of things spiritual and religious in character.

"Therefore, be it resolved that we as ministers of the gospel, desire to protest against and condemn the pernicious and irreverent ideas set forth, and also hold up to the condemnation of the people, the person or authority, whoever it was, who is responsible for inviting such a man to deliver the principal address of the commencement, and we further desire to express our appreciation of Mr. Harlow, the chairman, for having done all in his power to undo what was done by Dr. Shields.

RAT CAMPAIGN ON AT RICHMOND

Poisoner Will Be Set to Work by the City Health Commissioner.

RICHMOND, June 6.—Health Commissioner Blake is about to inaugurate a campaign to get rid of the fast multiplying rats in this city. At the end of the last campaign the rat population was considerably lessened. At that time a dozen rat catchers were employed by the city and performed their duties under teh direction of federal officials. It is the intention of the health commissioner to put to work an experienced rat poisoner, who will cove rthe city by districts.

NEWSPAPER WILL AID IN LICENSE CAMPAIGN

VISALIA, June 6.—Further impetus was given to the campaign for again licensing saloons in Visalia by purchase of a complete newspaper plant for the Tulare County Press Publishing company, recently incorporated. The "Press" will make its initial appearance September 15 and will be published daily, including Sunday. E. W. Snedeker, formerly a publisher of Woodlake, will be the editor. The promoters say it is to oppose the present policy of no saloons.

OUTSTARVES WOLVES AND BUYS MEAL WITH BOUNTY

LA CROSSE, Wis., June 6.—Outstarving a band of eleven wolves by lying in constant vigil outside the entrance to their den for four days and four nights, Owen Hughes of Angelo township, finally had his vigilance rewarded when the wolves, driven by hunger, made a dash from their refuge and were killed one by one as they emergey. Hughes came to town yesterday, collected a bounty of $100 and treated himself to his first meal in more than half a week.
